

# Ike, Kennedy Meet 3 Hours on Problems Rocky Summons 2 Sides for Harbor Talks

## Picketing Of Pennsy Underway Action May End All N. Y. Service

ALBANY, N. Y. (AP) — Gov. Rockefeller plunged personally today into efforts to end a strike that has cut off rail service to 100,000 New York City commuters.

The governor called representatives of both sides of the dispute to a meeting in his New York City office today.

The governor announced his plans at a news conference at the Capitol before flying to New York for the meeting.

**One of Most Serious**

He said the labor dispute was "one of the most serious strike situations in the city in a long time."

The governor said Robert O. Boyd of the National Mediation Board, who has been trying to settle the strike, also had been invited to the meeting.

In addition to causing commuter problems, the governor said, the strike could hamper the flow of food into New York City.

"We've got to get this situation straightened out," Rockefeller said.

He said his intervention was entirely unofficial and that the state government had no legal weapons to use in the situation.

## New Haven RR Also Closes Down

NEW YORK (AP) — Striking harbor craft crewmen threw pickets at giant Pennsylvania Station today in a fast-spreading action which could knock out virtually all New York rail service. Such a tieup would quickly pose staggering travel woes for more than 200,000 commuters.

Half this number already were scrambling for other transportation through a shutdown of the New York Central and New Haven railroads operations at Grand Central Terminal.

## Some Stay at Hotels

The two railroads also shut off all long-distance passenger and freight operations into New York.

Bus and highway jams grew—along with tempers—as commuters from suburban Westchester County and Connecticut north of the city struggled to get to work by makeshift travel arrangements. Some gave up and took hotel rooms in Manhattan for the duration.

Paradoxically, it was a group of only 664 men that created such turmoil for so many. In addition, they are not trainmen. They are ferry and tugboat crewmen on vessels operated by 11 railroads.

Other railroad workers, who operate trains, refused to cross the sailors' picket lines.

Two major railroads use Pennsylvania Station, the Pennsylvania itself and the Long Island. The Long Island operates the biggest commuter service in the world.

## Some Optimism

Despite pickets at the station, the two railroads reported they were continuing operations normally this morning. But it was anybody's guess as to whether they could continue. The Long Island during the night started court action in an effort to halt the picketing.

Federal mediators reported that

**FLAMES LEAP FROM WINDOWS**—It was a stubborn blaze that firemen had to contend with Wednesday afternoon at Utility Platers Inc. on St. James Street, but they conquered it before it burned off the roof. Starting in wax

## Two Firemen Are Injured

A flash-type fire, originating in wax, flared through the second floor of the Utility Platers, Inc., 36 St. James Street, Wednesday afternoon, routing some 40 employees, resulting in injury to two firemen and causing damage estimated unofficially to total several thousand dollars.

Two alarms mobilized most of the city's fire-fighting equipment and eight hose lines were used.

Fireman Frank Osterhout, of 62 East Chester Street, stationed at Central Station, is under treatment at the Benedictine Hospital for a dislocated left shoulder. His condition today was reported as "fairly good."

Fireman Fred H. Blankschen, of 2 Walnut Street, also of Central Station, suffered a slight injury of the right knee and was given first aid treatment at the fire station.

## \$130,000 of Bank Theft Cash Went For Stock Buying

SHELDON, Iowa (AP)—Part of the assets held by Burnice Iversen Geiger, 58, who had admitted a \$2-million bank embezzlement here, went into the purchase of 130,000 shares of Northern Biochemical Corp. of Sheldon, officials of that company said today.

This fledgling industry, organized about a year ago to deal in the manufacture and sale of special animal feeds, started with \$8,000 but is now capitalized at \$50,000.

Mrs. Geiger, assistant cashier of the Sheldon National Bank until it collapsed Tuesday, had held a controlling interest in the chemical firm.

## Turns Up in Probe

The extent of her holdings in the company was the first concrete figure turned up during an investigation of what she did with the \$2,126,859 defalcation that resulted in the closing of the bank. Held in jail at Sioux City, the town's prominent citizen and philanthropist, has remained silent.

Although substantial, the investigation in the chemical firm stock,

on the second floor it did a lot of damage to that portion of the building. Stock on the ground floor was salvaged, the Fire Department reported, (Freeman photo).

## Fire Starting in Wax Flares Through Plant

Application blanks to be filled out for the Feb. 18 civil service test to be given candidates for appointment to the local fire department are available through Jan. 24, it was announced today.

That date is the deadline for filing. The blanks may be obtained from the dispatchers' office, Central Fire Station.

The February examination is to be given for preparation of an eligibility list from which appointments to the department are made. Several application blanks have been issued since first announcement of the examination. Others may be obtained up to 4 p. m. on the deadline date, but they must also be filed on that date.

## Merchants Desire Cornell Building Inspected for Use

Downtown merchants after discussion Wednesday night of proposed use of the former Cornell Building, Ferry Street, to house the county welfare department, decided to urge the Board of Supervisors "to inspect their own building" and suggest that other citizens of the county do likewise.

It was noted that only 13 of the county's 33 supervisors, have seen the building, purchase of which was authorized at a \$25,000 cost, but the supervisors' vote, to date, has been insufficient to move the welfare department in it.

**Represented by Others**

Both Supervisor Jesse McHugh, of the Town of Wawarsing, majority leader of the board, and John Gaffney, Town

## Woman Not Trapped

Firemen who first arrived were told that a woman might have been trapped inside, but she was later found among the others who had left the building.

The blaze started, the report said, when a container of wax being heated by a gas-fired blow torch ignited in a second-story area adjacent to the office. Flames about 15 feet high flared from the front of the building as firemen arrived.

Capt. Murphy, who was with the first firemen to arrive,

## City Water Study Will Cover Past April Report Due About New Supply

Growth of Kingston's water supply system in the past 35 years will be a factor in a study to determine future needs on which consulting engineers are due to give a report in the spring, Edmund T. Cloonan, water department superintendent, said today.

Most of some 20 major projects completed between 1926 and 1958 were based on the same type of survey made in 1925. They were completed at a total cost of \$1,848,419.23, many of them having been achieved when labor, materials and other costs were much lower than those of today.

Supplemental reports were made in 1937 and 1952.

New source of supply to be tapped, if needed, are a major consideration in the study which has been under way through most of 1960 and continues until sufficient data is compiled for the report to the local water board which is expected to be made in April.

## Drouths Are Threat

Drouth has been a threat to the supply source several times since the improvement program began in 1926, and none was more serious than that in 1957 when timely fall rains precluded the need for purchase of water which was to have been piped from New York City's Ashokan Reservoir.

Cooper Lake, the city's main reservoir, however, has been about up to its brim since October, 1959 and full metering of all service is considered among main factors in keeping the supply high.

Improved headworks, reservoir, conduit, filtering, pressure, general distribution and other facilities resulted of the 1925 survey made by the city's consulting engineer firm, which was then Sanborn & Bogert. It is now Clinton Bogert Engineers, 145 East 32nd Street, New York.

## Report to List Details

Among phases of the new report will be an analysis of present facilities, a study dealing with requirements, improvements, supply sources, conduits, treatment, distribution, finances, storage, a review of the earlier study and its accomplishments.

The report is due to list details pertinent to the tapping of such supply sources as the Upper Sawkill Creek, possible use of water from the Hudson or the Ashokan, and the drilling of wells.

## Recent Improvements

Among more recent improvements to the system resulting from an early survey and listed as one major phase of the program in 1954 were the building of the Pearl Street tank and pumping station, extension of service to the IBM plant, replacement of about 6,000 feet of 18-inch conduit with 20-inch concrete pipe, installation of the Mary's Avenue line, mainly to serve the Benedictine Hospital, and a new building at the Binnewater (equalizing) Reservoir site in the Sawkill area.

The total cost of this phase of im-

## Deming, Three on Ontario Board Reported Resigned

Reports that District Principal William H. Deming and three members of the Ontario Board of Education have resigned or are contemplating resignations were partially confirmed by The Freeman today.

The reason for Deming's reported resignation could not be determined.

It has been established that trustee John Haggerty has resigned. Trustee John Aalto confirmed reports he will resign in May and the resignation of trustee Edward G. West of Allaben is anticipated.

## No Official Action: Gordon

Board president, Philip Gordon of Phoenicia, declined comment beyond a brief statement in which he said:

"The Board has taken no official action pertaining to these rumors. If any board member divulged information about the executive meeting, it was a breach of ethics."

The rumors emanated from an

executive meeting held by the Ontario board following Monday night's regular monthly session. The board failed to transact any official business after the executive meeting, it was learned.

## Have No Comment

According to the unconfirmed report, Principal Deming offered his resignation to the board in the executive session. Other board members contacted by The Freeman refused comment on the executive session in line with parliamentary procedure and ethics.

Trustee Haggerty resigned several days ago. The Freeman learned, but the resignation was not in proper legal form and has been re-submitted. It will be acted upon at the Jan. 24 special meeting or next regular meeting of the board. Haggerty gave "ill health" as the reason for his resignation.

## Aalto Plans to Move

Trustee John Aalto this morning confirmed the report he planned to resign, but took strong objections to rumors that he was resigning in protest.

(Continued on Page 10, Col. 2)

## Aides Also Take Part In Talks

## Foreign Affairs Are Chief Topics

WASHINGTON (AP) — President Eisenhower and President-elect John F. Kennedy canvassed the nation's major problems in a White House conference today lasting more than three hours.

When he came out of the conference, Kennedy told reporters that he and three of his top appointees had had "the opportunity to get the thinking of the President and the responsible officers of the government on some of the major problems facing the United States."

## Discuss Wide Areas

Kennedy, bronzed and smiling, was asked how he feels with his inauguration as president scheduled Friday.

"Very good," he replied.

A reporter asked if he was excited.

"Interested," Kennedy replied with a broad grin.

A joint statement issued by the press secretaries of the outgoing and incoming presidents said that world areas discussed at the conference included the Far East, Africa, Western Europe and the Caribbean.

Eisenhower and Kennedy met alone first in the President's office. Then they met in the Cabinet Room with the incoming and outgoing secretaries of state, Treasury and defense for continuation of their discussions.

## Briefed on Security

The statement said that during their discussions, the president-elect and the incoming Cabinet members "were brought up to date on a number of matters affecting the security of the United States."

It was the second time Eisenhower and Kennedy had met for pre-inaugural discussion. They conferred for nearly three hours Dec. 6. Today's meeting lasted about three hours and 15 minutes.

Kennedy told newsmen the two conferences will make the transition from a Republican to a Democratic administration easier.

Kennedy was reminded that Eisenhower had said Wednesday that the transition was going smoothly. Kennedy agreed.

## Discuss Gold Situation

Among the problems touched upon today, Kennedy said, was the outflow of gold. He said this was touched on briefly.

Kennedy said, in reply to a question, that the talks were virtually restricted to foreign affairs as distinguished from domestic problems.

He said that Eisenhower and his associates had offered to continue to help in any way they could after leaving office, if the new administration had any questions they could answer.

He indicated, in reply to a question, that there had been no discussion of any specific mission Eisenhower might undertake for him after returning to private life.

On the ride from his Georgetown home to the White House, Kennedy moved without a police escort. Few of those on the streets were aware he was passing by.

## No Ceremonial Welcome

In contrast to the first Eisenhower-Kennedy conference Dec. 6, there was no ceremonial welcome. On the earlier occasion Eisenhower greeted Kennedy on

(Continued on Page 10, Col. 5)

## Had Fighting Heart, No Money

## Dr. Dooley Battles To Death for Mankind

By RAY KOHN

NEW YORK (AP) — Thomas Dooley, lion-hearted young doctor who battled disease in the Laos jungle even when he himself became ravaged by crippling cancer, died in his sleep Wednesday night at Memorial Hospital.

Death came just one day after his 34th birthday.

Dooley, brought to the hospital Dec. 27 wearing a brace from shoulder to hips, insisted he was going to continue his work if his "iron maiden" enabled him to get around — and characteristically added:

"I am not going to quit. I will continue to guide and lead my hospital until my back, my brain, my blood and my bones collapse."

Dooley's dedication to relieving the plight of the underprivileged and ailing began seven years ago while he was a Navy doctor.

## Served as Corpsman

He spent a year of premedical training at the University of Notre Dame before serving (1944-46) as a Navy medical corpsman attached to the Marines.

Upon leaving service, he studied at the Sorbonne in Paris for a year. A native of St. Louis, in 1953 he was graduated from the St. Louis University School of Medicine.

Dooley rejoined the Navy as a lieutenant (j.g.) and took his internship first at the Naval Hospital, Camp Pendleton, Calif., and then aboard the attack transport USS Montague.

## Moved by Plight of Refugees

In 1954, at the end of the war in Indochina, his ship aided in evacuation of refugees from Communist North Viet Nam.

Seeing—and feeling—the plight of the hundreds of disease-ravaged inhabitants of the area made up Dooley's mind.

He had no money. But he had

## 250 IBM Employees Get \$275,000 for Their Inventions

NEW YORK — International Business Machines Corporation announced this morning that it will present \$275,000 in awards to 250 employees throughout the country, inaugurating a new program to encourage inventions.

At the IBM Command Control Center in Kingston, six IBMers have qualified for awards. They are: Carroll A. Andrews, currently attending Syracuse University; William N. Carroll of Rhinebeck; Richard G. Counihan of Kingston; James W. Crowe of Rhinebeck; James D. Hodge of Kingston, and John W. Skerritt of Kingston.

## Gives Special Recognition

Explaining the new invention award plan, Dr. E. R. Piere, vice president, research and engineering, said its purpose is "to give special recognition to individual IBM inventors who contribute significantly to the company's technical position as well as to IBM's efforts to advance the scientific and technical community."

## All Employees of IBM and its Domestic Subsidiaries are Eligible

(Continued on Page 18, Col. 2)

## Cuba Seizes Six Americans, Accused Of Pro-Rebel Plot; New Decrees Set

HAVANA (AP)—Fidel Castro's government announced today it is holding six Americans accused of sailing to Cuba Jan. 7 to join counter-revolutionary forces here.

The announcement said all six were seized in Havana the day after they made a pact in Florida with a Castro foe, former Sen. Rolando Masferrer, to join other dissidents trying to overthrow Castro's regime.

Several Americans were executed by Castro firing squads last year after they were captured with "invasion" groups in Cuba.

## The announcement identified the six as George R. Beck, 24, Norton, Mass.; Tommy L. Baker, 28, Dothan, Ala.; Donald Joe Green, 28, Clover, S.C.; James E. Beane, 34, Cedar Falls, N.C.; Alfred Eugene Gibson, Durham, N.C.; and Leonard Louis Schmidt 21, Chicago.

The account said the six sailed from Marathon Key, Fla., with a refueling stop at Key West Jan. 6

after undergoing training at Masferrer's anti-Castro training camp in Florida.

Castro's Cabinet needed the United States with a series of new decrees.

## In a session lasting until after midnight, the cabinet:

1. Ordered all Cubans and foreigners employed on the U.S. Naval Base at Guantanamo and living outside the base to get special work permits from the Cuban government.

2. Ordered all other persons entering the base—meaning Cubans trading with it—to get special permits.

## 3. Ordered drastic changes in the Spanish-American War Monument in Havana.

4. Ordered dissolution of the Cuban-American Cultural Institute, charging it has been converted into a propaganda outlet for the State Department.

Nearly 4,000 Cuban nationals work at the base.

The new law indicated that one

aim of the regime was to get its hands on all dollars paid by the base to Cubans. It said that applications for permits to work on the base must be accompanied by a declaration of income.

## The eagle atop the Spanish-American War Monument was ordered replaced by a dove of peace, the decree saying that the eagle was a "tragic symbol of aggression, vassalage and exploitation."

Military firing squads executed three members of the Cuban Electrical Union Wednesday as Castro pressed his purge of opponents in the ranks of labor.

The three men shot in the dry grassy moat of ancient La Cabana fortress were accused of sabotaging electrical equipment last November, when the capital was partially blacked out by bomb blasts.

The three electrical workers raised the unofficial total of executions to 584 since Castro took over power on New Year's Day of 1959.

**DOWNTOWN MERCHANTS INSTALL OFFICERS**—Rondout Area Business Men's Association installed its newly elected officers at a meeting Wednesday night in Rooke's Tavern, East Strand. The downtown merchants attending heard conflicting reports from members of Ulster County Board of Supervisors on the

proposed use of the Cornell Building on Ferry Street for some county offices. Outgoing President Benjamin Magalind, (second from left) congratulates Manuel Lipton, newly elected president. Others installed are Marvin Millens, (left) secretary, and James E. Norton, treasurer. (Freeman photo).

## Job Opportunity Survey Here Explained to Rotary

The Board of Education of the Kingston City Schools (Consolidated) with the assistance of the Kingston Area Chamber of Commerce and local service clubs have begun a job opportunity survey of the community. James E. Tobin, guidance director, and William A. Scatidi, faculty member of Kingston High School, outlined the survey before the Kingston Rotary Club at its luncheon-meeting Wednesday.

In an endeavor to enlist the cooperation of local employers in this project, the speakers said the three-fold purpose was to benefit our young people who are about to enter the labor market; to benefit the school system; to benefit local business and industry.

In his presentation, Tobin said that the first of the huge number of post-war children who have filled our schools to capacity in recent years will be

out looking for jobs. A total of 25 million new young workers will be launching their work careers in the 1960's—more than any 10-year period in our history and seven million more than during the 1950's. The number of young workers entering the labor force each year will rise from two million in the 1960's to three million by the end of the decade. By 1970, chiefly because of these young workers, the number of people in our work force will be 87 million—20 per cent more than now.

The number of jobs generated by our expanding economy will also rise sharply. However, the kinds of jobs industry will need workers for are changing rapidly. The demand for well trained manpower will be high, but the skills needed will not automatically be available from the larger work force.

How will our workers fare in

(Continued on Page 10, Col. 4)

Sharp Contrast to First One in 1953

# Last News Parley Proves to Be Sentimental Journey for Ike

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—It was a sentimental journey and a different kind of President.

On Feb. 17, 1953, when President Eisenhower held his first news conference after taking office, reporters jammed into the high-ceilinged room in the old State Department building near the White House.

Unsure, Tense Then  
He was 62 then and he seemed unsure of himself and tense.

Wednesday, eight years and 192 news conferences later, reporters jammed into the same room to see and talk with the same man, now for the last time as President.

He was 70 now and very sure of himself. And he was at ease.

The reporters didn't really go looking for news. They didn't expect much and, as it turned out, there wasn't. Eisenhower had only three days left in office and there was no reason to think he'd light a firecracker.

They went for various reasons, besides asking questions and jotting down answers. For instance, they were curious, remembering how he had looked in his first meeting with reporters as President, to see how he looked in the finale.

But there was also a sentimental reason for jam-packing Wednesday's news conference. Somehow by this big turnout the reporters wanted to wish him a hearty goodbye.

Never Said Goodbye  
In the end they never said the word goodbye at all.

They just stood up in respect and applauded as he walked out quickly, his hands high in that familiar gesture of good will he always used when standing in the back of an open car to greet crowds in New York, London, Paris, New Delhi.

But time and the presidency had wrought changes in Eisenhower. At that first news conference Eisenhower, fresh out of a lifetime in the Army and still a greenhorn in the intricacies of government, faltered as he tried to answer the questions flung at him.

Painful Conference  
It was painful, so painful this writer, sitting in the back row, gripped his hands together, wishing Eisenhower could do better or that the collective wish of the newsmen would help him to. He

FINAL EDITION — President Eisenhower acknowledges ovation from newsmen as he arrives for his farewell press conference Jan. 18, during which he recommended a major revamping of the presidential election timetable so that a new president would take command at least 80 days before a new Congress convenes. Behind the Chief Executive is Press Secretary James Hagerty. (NEA Telephoto)

was indeed ill at ease. You wouldn't guess it, of course, if you went back now and read the transcript of that first news conference put out by the White House at the time.

It has no direct quotes. It said Eisenhower said this or Eisenhower said that. All the uncertainties had been eliminated by avoiding the direct quotes.

Wednesday Eisenhower, after eight years of government, was cheery, sure of himself, untense and fluent. His sentences still got jumbled a bit but no more than any man's might in any conversation.

Leaves Well-Liked  
Perhaps most remarkable of all was this: Wednesday Eisenhower, who had a heart attack in 1955, a stomach operation in 1956 and a minor stroke in 1957, was not only pink-cheeked but appeared in every way to be in excellent health.

One thing was sure: He was in good spirit, as a man might be expected to be just a few days before laying down the burdens of the presidency and knowing he was as well-liked at the end as he was at the beginning.

## Bills Introduced In Legislature At State Capitol

ALBANY, N.Y. (AP)—A State Education Department plan to set up a regional research-library system, at an eventual cost of \$2.85 million a year, was introduced in the Legislature today.

The bill, introduced by Assemblyman Alonzo L. Waters, R-Schuyler, carries an initial appropriation of \$800,000.

The State Board of Regents would appoint a nine-member board to establish and administer the system.

The regional programs would involve college, university, public, industrial and other libraries within an area.

The bill provides specifically, however, that none of the private facilities would be taken over by the state.

Among other bills submitted: A state requirement that four-

year colleges maintain a minimum of \$500,000 in resources to be able to confer degrees would be doubled, to \$1 million (Assemblyman Verner M. Ingram, R-Potsdam).

State residents could not be barred from a municipal beach, park or recreation area. Some political subdivisions permit only their residents to use such facilities (Sen. Harry Kraf, D-Bronx).

## Painting the Horsey Set

OLDWICK, N. J. (AP)—Horses are much easier to paint than society women, according to Artist Richard Stone Reeves.

Reeves has done both, and horses always are "far less trouble" than his human subjects, he said. Reeves is one of America's top equine artists and has painted many famous horses both here and abroad, including Assault, Native Dancer, Citation and Styrmie. Even horses can be difficult, Reeves said, but Styrmie was not. "He always acted as if he knew exactly what I was doing—he was the most attentive and mose regal subject I ever had," Reeves said.

## Victory Is Seen For Measure on Depressed Help

WASHINGTON (AP)—Sen. Wallace F. Bennett, R-Utah, said today the \$389.5 million depressed areas bill probably will get through Congress despite some opposition from Republicans and Southern Democrats.

Sen. Joseph S. Clark, D-Pa., a sponsor of the bill, said "I think we are nearing victory after a long, long hard road."

A banking subcommittee opened hearings on the legislation Wednesday. Bennett charged that the sessions were called with undue haste, that he had no time to prepare for questioning witnesses, and that an effort had been made to block opposition testimony.

However, Sen. Paul H. Douglas, D-Ill., subcommittee chairman and author of the bill, promised the Republicans that any group wishing to oppose the measure would be heard.

Douglas told a reporter he hoped the hearings could be completed next week.

Douglas said it was becoming increasingly vital to solve the problem of getting new jobs in re-

PRESS GAL — Bearing a resemblance to her boss, Miss Pamela Tunure has been appointed press secretary for Mrs. Jacqueline Kennedy. She's a New Yorker.

gions which have suffered heavy unemployment for years. President-elect John F. Kennedy has given the legislation a high priority in his 1961 program.

AFL-CIO Vice President Walter Reuther and several Democratic governors were among the scheduled witnesses today.

## National Goals Bi-Partisan Aid Displayed in Ad

For the first time in American history photographs of an incoming and outgoing president appear together in an advertisement, elsewhere in this newspaper.

The side-by-side photographs of President Dwight D. Eisenhower and President-elect John F. Kennedy signify their bi-partisan support of the effort, represented by the advertisement, to stimulate public awareness of and support for the program for Americans presented in the report of the President's Commission on National Goals.

The advertisement provides a summary of the goals presented in the report as those America must strive for during this critical period in world history when we are challenged by the Communist drive for domination, the aspirations of impoverished millions in the underdeveloped nations, and by the urgent problems of our own free society. Emphasis is on the contribution every individual American can make

toward reaching our national goals. Prepared by The Advertising Council as a public service, the advertisement has been offered to newspapers throughout the United States. Publication in this paper is part of its contribution toward attainment of the goals set forth. An earlier advertisement prepared by The Advertising Council, on the same theme, and published in national magazines, has already resulted in a heavy demand for full copies of the report, entitled "Goals for Americans," which is now in its second printing.

"WE TEACH YOUR DOLLARS TO HAVE MORE CENTS"

WE RESERVE THE RIGHT TO LIMIT

"SALADA" is the trade-mark of Salada-Salvini-Horsey Inc., and is registered in the U. S. Patent Office and in Canada.

# Don't expect our tea to darken fast

It takes more than a couple of dunks in your cup to get color out of Salada. And if you know tea, you know that's a good sign. It shows what *our* tea bags are made of: tea *leaves*, not tea *dust*. Sure, tea dust gives you hurry-up color (water works fast on those powdered tea particles). But tea dust just can't give you the great *taste* of tea (when tea leaves get broken down so fine, a lot of flavor gets rubbed away, too). It is the *choice* tea leaves that give Salada its taste. Not harsh. Not brash. But smooth. Civilized. And above all, *subtle*. We wouldn't trade that for fast color. Why should you?

(You get the same rare subtle tea taste in Salada Instant Tea. 100% tea, 100% Salada.)

## Woodstock Area News

LISA TIANO, Correspondent

Malcolm Wilson Is Speaker  
For Man of the Year DinnerBanquet Is Advanced  
To New Date, Feb. 4

Lt. Gov. Malcolm Wilson of New York will be the principal speaker at the Woodstock Square Club's Man of the Year dinner honoring Assemblyman Kenneth L. Wilson on Saturday, Feb. 4, at Deane's Restaurant.

The date of the dinner was changed from Jan. 28 to Feb. 4 in order to conform to the lieutenant governor's heavy speaking schedule. He readily accepted the invitation to address the dinner honoring his long time Assembly associate, but was unable to make the original date set by the Square Club, Frank Benson announced.

The dinner which honors Assemblyman Wilson as the Square Club's choice for Woodstock's Man of the Year in 1960 is open to the public. Wilson is the sixth Woodstock person to be cited for this honor. The others were: the Rev. Harvey I. Todd, Alice Wardell, J. C. van Rijn, John Pike and Frank A. Benson.

Well known to Ulster County audiences, Lt. Gov. Wilson was elected to the state's second highest post in the Rockefeller landslide of 1958. He is known as one of the most persuasive and eloquent debaters in public life.

**Non-Political Speech**  
Wilson's speech will be non-

LT. GOV. WILSON

political in keeping with the Woodstock Square Club's policy governing the dinner.

One of the brilliant young men on the American political scene, Wilson is also widely known as one of the most prominent Catholic laymen in the country. At the comparatively tender age of 46, he is a veteran of 22 years in the New York State legislature, 20 of them in the State Assembly. His first race for public office was in 1938 when, at

age 24, he defeated an incumbent Democrat for a Westchester County Assembly seat and was elected to 10 consecutive terms before being elected lieutenant governor.

Among the organizations to which he belongs are: the Knights of Columbus, Ancient Order of Hibernians, St. Denis Holy Name Society and the Irish-American United Society. He is vice president of Yonkers General Hospital; Director of Family Service Society in Yonkers and a director of the National Republican Club.

## Fordham Graduate

A graduate of Fordham Law School, Lt. Gov. Wilson is a veteran of World War II duty with the Navy. After volunteering for

service, he was commissioned as a Naval officer in 1943 and given command of a gun crew aboard an ammunition ship in the Mediterranean and European theaters of operation. His service included the Normandy invasion of June, 1944. He was released to inactive duty in 1945 as a Lieutenant, J.G.

Among the many citations Wilson has received is the John Peter Zenger Award for 1957 "in recognition of his service to the cause of Freedom of the Press and the People's Right to Know," awarded by the New York Society of Newspaper Editors.

The two Wilsons have been firm friends since Assemblyman Wilson joined the lieutenant governor in the state Assembly.

Memorandum on Discipline  
Given Strong P-TA Backing

A question of the legal interpretation, the necessity or desirability of the use of corporal punishment in disciplining school children was at the core of a lively Onondaga P-TA debate Tuesday night.

The parent-teacher organization rejected by a 68-4 vote a motion by Abraham Kramer of Woodstock which would bar the use of physical force in any degree or manner on Onondaga Central District pupils.

Kramer's resolution touched off a spirited discussion that developed wide ramifications. Although his motion was badly beaten, Kramer was firm in his stand that corporal punishment was unnecessary.

Nearly all of the 100 persons present, however, supported the Board of Education policy which was ably defended by Ronald P. Vanni, director of elementary education at OCS, and Paul T.

Runge, assistant district principal.

In opening discussion on Kramer's resolution, P-TA president Ginger Anderson detailed the steps taken by the OCS board to put in writing a definite policy on discipline. She said a P-TA committee had met with school board representatives and school administrators and presented its view through Trustee Ann Larys, District Superintendent.

Reginald R. Bennett, District Principal William H. Deming and Vanni had a part in formulating the policy, Mrs. Bernice St. Pierre, chairman of the P-TA committee told the group. She said the committee had done extensive research on discipline and had also consulted State University College experts at New Paltz.

After preliminary discussion, Mrs. Anderson delegated G. Alfred Nussbaumer of West Hiley to read the official Board of Education policy. Mrs. Anderson said that only 10 of 34 area schools have formulated disciplinary policy in writing but all have been urged to do so.

Kramer said he was curious about research on the question of corporal punishment since, he stated, the term never appears in statute. He said the board must differentiate between deliberate and emergency situations. The board policy urging that discipline be given in the presence of another school person pre-supposed deliberation, Kramer said. He insisted the term was "vague and undefined" and there is no reference to it in the law. He charged that the board was seeking to escape legal entanglement.

Elementary principal Vanni dissented strongly from Kramer's position and supported Mrs. Anderson's view that there was nothing new about the disciplinary policy except that it finally had been put in writing. He reaffirmed the board's right to administer corporal punishment but insisted that it was used only after every other possible method had been exhausted trying to correct an unruly student. He took strong objection to implications that it was a regular practice and appealed to the P-TA members to have faith in the good sense and fair play of the teachers and administrators.

Concurring with Vanni's position, assistant principal Paul T. Runge said he was surprised at Kramer's concern. He said the same policy had been in effect for many years and had not been abused.

## The Kramer Resolution

When a stalemate seemed imminent, Mrs. John Lurie moved that the discussion be resumed at a special meeting at a later date. Mrs. Betty Lane second the motion which was defeated by a 47-24 vote. Mrs. Anderson then received approval of the group to limit debate. The vote on the Kramer resolution which had been seconded by Mrs. Bertha Krickler, followed.

The Kramer resolution follows: "The Onondaga Parent-Teacher Association by resolution adopted Jan. 17, 1961, declares itself to be completely and resolutely opposed to the principal of deliberate corporal of school children by teachers or other school officials.

"We maintain no teacher or other school official should have that right or bear that responsibility.

"We point out, however, that we fully recognize the lawful right of any teacher or school official to restrain or correct a student by force, when it is necessary as an emergency measure, in the event the student, by extreme disorderliness or violent action, threatens bodily harm to other persons, or destruction of school property, or extreme disruption of the educational process. We believe the present state law fully covers and legally protects teachers and school officials in such a situation.

"But we contend, on the other hand, that nowhere and in no wise, does the present state law give any school official the legal right to sanction the application of physical violence in any degree upon a school child as deliberate punishment procedure. This is a distinction we insist must be sharply made.

"Furthermore, aside from legality, we do not accept the thesis that corporal punishment is wise or effective as a school disciplinary measure. We feel it has no place in modern education."

## 'The Word of Jesus'

## Sunday Sermon Topic

"The Word of Jesus" is the sermon topic of the Rev. James W. Cook for Sunday, Jan. 22, in the Overlook Methodist Parish. The text for the sermon is from Luke 4:31-44. Our services are for everyone and we hope you and your family will join us this Sunday. Sunday School begins at 9:45 a. m. Mrs. Harley Shultz, Sunday School superintendent. There are classes for all ages, from three years through adults. The service worship begins at 11 a. m. and there is a survey pro-

vided for small children during the worship hour.

## Calendar for the Week

Membership Class for adults will be held tonight at 7:30 p. m. Anyone who is interested is invited. The subject for this week is: "The Bible."

Missions Commission meets Friday at 8 p. m. at the home of Mr. and Mrs. Elbert Varney.

## W.S.C.S. Program

The Woman's Society of Christian Service program will be held in the church hall on Monday, Jan. 23, at 7 p. m. There will be a discussion by Mrs. Claude Potter on Methodist Deaconess work, a recording will be heard and pictures will be shown. A pot luck supper begins at 7 p. m. Each woman is requested to bring her own place setting and a covered dish. Coffee, tea and rolls will be furnished. Each church woman is cordially invited.

Board of Trustees election and signing of church corporation papers will be held on Tuesday, Jan. 24, at 7 p. m. The Official Board meets at 8 p. m. Every board member is requested to be present to discuss future building plans for the Sunday School and church.

## University Women

## Set Jan. 25 Meeting

The Woodstock Group of the American Association of University Women will meet at the home of Mrs. John Erickson, Woodstock Park, on Wednesday, Jan. 25.

The discussion of Spanish-American literature will continue. The members are collecting material on South American students studying in the United States and will report on their findings. All those interested are cordially invited to attend.

## Firemen's Dance

The Zena fire company will sponsor a square dance at the Zena firehouse on Saturday, Jan. 28, starting at 9 p. m. The public is invited.

## Postal Dinner

## Set for Sunday

Postal authorities on the state and local level will attend the annual dinner and installation of officers of the Ulster County Postmasters Association, Sunday at 2 p. m. at Deane's in Woodstock.

Among the honored guests will be Inspector-in-charge of New York State, Henry M. Montague of Long Island; U. S. Inspector Robert H. Daley of the Kingston office; Edwin Doulin,

field service officer, and John L. Cass of Palenville, president of the New York State Chapter of the National Association of Postmasters.

Sam Bertuzzi of Oneonta, a past president of the state association, might also attend. Post office representatives are expected from Greene, Dutchess and Columbia Counties.

The officers to be installed are: Mrs. Elizabeth Jones, Hurler, president; Gus J. Cutrone, Marlboro, vice president; Mrs. Mabel Weidner, West Shokan, secretary, and Mrs. Edna Beach, Cortekill, treasurer.

Members of the arrangements committee are: Elsa D. Hart, High Falls; Leon Carey, Woodstock; Robert Henry, Port Ewen; and Clarence Ostrander, West Hurler.

Rate Increase Is  
Allowed for Gas  
In 13 Districts

ALBANY, N.Y. (AP)—The New York State Electric & Gas Corp. of Ithaca won Public Service Commission approval today of a rate increase in 9 of the company's 13 natural-gas districts.

The increases affect approximately 62,000 customers. The rates will go up Tuesday.

Because of the establishment of new block rates, some customers will be granted rate decreases, totaling \$365,200. Others will receive increases, totaling \$1,389,700. This will result in a net annual revenue increase of \$1,024,500, or about 6.9 per cent, the PSC said.

Nine existing rate schedules will be replaced with four and the total number of service classifications will be reduced from 25 to 9. One set of rates will apply to the Ithaca division, which embraces five districts, all of which now have their own rates. The districts are Ithaca, Cortland, Auburn, Geneva-Newark, Penn Yan and Canandaigua.

A second schedule will apply to the Oswego district, a third to the Dansville-Nunda district, where rates are now separate and the fourth to the Goshen district.

Minimum monthly charges to customers in the Goshen district will increase from \$1 to \$1.50. The minimum monthly charge in the other districts will be established at \$1.25 for which 300 cubic feet of gas will be allowed. Current minimum charges range from 50 cents to \$1, generally allowing up to 200 cubic feet.

Rates in most residential service consumption blocks and in most commercial service blocks will be increased similarly.

KINGSTON, NEW YORK, JANUARY 19, 1961

MEASURE OF CHARACTER

As Vice President Richard M. Nixon prepares to return to private life for the first time since he entered the Navy in World War II, a comment on his postelection performance seems warranted.

It has been of a high order, in the view of most men in both major political parties and many disinterested observers.

Typical was his gracious, generous and dignified behavior as Senate presiding officer when he had the somewhat delicate task of formally declaring the presidential victory of John F. Kennedy—and his own defeat.

His brief speech on that occasion was so thoroughly in the best traditions of the democratic spirit that it won applause from Speaker Sam Rayburn, who rarely lauds anything in Congress.

Nixon also has been following a planned policy of leaving the spot light to Kennedy in these days when he is getting his administration under way. He reasons sensibly that there will be time enough for Republican leaders to speak out, when they have had opportunity to weigh Kennedy's performance in the White House.

It is interesting to set Nixon's recent behavior against some of the forecasts that were made. Remembering that he had known nothing but victory, some observers predicted that in defeat he would "fall apart." They saw him as a "hollow man" who would turn bitter and vindictive.

He has confounded these appraisers. A few might say he has been helped by the fact he lost so narrowly, but that conceivably could have added to bitterness.

Nixon's only real pique has been reserved for some members of the press, whom he accuses of bias against him and in favor of Kennedy in the coverage of the campaign. The charge deserves full examination by journalistic scholars and other dispassionate onlookers.

Even this has been expressed indirectly, through his aides.

Thus Richard M. Nixon is about to make an exit that is a credit to him and to his party. Technically, he heads for private life in California. But everyone knows it will be more public than private.

Beaten but not crushed, carrying himself well, he will be the major spokesman for his party for some time to come. If things break properly for him, he could easily be his party's presidential standard bearer again in 1964.

FEDERAL TAX BURDEN HERE

The Federal tax burden in Ulster County for the 1961 fiscal year is estimated at \$54,228,888 by the Empire State Chamber of Commerce. New York State's share of the Federal government's cost is over 11 billion dollars.

Total Federal spending is estimated in the budget at \$80.9 billion or \$2 billion more than estimated to be spent during the current year. President Eisenhower's budget is based upon existing law and does not include estimates for various new programs that may be proposed by President-elect Kennedy when he takes office. Depending upon what Congress finally decides, these expanded activities could add \$5 billion or more to the total with a consequent increase in New York's share of the cost.

New York State taxpayers should be concerned with Federal spending for it is calculated that we bear 13.68 per cent of the total spending tax load. Individual income tax, corporation income tax, estate and gift taxes and excise taxes were used as a basis for the formula in compiling the tax burden apportionment.

CUPID'S SCORE

The marriage rate in Canada last year was the lowest in 20 years. So says the Bureau of Statistics in its just released 1960 Canada Yearbook. With 7.7 marriages per 1,000 population, Canada dropped from ninth to 12th place in the world-wide Cupid stakes. It appears that Leap Year was pretty much of a flop in that country.

'These Days'

By GEORGE SOKOLSKY

THE SECOND TIER

As the sprawling, unorganized American Government is constituted, great significance must be attached to the Second Tier, that is the Under Secretaries and the Assistant Secretaries. They constitute, as a rule, the actual administrative heads of government. John Foster Dulles, for instance, played an important role in the affairs of the world, but he could not move about at his pace and be familiar with the actual daily operations of his department. The real work was being done down the line and the day-by-day decisions of deskmen faced both Dulles and Eisenhower with facts accomplished.

Franklin D. Roosevelt recognized that. His first Secretary of State was Cordell Hull, a delightful gentleman, opposed to a high tariff and barely interested in Roosevelt's fast moving activities. There is ample evidence that Roosevelt did not keep him informed. However, Roosevelt appointed as Assistant Secretaries men who were close to him. Raymond Moley, A. A. Berle, Jr., Sumner Welles. He operated the State Department through the men on the Second Tier.

The Cabinet has been losing its significance because of the existence of the National Security Council where the really meaningful decisions of our times are made; secondly, the President is dependent for advice upon experts, often men outside of government. Increasingly these experts are non-political personalities, university professors or businessmen or even clergymen who specialize in particular fields. John Kennedy's Second Tier will include an extraordinary number of academicians, for whom he apparently has great respect, although they are often unrelated to the world about them. When they are not excessively objective, they become fanatical about some favored dogma. Their knowledge has often not been tempered by the fires of experience and they tend to accept the findings of other scholars as perfection depending upon the man's qualifications in terms of degrees and academic honors. Nevertheless, private enterprise has, of course, found the engineer and geologist and researcher worth their weight in gold when they stick to what they know.

The Kennedy Second Tier seems to be made up mostly of intellectuals. Of course, Chester Bowles, who will be Under Secretary of State, is not strictly within this category, he having earned his means by being an advertising man, generally referred to as a huckster. Nevertheless, Bowles comes of an amazingly brilliant family from Springfield, Massachusetts, whose best known member was Samuel Bowles, in his time one of the outstanding editors in the United States. Chester Bowles will fit in well with the Second Tier intellectuals.

What needs to be watched carefully is what Kennedy does with the Independent Agencies, the powerful caribuncles which have become attached to the Executive branch of the government but which usurp the power of Congress by regulations, the decisions of the courts by their own semi-judicial decisions and which act with full Executive powers. The Independent Agencies have received their basic authority from Congress but these have been expanded by their regulations and by their decisions. The Hoover Reports propose their reorganization; the recent Landis Report is even stronger.

On the whole, the men appointed to these Independent Agencies which exercise such vast powers as medicine persons who work in technical fields for which few of them are technically equipped. Too many of them have in the past used membership on an Independent Agency as a stepping stone to private industry. There can be little question but that during the Kennedy Administration many changes will be made in the Independent Agencies.

Thus far, there have been no Cabinet appointments or Second Tier appointments over which Congress will make a great fuss. However, the fights will come when legislation is proposed. The Conservatives in Congress have already shown their claws and the Kennedy forces wisely backed away from a fight before he actually set in the White House. The Republican-Democratic Conservative coalition, founded by Senators Robert A. Taft and Harry Byrd, seems to be numerically larger than in either the Truman or Eisenhower Administrations. Cabinet appointments have, on the whole, been Conservative; Second Tier appointments have, on the whole, been Liberal. It will be interesting to see what this pattern turns out to be. The descriptions, Conservative and Liberal, mean so little in American political affairs, that it is impossible to draw a fixed conclusion from them. Only acts will show what is the complexion of this Administration. At present, the most that can be said is that it is ideologically mixed.

The Doctor's Mailbag

Home Remedies Are NOT Cure for Common Cold

By HAROLD T. HYMAN, M.D.

Written for Newspaper Enterprise Assn.

"Why is it," demands an indignant correspondent, "that you doctors continue to say there is no such thing as a cold cure? Almost every one has a cure of some kind or other that he swears by. Don't you want people to get better unless you get your fee?"

I'll answer the second question first. I can assure you, my friend, that if a true cold cure were announced at any medical meeting, anywhere in the world, the cheering would make you think you were in Pittsburgh when Mazerowski hit that home run in the World Series.

Now in answer to your first question, I regret to repeat that we say there is no cold cure for the very simple reason that there IS no cold cure. Why then, you may ask, do each of your friends believe in the virtue of his own particular cold cure?

Here are some of the reasons:  
Like all other infections, the common cold may fade out of its own accord before it comes into full bloom. Hence any medication that you happen to be taking at that particular time might be credited with the cure. That's why each of your friends has his own particular cure. If there were any one effective cure, each of your friends would be taking the same cure.

Many people think they're catching cold each time their noses become stuffy or runny. But, as you know, your nose may feel clogged and run a bit if you sleep in a stuffy room. Or sit for awhile in a smoky room. Or inhale smog or an irritant fume. Or if you're coming down with an attack of hay fever. Under any of these circumstances, you'd feel clear as soon as the atmosphere cleared. If, at the same time, you happened to be taking medicine, you might think it had cured the cold. But what you did was to cure an incorrect diagnosis.

While the usual cause for the common cold is a virus that is not responsive to treatment, an identical condition is occasionally produced by staphylococci, streptococci or pneumococci that can be bumped off by any one of several antibiotics. When this occurs you are correct in stating that you've cured a nasal infection that resembles the common cold. But it is not exactly the kind of nasal infection that's produced by the virus of the common cold.

Now, my friend, if you'd like to prove that you and your friends are right and that I am wrong, I'll tell you what to do. Call a meeting of all those who have cold cures. Choose any one of the methods. Have every one present agree to a trial at the next opportunity.

Continue your experiment until every member has tried every cure. If then you can show that any "cure" has a batting average over the .500 mark, let me know and I'll dine publicly on crow.

"Me? I'm a Hungry Statistic"

Washington News

By PETER EDSON

Washington Correspondent  
Newspaper Enterprise Assn.

WASHINGTON — (NEA) —

While Cuban-U. S. relations have been going from bad to worse, the Kennedy administration has been having its troubles finding an assistant secretary of state for Latin-American affairs.

The job was offered to Thomas C. Mann, who has been holding it since last July. But he has been in Washington for several years as assistant secretary for economic affairs and he would like to return to the field. He is reported to be more interested in becoming United States ambassador to Mexico.

The job was also offered to Gov. Luis Munoz-Marin of Puerto Rico. But he has just been re-elected to another four-year term and would like to stay where he is.

SOMEBODY WITH THEIR experience and intimate knowledge of Latin America is needed for this most important post. But finding somebody who knows how to handle the assorted dictators and revolutions is or is willing to try—has been the big worry of Kennedy's talent scouts.

A task force has been working at the State Department for some weeks, planning how to spend that 500 million dollars promised the Latin Americans by Undersecretary of State C. Douglas Dillon at the Bogota Conference last September.

This is the traditionally screwy way these things are handled. Somebody figures that all problems would be solved if Uncle Sam would hand out a lot of money. Congress is then persuaded to authorize it.

So now—under the guise of

saving Latin America from the twin curses of Castro and Communism—the State Department experts are planning how to spend the money, assuming Congress appropriates it this year.

If Congress does that, the joke is going to be on Dillon this time. For as secretary of the treasury in the Kennedy administration, he's the boy who will have to raise it.

There are already several lending agencies set up to barrel out the dough to Latin America. They include:

World Bank, Export-Import Bank, International Development Assn., International Finance Corp., Inter-American Development Bank, Development Loan Fund and International Cooperation Administration.

Those organizations will make loans of varying degrees of hardness or softness, the same way you grade cheese. With all their billions of dollars of capital, you would think they could satisfy every taste and smell.

But no. The 500 million dollars to head off other Castros in other countries is for "social development"—whatever that is. It is not for electric power, dams or steel mills.

IT IS INTENDED TO satisfy the pent-up longings of 120 million people—two-thirds of the Latin-American population—who are ill-fed, ill-housed, ill-clothed and illiterate.

Your heart goes out to these underprivileged people. But there is nothing in the plan for making the other third of the population—the cultured, overfed, well-housed big landholders—pay some taxes and share some of their luxuries with their own poor. This is where social reform should begin.

Furthermore, the first installment of 500 million U. S. dollars earmarked to save Latin America from other Castros figures out to only 25 million dollars apiece for 20 countries, or \$4.16 and a fraction for each of the underprivileged 120 million. And you can't buy much land reform, medical care or higher education for that money, even in the Andes highlands, the Amazon lowlands or in the Argentine plains.

So the problem becomes one of deciding where to begin.

SOMEBODY SUGGESTS hospitals, pure water supply, sewers, diet improvement, schools, vocational training, diversification of agriculture, farm loans for better seed, fertilizer or tools, housing loans, small business loans. They need them all.

Then the argument begins on how to divide up the money available to do the most good in the shortest time, how the programs should be administered and what the chances are to get the money back in some sweet by-and-by after 2000 A. D.

All this may explain why they've had so much difficulty finding an assistant secretary for Latin America.

The heart's job is to keep just the right amount of blood flowing to all parts of the body.

DO YOU REMEMBER

By SOPHIE MILLER

I wonder how many folks know that a World's Fair was held in the Crystal Palace, at Sixth Avenue and 42nd Street, New York City, in 1851. There was a horse-railroad opened for travel from New York to Harlem in 1832. The first steam ferry went to Jersey City from New York in 1812. As far back as 1776, New York's first system of city waterworks were built. Going back to 1732 the first stage line ran between New York and Boston, running once a month.

In 1712 New York City's Census was 5,818. In 1672 a postal service was established between New York and Boston. In 1658, New York inaugurated its police and fire departments. This is the

So They Say..

I hope that by making this offer I will encourage others who have been silent to fight to keep the schools open.

—Ellen Steinberg, who loaned \$500,000 to New Orleans school board.

I haven't had any sleep in 15 years.

—Claude Eatherly, who led atom bomb raid on Hiroshima.

I believe that the public will find some other romantic subject to become imbued in. . . . We're going to put a man into space real soon and I think this will really signify the end of the so-called saucer era.

—Lt. Col. Lawrence J. Tacker, Air Force information officer, declaring flying saucer era is ended.

Questions - - Answers

Q—What is the relationship between the reigning monarch and the Church of England?  
A—He is its temporal head.

Q—Can government civilian employees at military bases overseas be tried by court-martial in peacetime?  
A—No.

Q—Which is the oldest orphanage still in use in the U. S.?  
A—Bethesda near Savannah, Ga. It was opened in 1740.

Q—Who is regarded as the founder of modern nursing methods?  
A—Florence Nightingale, English nurse.

Q—Is the tarpon important as a foodfish?  
A—No.

'Religious Issue' Backfire Seen in School Fund Plan

By DAVID LAWRENCE

WASHINGTON, Jan. 18.—Nearly \$10,000,000 for education — for schools and colleges, for buildings, for teachers' salaries — that's what a task force has recommended to President-elect John F. Kennedy as an over-all program to be carried out in the next five years. This recommendation unwittingly raises certain aspects of the so-called "religious issue" that came up in the last Presidential campaign.

Cardinal Spellman has been quick to protest publicly that Catholic schools must not be excluded from receiving Federal funds.

For who is going to furnish all this money? The answer is: Taxpayers of every religious faith and of every race and color.

The use of Federal funds to help build a school or to help poor students get an education or to help pay teachers' salaries is regarded today as constitutional, but the civil rights commission, in its latest report, recommends that "no Federal agency or official shall be given power to direct, supervise or control the administration, curricula or personnel of an institution operated and maintained by a state or a political subdivision thereof."

Spellman's Statement

If that's the case and the Federal government is to furnish money without interfering with what is actually taught in the educational institutions of the country, then why should any private schools be discriminated against and deprived of public funds? Cardinal Spellman says in a public statement:

"It is unthinkable that any American child be denied the Federal funds allotted to other children which are necessary for his mental development because his parents choose for him a God-centered education."

To me, it is unthinkable that Congress would deny a child funds to study mathematics, science and languages simply because his parents supply additional funds for the study of religion. This would be penalizing both the child and his parents because of their religious beliefs.

"For many millions of American parents, this means that they will be taxed more than ever before for the education of their children, but they cannot expect any return from their taxes unless they are willing to transfer their children to a public grade or high school."

Proposals 'Discriminating'

The Cardinal goes on to say that he cannot believe Congress will "use economic compulsion to force parents to relinquish their right to have religion taught to their children." He declares that any program of Federal aid should grant "equal educational privileges regardless of the school they attend" and that the proposals of the task force "are

blatantly discriminating" against church-related school children and their parents. He says it would deprive them of "freedom of mind and freedom of religion guaranteed by our country's Constitution, whose first amendment was adopted to protect the individual person from government repression—the very danger implicit in the proposed program of the task force."

The cardinal refers to the 6,800,000 children now in parochial and private schools and says that, if Congress adopts the program, it will be engaging in "thought control."

Now it so happens that, on the same day the cardinal was speaking, the Board of Regents of New York State announced that it had recommended to Governor Rockefeller a plan whereby \$18,200,000 a year would be given by the state to private colleges and universities to help them expand. To bypass constitutional difficulties about granting aid to private institutions which teach religious subjects, the plan would award \$200 a year to each college student personally, as a sort of scholarship.

Kennedy Campaign View

President-elect Kennedy said during the last campaign: "Federal aid should only go to public schools. The principle of church-state separation precludes aid to parochial schools, and private schools enjoy the abundant resources of private enterprise."

Mr. Kennedy may not venture to back away from that position for fear of criticism, but it raises a question of whether, if Mr. Nixon had been elected President, he might have urged the action that New York State now is considering. The principle is just the same as that adopted by Congress in providing the funds for education to veterans of World War 2 and the Korean War under the "G. I. Bill of Rights." The grants are allotted to the individuals and they pay the money directly to the school of their choice, which can be a public, a private or a church-related institution as long as it meets prescribed academic requirements.

Cardinal Spellman, in his speech, says that under a law passed in 1952 Federal funds

in 474 Protestants, 265 Catholic

and 75 Jews received higher learning. Also he points out under a 1956 law, Congress provides for direct grants to students whose fathers died as a result of the second World War or the Korean conflict, and now use the money to pay tuition in church-related colleges.

It makes one wonder whether a President who is not a Catholic is able to do more for the parents of Catholic pupils than Mr. Kennedy may wish to do. If so, the "religious issue" will have backfired in all directions. (Reproduction Rights Reserved)

around. They are usually made of a block of limestone and some are curved and some just square. No doubt they were also called "carriage stones." They also had hitching-posts, some made of limestone about four to five feet high, with an iron ring in it. Once in a while I see one still standing, cannot recall at this moment where I saw one. No doubt the readers know where these carriage stones and hitching posts are.

The old timers can remember the old watering troughs where horses could get a cold drink of running water on a hot day. There was also a place on the other side for people. All us youngsters liked to take a drink. It was cold and had an odd flavor and it was always running. We used to stand on the rim of a little basin at the bottom so we could reach it. Mr. Van Deusen writes that there was a place where dogs and cats could quench their thirst at the trough, too.

I wonder what happened to these troughs. I remember the one opposite Rhinecliff Ferry, in the middle of the street. There was one at Broadway and Spring Street near the Orpheum Theatre. There was one at Broadway and Henry Street. They say there was one at Greenkill and Wilbur Avenue and one at Washington and Hurley Avenues, which Mr. Van Deusen mentions. Now this is all of the past.

## JFK First Scout To Attain Chief Executive Post

When he takes the oath of office as president of the United States at noon Friday, John F. Kennedy becomes the first president, who in his youth, was a Boy Scout.

This was announced by Clifford Henze, president of Rip Van Winkle Council, Boy Scouts of America whose headquarters are at 260 Fair Street.

President-elect Kennedy was a Boy Scout in Troop 2, Bronxville, from Oct. 1929 to June 1931.

He has been active in the Boston Council since 1946, first as a district vice chairman in 1946, member of its executive board for more than four years, vice president one year, national council representative two years and local council member since 1955.

His Bronxville troop has been active since 1917. Today it has 41 Scouts and 13 adult leaders and meets Tuesdays in the Bronxville Troop Cabin provided by the community many years ago. Donald A. MacKinlay, scoutmaster when President-elect Kennedy was in the troop, now resides in Urbana, Va.

President-elect Kennedy is the third president to have had an active relationship with the Boy Scouts of America before entering the White House.

President Franklin D. Roosevelt was president and one of the organizers of the Greater New York Council before his election in 1932. President Eisenhower, now honorary vice president, has been a member of the National Executive Board of the Boy Scouts of America since 1948 and became a life member on that board last October on reaching his 70th birthday.

## Jaycees Week Has Bosses' Night Slated Wednesday

Jaycee Week, the annual anniversary observance of the Junior Chamber of Commerce being celebrated this week in Kingston, will be highlighted next Wednesday night with the annual Jaycees Father-Bosses' dinner at the Governor Clinton Hotel.

Father-Bosses' Night is an annual feature of Junior Chambers throughout the nation. It is dedicated to the bosses who support the Jaycees and recognize the value of the organization.

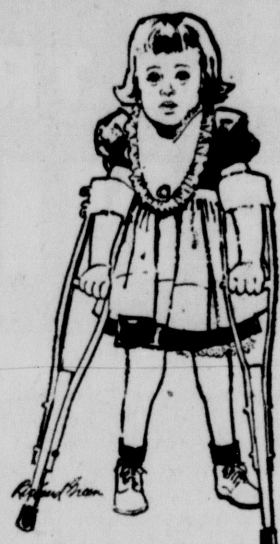

John Lawson, chairman of the Father-Bosses' Night dinner, announced that Mayor Edwin F. Radel will be the speaker for the evening. Among guests present will be Donald Lawson, president of New York State Junior Chamber of Commerce and member of Saugerties Jaycees.

An additional feature of the dinner meeting will be the presentation of an award to the Outstanding Young Farmer in Ulster County.

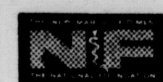

### Check Scaffold Fire

PARIS (AP) — A painters' plank scaffold caught fire between the first and second landing of the 984-foot Eiffel Tower early today. Firemen made short work of the fire, which they said apparently started from a short circuit in the tower lighting system.

## Vietiane May Be Evacuated Soon By Laos Forces

VIETIANE, Laos (AP)—The pro-Western government of Premier Boun Oum is preparing to evacuate this Laotian capital, government sources said privately today.

These sources said Boun Oum plans to move his capital to Savannakhet, his former southern headquarters, if Laos is cut in two by advancing pro-Communist rebel forces or by an eventual international political settlement of the six-year-old Laotian civil war.

Pro-Communist rebels striking across the narrow waist of Laos have moved within about 100 miles northeast of this administrative capital.

### Chill Hits Filipinos

MANILA (AP) — A week-old cold snap today brought the coldest temperature ever recorded in the tropical Philippines. The weather bureau said it was 43.4 degrees at Baguio City, a mountain resort north of Manila.

### 12 Killed in Crash

SAIGON, Viet Nam (AP) — All 12 crewmen died when a Vietnamese air force C47 transport crashed and burned on a mountain peak in central Viet Nam two weeks ago.

### Boys Town Aide Dies

DUBLIN, Ireland (AP) — The Rev. Patrick McDavid, who helped Father Edward Flanagan create Boys Town, died Wednesday at his home in Derry. He was 85 and had retired in 1948.

## Three Saugerties Offices Entered; Report \$55 Taken

Three professional offices in the Knaust Building in the heart of the Saugerties business district were forcibly entered by burglars between Monday night

and Tuesday morning and \$55.50 taken from two law offices, village police reported today.

Police Chief Arthur W. Richter said the second floor law offices of Francello and Brinnier

and Schirmer and Carnright, and the optometrist office of Anthony Vicevich were entered by means of forcing the front doors of each office.

A secretary's desk in the Fran-

cello and Brinnier office yielded \$5.50 and five \$10 bills were reported missing from the office of Schirmer and Carnright.

The Masonic Temple rooms on the third floor were not entered, Chief Richter said.

The burglars gained entry by prying loose the moulding on the doors with a screw driver and forcing open the locks, the chief said.

The burglary was discovered when employees of the offices

came to work Tuesday morning, village police reported. The Knaust Building on Main Street also houses Knipe's Corner Store and the Great Atlantic and Pacific Tea Company market on the main floor.

# IBM Awarded \$250,000 Air Force Contract

International Business Machines Corp., Neighborhood Road, Kingston, has received a \$250,000 order to an existing Air Force contract, it has been announced by Colonel Robert V. Kirkland, director of Procurement and Production, Rome Air Materiel Area.

The contract is for non-personal services in connection with plant level inspection, repair and overhaul of Semi-Automatic Ground Environment computer parts, components and assemblies. Administration of the contract will be handled by the New York Air Procurement District Office.

## First Flag

There is some doubt among scholars that Betsy Ross made the first U.S. flag. These scholars contend that its principal designer probably was Francis Hopkinson, a signer of the Declaration of Independence, who later tried unsuccessfully to get paid for his work.

## New March of Dimes Poster Girl

Pretty and merry today, Linda Gail Breese, four, of Columbus, Ohio, was not expected to live when born with birth defects of an open spine and excess fluid on the brain. Now she is the nation's New March of Dimes Poster Child who symbolizes what National Foundation research and patient aid seeks to do for victims of crippling diseases. The National Foundation also is attacking birth defects and arthritis and is continuing work on polio.

## Church Programs Add to Well-Being of Golden Agers

"The concern of friends, and their practical help, can often tide an older person over an illness and get him on his feet again—the best kind of therapy. As he becomes older and his contacts more limited, this friendly visiting from the people of his religious fellowship takes on added importance."

This is just one of the church programs to help older people that are described in a background paper on "Services of Religious Groups for the Aging,"

prepared for the White House Conference on Aging. Material was gathered by the conference's committee on religion and aging, headed by Msgr. Raymond J. Gallagher.

What churches can mean to older people is indicated by this statement:

"The medical profession has been very vocal in agreeing that programs of the churches and synagogues can do much to keep an older person functioning happily and usefully in a normal community pattern."

Other practical helps the committee describes: Using experienced older members in part-time jobs in financial administration, building supervision, landscape gardening, public relations, etc.

Launching employment exchanges, with perhaps an older person providing transportation in return for a sewing job, or painting a room in return for garden work.

Organizing fellowship groups with lectures for older people. When middle-age groups are invited to join in, this becomes a subtle kind of pre-retirement counseling. In one church, a retired graduate nurse volunteered to give older shut-ins or their families advice on health care.

Giving cautions about such things as fraudulent practices and information on how medical, home nursing, psychiatric, dental, foot-care, homemaker services can be had.

Setting up a "library" of sick-room equipment to loan to people who need the items. In a section on the Protestant Church, the committee expressed concern that very little has been done at the graduate seminary level to train the oncoming generation of pastors and church workers to deal with the "new generation" which medical science has added to our social structure.

Ministers who become interested in gerontology "pick up" a knowledge of the subject where they can find it, the committee reported.

Q—My husband is getting disability payments. Must I wait until age 62 to get benefits?—Mrs. L. R.

A—Yes, unless you have children who are eligible for dependent benefits.

Q—I will be 65 in 1965. Under the new social security amendments, how many years of work will I need to qualify for payments?—J. F.

A—You will need 4½ years. (All rights reserved, Newspaper Enterprise Assn.)

## Deaths

By THE ASSOCIATED PRESS  
DENNIS, Mass. (AP)—The Rt. Rev. Donald B. Aldrich, 68, an ensign in World War I and a Navy chaplain in World War II, died Wednesday after a brief illness. He at one time was bishop coadjutor of the Episcopal Church in Michigan, dean of Princeton University and a rector of the Ascension, New York City.

MILWAUKEE, Wis. (AP)—Mrs. Carl J. Homann, 78, who as Clara Catherine Prince founded the American Literary Association and was the first editor of the American Poetry Magazine, died Tuesday.

## Blue Shield Is Denied Increase In Buffalo Area

NEW YORK (AP)—State Superintendent of Insurance Thomas Thacher has announced disapproval of an application by Buffalo's Blue Shield Plan for subscriber rate increases on its "service type" contracts.

The plan, Western New York Medical Plan, Inc., sought increases averaging 36.05 per cent on the "service type" contracts (group remittance and direct payment contracts).

Thacher said Wednesday denial of the application was based on insurance department findings taking exception to the plan's estimate of increases in administrative and solicitation expenses.

There also was objection to the plan's proposal to increase rates on its "service type" contracts while not on its indemnity contracts.

Thacher's announcement added, however:

"On the present record there is no room for doubt that under its present rates the plan is incurring losses...and...soon will incur increasing losses both on its 'service type' and indemnity contracts."

The superintendent said immediate consideration would be given to a rate increase proposal which would eliminate the objections to the plan's application.

## Installation Is Held at Hurley Church Service

Church officers were installed and new members received at the Sunday worship service at the Hurley Reformed Church. The Rev. Harold F. Schadeewald, pastor, officiated.

New members received by transfer were Mr. and Mrs. William Carlson and Mr. and Mrs. Robert Sabin.

The traditional Office for the Ordination and Installation of Elders and Deacons was read. Rev. Elmendorf and Jack Gill were ordained and installed as elders for a two year term. Clarence Jansen and Jack Lupton were ordained and installed as deacons for a two year term.

Retiring from the consistory after two years of service were, Vice President Elder Ernest Myer and Financial Secretary Elder Vernon Goethius. Deacon James Woodward, stated clerk of consistory also retired after serving a two year term.

The new men take office immediately upon Ordination and Installation. Elder Kenneth Hopper becomes the vice president, Elder Williams Wood is the treasurer and Deacon Jack Lupton, financial secretary. Deacon William Schiff was elected stated clerk.

## Waives Hearing, McGee Will Face Robbery Charges

NEW YORK (AP)—Paul C. McGee, 22, of Larchmont, N.Y., has agreed to face charges stemming from a movie theater robbery in Washington, D.C.

McGee, son of a Wall Street broker, Wednesday waived a hearing before a U.S. commissioner here. He will stand trial in Washington Feb. 7 on four charges related to the \$230 November hold-up in which McGee was wounded during a gun duel with a patrolman.

McGee fled to Philadelphia, later to Chicago and then to New York, where he was seized by the FBI. Last Monday McGee pleaded innocent before Federal Court Judge David A. Pine in Washington and was released in \$15,000 bail.

## matter of FACT

Faded advertisements show they had "wonder drugs" way back in Civil War times: "Scalds and burns may prove dangerous and perhaps fatal. A kick of a horse may cause a bad bruise. The slip of an axe may cause a serious cut. Have you Peter Perry's Pain Killer handy? It has no equal for the cure of scalds, burns, cuts, swellings, bruises, sores, insect bites—etc."

# Town of Hurley Historian Records Events for 1960

prepared by  
**Stephen Waligurski**  
**Historian — Town of Hurley**  
Ulster County's historic Hurley has reached into the four corners of the United States, Canada, South America, and Europe. This once placid, rural farm community, the home of the "cheese-mines" has within the past generation become the fastest growing town in Ulster County—in-creasing its population 138 per cent in 10 years.

Home construction throughout the township has moved Hurley's, West Hurley's and Glenford's main streets on to the hills and into new found neighborhoods—each maintaining the country atmosphere — yet approximating the warmth of neighbors.

Census figures released in 1960 showed the Town of Hurley with a population of 4,526. This indicates an increase of 2,546 or a growth of 138 per cent — the largest in Ulster County.

**1961 Tercentennial Year**  
Following the Year of History celebration of 1959 Hurley's year of 1960 was comparatively quiet. 1960 could be termed the year of respite, for the communities' energies are being focused on 1961—the 300th birthday of Hurley—its Tercentennial.

In marking this 300th year the historian of the Town of Hurley has begun a lengthy search for information pertinent to the historical development of the town since 1661. To date, forms have been sent to owners of stone houses, old frame houses, and organizations requesting their cooperation in filling the many gaps in the town's history, and to record the accomplishments and events of the year.

**Benefit Township**  
It has become apparent to this historian that the people of Hurley Township are individuals and groups whose untiring labors have benefited the total community, its welfare, its churches, and its children. From the hills of Glenford through West Hurley to the flats of Hurley, the persevering question has been, "How can we help our community, our church, our children?"

In addition to continuing their usual community activities, town organizations have added new projects for which each group assumes responsibility, such as:

**West Hurley Fire Company** with its open door policy for the young people to participate in fun activity. Attention to the young is given by the Hurley Fire Company with its establishment of Saturday evening movies. The company also held a series of three polio clinics for the public.

**Hurley Lions Club** along with many service projects, continues to maintain the recently opened Community Park. The group sponsors Hurley Boy Scout Troop 20.

Another outstanding community group is the Women's Guild for Christian Service. Their sponsorship of Stone House Day, alone a tremendous task, is followed by a series of benefit social affairs. Another, the Ladies Auxiliary of the Hurley Fire Company have helped make the Hurley library a joy to the young reader.

Hurley Grange now in its 58th year, continues to assist the sick and the needy. It was in 1959 that the Hurley Grange from among 800 Granges in the state was awarded second prize for service to the community.

**Hurley's History Diverse**  
Along with the events of major importance in Hurley, such as the presence of the State Capital on its main street, America's colonial stone house community and township gave 162 men in blue to serve in the Civil War. In 1961, a national anniversary year, it is well to reflect on Sojourner Truth, a slave who fur-thered the cause of freedom for her people.

Adding to the local color in our history, the bluestone quar-rymen, their Irish ancestry, their tales, legends and folk songs still echo amidst the hills of Glenford and West Hurley. Dedicated to these early folk through the unwritten pages of history is the beautiful Roman Catholic Church, St. John the Evangelist, Few, but the archi-tects and artists appreciate the southern gumwood tower with its exceptionally beautiful trusses.

Members of West Hurley Methodist Church interested in the historical facts concerning their church plan to establish a committee on records and history in 1961 and 1962 for the purpose of making a thorough search for history relating to their church.

**Building Construction**  
One of the two large building projects in the village of Hurley in 1960 was the Hurley Reformed Church Education building. The increase in area population en-larged church and Sunday school membership.

Within two years, 1958-1960, the Sunday school increased from 158 to 243 children and neces-sitated greater accommodations than those provided when the church was built in 1853.

Ground was broken in October, 1959 and the building was com-pleted in June, 1960. At a cost of \$125,000, the Education build-ing provides 13 classrooms, an auditorium seating 300, a modern kitchen, meeting room seating 50 and an office.

The second major construction involves the Hurley School and constitutes a new gymnasium and additional classrooms. Its completion is expected by fall 1961.

The Archdiocese of Ulster has purchased 13 acres of property, adjacent to Zandhoek Road for the purpose of erecting a church in Hurley village. Heretofore, members of the Roman Catholic

faith have affiliated with churches in other areas.

**Town Board**  
Hurley Town Board in a letter to the State Traffic Commission again forewarned the state officials of the unsafe and danger-ous conditions of state roads in the township, in particular, the roads on which children must walk to and from school. These existing dangers, the board stated are Route 209, Spillway Road, Maverick Road, Lucas Avenue Extension and Zandhoek Road.

In July, the State Traffic Commission informed the Town Board that regulation of speed along these roads would be con-sidered the first step. State rep-resentatives met with the board for the purpose of developing corrective measures.

**Stone House Day**  
More than 700 persons toured 11 of the 25 old stone houses lo-cated within the village of old Hurley. Sponsored by the Wom-en's Guild of the Hurley Re-formed Church, Stone House Day marks the tenth annual July open house invitation.

**Kingston Citizens Protest**  
Kingston citizens claim Hurley residents are not paying enough toward operation of the Greater Kingston Consolidated School System.

One Kingston citizen suggests that the Board of Education uti-lize the tax law 1314 which au-thorizes the state to establish a special equalization rate to be used for the express purpose of increasing the taxes within the village of Hurley or specifically, that part of the Town of Hurley associated with the Greater Kingston Consolidated School District.

**Citizens Protest**  
A citizens group of West Hurley voiced their disapproval to the Ontario Central School Dis-trict Board of Education of ap-pointment of a part-time prin-cipal at West Hurley Elementary School.

Al Nussbaum, chairman, Mrs. Dorothy Narel secretary, and Prof. Raymond Kenyon rep-resenting one of the largest pro-tests groups ever to appear be-fore the board sought and re-ceived the assurance that the present dual principal situation was not a permanent solution but that the question of economy was important.

**Professional Art Group Formed**  
Three Hurley artists and one from Woodstock representing the newly formed Nieuw Dorp Group have organized to exhibit their art works and to promote a professional attitude toward the various mediums in painting.

**\$100,000 to be Refunded**  
The Town of Hurley has agreed to refund tax over assess-ments (approximating \$100,000) against the City of New York from the year 1947 through 1957. Refunds for years 1958-1959 will be absorbed by the entire Onte-nora Central School District, of which West Hurley is a part.

**Five Hour Forest Fire**  
Alerted after a forest fire on Hurley Mountain had already illuminated the night sky, fire-men from Hurley Fire Company No. 1, and West Hurley 1, 3 and 4 responded at 11:30 p. m. to bat-tle a stubborn blaze which ex-hausted the water supply and caused the firemen to subdue the spreading fire with brooms. At 4:30 a. m. the fire was checked.

**Hurley Votes Republican**  
In the national, congressional, state and local elections the Town of Hurley voters heavily favored the Republican candi-dates. Republican pluralities in 1960 were cut substantially com-pared to 1956.

Where the Republican presi-dential candidates, Nixon-Lodge, won Ulster County by a 3-2 mar-gin over the Democrats Ken-nedy-Johnson, the Town of Hurley gave the Republican candi-dates a 2-1 margin of victory. However, the Democratic ticket of Kennedy-Johnson won the 45

## AMERICAN MENU

### New President of the United States Enjoys a Good Hamburger

**GAYNOR MADDOX**  
**Newspaper Enterprise Assn.**  
Our new president is a man who enjoys a good hamburger. We understand, also, he enjoys wine, both in cooking and served occasionally with his meals. Therefore, we suggest he add to the White House pantry library an excellent new book by Emily Chase of California called, "The Pleasures of Cooking with Wine" (Prentice Hall—\$4.95).

For the White House menus we recommend these two rec-ipes from "The Pleasures of Cooking with Wine":  
**Best Hamburgers (Serves 4)**  
1 pound ground beef, ¼ cup dry red table wine, 2 tablespoons chopped parsley, 1 tablespoon grated onion, 1 teaspoon salt, ¼ teaspoon pepper, Hamburger buns or toast.

Mix beef, wine, parsley, onion, salt and pepper. Shape lightly into four nice patties. Broil or saute in butter or bacon drippings until done as desired. Serve between halves of but-tered, toasted hamburger buns, or on toast, with whatever rel-ishes you like.

**Surprise Burgers (Serves 6)**  
One pound ground beef, 1 large onion, chopped, 1 small clove garlic, chopped or put through garlic press, ½ green pepper, chopped, 2 tablespoons bacon drippings or butter, 2 table-spoons flour, 1/3 cup dry red table wine, 1/3 cup catsup, ½ cup grated Cheddar cheese, 1/3 cup chopped pimento-stuffed

**LIGHT STEPS**—French shep-herd wears fog lights on the stilts he uses to get around the marshy, fog-covered flat-lands of southwestern France near Mont-de-Marsan. He uses the lights to see and be seen.

electoral votes of New York State.

Dr. Harry McNamara of Hur-ley, Democratic candidate for county coroner ran the best of his party in Hurley but lost by a 2-3 margin in the county.

**Folk Music Recorded**

In November, the two-record album of the Hurley Folk Can-tata was released. The Cantata, written and directed by Carolyn M. Waligurski, is an authentic musical history of the village of Hurley covering its outstanding background. The music is com-prised of appropriate Hudson Valley folk music and original compositions in folk style for chorus, small group and solo voices. The records were pressed from tapes made at the actual performance given in Hurley during the State's Year of His-tory celebration in 1959.

**Grange 57 Years Old**  
Hurley Grange celebrated its 57th birthday at its December meeting—also, the 93rd birthday of the national Grange. Mrs. Catherine Viano fourth place winner in the state baking con-test, baked her prize-winning cake for the occasion.

**Historic Booklet Issued**  
In December, the Women's Guild for Christian Service of the Hurley Church, issued a booklet to commemorate the 300th anniversary of the town. The booklet contains pictures of old stone houses, church, ceme-tery and a brief history of the village. Mrs. Harold Davis and Mrs. Frank Race were co-chair-man of the project.

This report records the 299th year of Hurley history. Because it would not be possible to in-clude all of the many events, herein are included those most pertinent to the year 1960. The historian urges individ-uals and groups to make avail-able to him for recording pur-poses historic information and materials. No addition is insig-nificant for what may appear to be unimportant may indeed be a missing link.

STEPHEN WALIGURSKI,  
Township Historian

### Reunion Is Touching

**RALEIGH, N. C. (AP)**—"It was touching to find a loved one after so many years," said James J. Lancaster of Raleigh after a reunion with a cousin he hadn't seen in 41 years. Lancaster and the cousin, Luther Willford of Rt. 1, Willow Springs, were re-united in the Wake County jail. Lancaster was charged with pub-lic drunkenness and Willford with public drunkenness and dis-orderly conduct.

**KENNETH EUGENE CINDLE** has been added to the FBI's list of "Ten Most Wanted Fugitives." Cindle, 48, wanted for armed robbery in Wichita, Kans., stands 6'2", weighs 165 pounds and has brown hair and gray eyes. **CAUTION:** Cindle should be considered armed and dangerous. Any person having information concerning this fugitive should immediately contact the nearest office of the Federal Bureau of Investigation.

## Blouses Are Lined

The frilly, full-sleeved white nylon blouse with jabot front now comes fully lined. And a good idea, too. It prevents all those slip straps from showing.

# New York State Income Tax Simplification

(Last in a Series)

If you need help in making out your New York State income tax return, get it from the nearest New York State District Tax Office. Temporary offices will be set up in cities throughout the state for your convenience. Watch your local paper for reports on when and where you may go to obtain assistance.

Faulty or incomplete reporting make crediting of payments to proper account difficult or even impossible, and often results in delays of refund checks because it slows down the state's tax processing machinery. It also causes unnecessary correspondence which is a nuisance to you and adds to the cost of government and eventually to your tax bill.

Here are 12 tax tips which help you make sure your tax return is properly filled out. Check them before you sign your state tax return and file it.

## Be Sure to Keep a Copy of Your Federal Return

Complete your 1960 Federal Income Tax return before you fill-in your state return. Type or print your name and address on your state return just the way you did on your federal returns. Social Security Number Needed. Remember to enter your Social Security number on your return. This is very important so check it carefully.

Save time by using Short Form IT-200 if you are eligible to use this form.

When using the Tax Table in

connection with Short Form IT-200, be sure you use the total income line which corresponds to the total income reported on your return.

Report all income as shown on your federal return. Check changes to Federal income and deductions for accuracy. Apply rates shown in the instruction sheet to determine your tax.

If you have any question about your return, see a state income tax representative in your area or call your local State District Tax office. If, through misunderstanding, you failed to file for a former year, get the proper blank from any New York State District Tax Office and file it at the time you make your current return. Negligence in doing this will result in costly penalties and assessments.

Don't forget to sign your return. It does not have to be notarized.

Attach payment to your return for the full amount of any Balance Due. A husband and wife filing separate returns on the new single Form IT-208 showing a Balance Due on both returns may prepare only one remittance for the total amount due on both returns. Make your check or money order payable to the "New York State Income Tax Bureau." Do not send cash or stamps. If you file in person, at any District Tax Office, you may pay in cash, check or money order.

Before filing your return, double-check to be sure your arithmetic is correct.

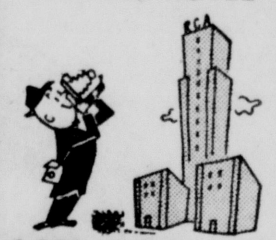

Mail your tax return and dec-

larations of estimated tax to the New York State District Tax Office serving the area where you live. Taxpayers who live in the Albany district and those who do not have a residence in New York State should send their returns to "New York State Income Tax Bureau, State Office Building, Albany, 1, New York." You may mail more than one return in the same envelope but they should all be New York State income tax returns. Any other forms or correspondence should be sent in separate envelopes.

Do not write to the Income Tax Bureau about a refund which you may be claiming on your return. Refunds will be made within a reasonable time after April 15 to taxpayers who have completed their returns correctly and have attached a copy of the state withholding statement (IT-2102) from their employers. If your calculations indicate you have a refund coming, check the box in the lower left-hand corner of the return envelope which was included in your packet of income tax forms. Processing six million tax returns takes time, even with electric help. If you write a letter about your return, the re-

turn will be taken out of the regular cycle of processing and if you have a refund coming it will be delayed unnecessarily. Get your 1960 return and payment in on time. Due date is April 15. Faulty or delinquent returns make the taxpayer liable to penalties, even where there is no intent to evade payment of the tax. Delinquency penalties add up rapidly and can more than double your tax.

## PHOENICIA NEWS

### Village Activities

PHOENICIA — Wednesday, Jan. 11, Mrs. Paul Miller and Mrs. Doreen Dunnett attended the annual Concert of the Ithaca College of Music. Mrs. Dunnett's daughter, a student of the college, played a flute solo in a Mozart Concerto. Trudi Miller also attended.

A charge-wide leadership training session will be held in the Phoenicia Methodist Church Feb. 15 and 17 at 7:30-10 p. m. and in the Shady Methodist Church on Feb. 10 from 7:30-10 p. m. The program is for all elected officers and trustees in

the entire Phoenicia Methodist charge.

Thursday 7:30 p. m. a meeting will be held in the Phoenicia church to organize a senior choir. The organist, Mrs. Harry Miller, and her assistant, Miss Mary Van Steenberg, will be in charge.

Next Sunday the Phoenicia MYF will reorganize at 3:30 p. m. in the lecture room. All high school and junior high young people may attend.

The pastor, the Rev. H. Chase Page, will be on vacation from Jan. 19 until Jan. 26. Those wishing to contact him during that time may call Lonnie Gale,

The sermon next Sunday will be "A Fundamental Question."

The Thimble club will meet in the lecture room Tuesday 8 p. m. Choir rehearsal will be Wednesday 6:30 p. m. and commission on Christian social concerns will be at 8:15 p. m. Thursday the pastoral relations committee will meet 7:30 p. m.

George Conway is convalescing after a minor operation last Wednesday.

Mr. and Mrs. Floyd Smith had dinner with Mr. and Mrs. Clifford Persons in Woodland last Monday. Tuesday they had dinner with Mrs. C. C. Dunham and Mrs. Charles Miller in Shandaken, and on Saturday they were dinner guests of Mr. and Mrs. Carl Mueller.

Mr. and Mrs. William Kahler of Oliveira were received into the membership of Phoenicia Baptist Church recently.

### Church Services

St. Francis de Sales Parish, the Rev. John Gorman, MS, pastor — Sunday Masses, Allaben, 10:30 a. m.; Phoenicia, 7:30 and 9 a. m.; Boiceville, 9 a. m. Phoenicia Baptist Church, the Rev. Ernest M. Estes, pastor — Sunday school 9:45 a. m. Morning worship service 11 a. m. Evening service 7:30 p. m. Prayer meeting Wednesday 8 p. m.

Olive-Shokan Baptist Church, West Shokan, the Rev. Ernest M. Estes, pastor — Sunday school 2 p. m. Worship service 3:15 p. m. Prayer meeting Tuesday 7:30 p. m. Phoenicia Methodist Church,

the Rev. H. Chase Page, pastor — Sunday school 9:15 a. m. Worship service 10:15 a. m. Hour of Devotion Wednesday 7:30 p. m.

### Desmond Awaits Call To Talk at Hearing

Permission has been granted John J. Desmond, former city manager of Poughkeepsie, to examine the contract entered into between the city and Hazen and Sawyer, engineers, on the \$3,000,000 water improvement project.

Attorney Edward J. Kovacs, retained by the Common Council to conduct hearings into the waterworks program, expects to call Desmond at an adjourned session Monday night.

## BIRTHS RECORDED

The city registrar recently recorded the following births:

Jan. 9 — Maria Lynn to Mr. and Mrs. Reginald John Lawlis, 105 Fairmont Avenue.

Jan. 10 — Donald Lee to Mr. and Mrs. Ronald Lee Countryman, Accord; Steven Roy to Mr. and Mrs. Roy Henry Pauli, Clintondale and Marguerite Rose to Mr. and Mrs. Dan H. Allen, 150 TenBroeck Avenue.

Jan. 11 — Jerry Edward Jr. to Mr. and Mrs. J. E. Ferguson, 22 Overlook Drive, Woodstock Gardens; Leif Matthew to Mr. and Mrs. Lester Wade Havens, 8 Spring Lake Drive, Town of Ulster; Margaret Mary to Mr. and

Mrs. Martin Joseph Card, 13 Hewlitt Road, Red Hook and Mary Margaret to Mr. and Mrs. George Andrew Coleman, 54 Birchwood Drive, Rhinebeck.

Jan. 12 — Rosaura Frances to Mr. and Mrs. Julius Francis Sloyan, Box 254, Accord; Edwin William to Mr. and Mrs. Donald Edwin Quick, 42 Sterling Street and Kenneth to Mr. and Mrs. Joseph Cornelius Hassett, RD 4, Box 228-J, Cottekill.

Jan. 13 — Dana to Mr. and Mrs. Frederico DelRosario, Box 129, RD 1, Kingston.

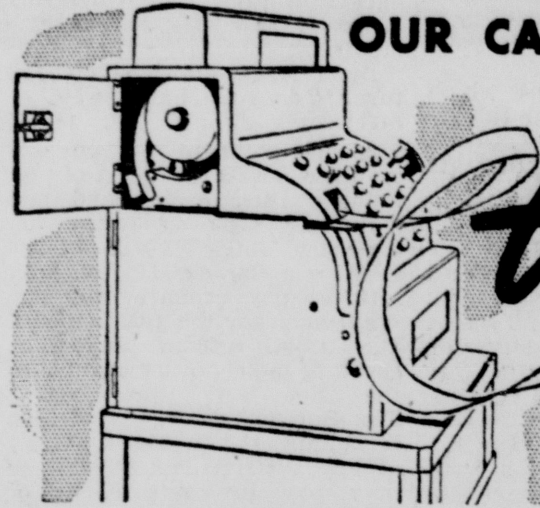

Jan. 14 — Anthony Francis to Mr. and Mrs. Francis Frederick DiPietro, 17 Washington Avenue.

### Child Health Clinic

A child health conference will be conducted by the Ulster County Health Department at the Tumor Clinic building, 400 Broadway on Tuesday, January 24 from 9 to 11 a. m. These are well child clinics for the maintenance of health and prevention of disease, not for the care of the sick child, and are limited to infant and preschool children.

### Statistics

According to a survey, annulment and divorce rates are highest and probability of second and third marriages greatest among women who were married for the first time at the age of 19 or younger.

## Believe Sparks From Weld Torch Caused Elmira Fire

ELMIRA, N.Y. (AP) — Sparks from a welder's torch are believed to have started a fire that wrecked a three-story brick warehouse on the city's Northside Wednesday, fire officials say.

Firemen said the sparks apparently had ignited oil on the first floor of the building, owned by the Ralph J. Haskell Construction Co.

A 2-inch natural gas line pipe inside the building fed the fire.

Workmen and fire fighters succeeded in shutting off the gas supply when an outside, underground valve was located. There were no injuries and there was no damage estimate immediately available. Several pieces of heavy construction equipment and 10,000 feet of lumber were destroyed.

### Killed in Road Mishap

DANVILLE, N.Y. (AP) — Kenneth Ray Sutphin, 23, of Rising Run, Md., was killed Wednesday when the tractor trailer he was driving raced out of control and smashed into a car and then into a restaurant.

San Francisco's port handles more rice exportations than is grown throughout China.

## Today's Business Mirror

By SAM DAWSON

### AP Business News Analyst

**NEW YORK (AP)** — The big keep getting bigger in the banking field. They have to grow as the economy grows and particularly as their biggest customers, the giant corporations, grow with increasing needs for funds.

But also banks in financial centers have had to grow to keep up with the Joneses in their own banking business. The postwar years have seen sharp changes in customer demands, in competition with other lending and saving institutions, in the size of loans, in trust activity.

### Mergers Have Role

Much of the banking growth has been through internal efforts but much of it in the last seven years has been due to a wave of mergers aimed at making large banks bigger and in spreading their activities into fields new to some of them.

The latest proposal is a merger of two big New York banks, the Manufacturers Trust and the Hanover Bank. If the plan goes through, the resulting giant would be the third largest in New York City and the fourth biggest in the nation.

California's Bank of America

with \$12 billion in resources is the nation's largest. In 1946 its assets were \$5.4 billion.

Manufacturers Trust, now New York's fifth largest, has \$4.4 billion, against \$2.2 billion in 1946. The Hanover Bank, the city's eighth largest, has \$2.1 billion, against \$1.5 billion in 1946.

They report combined assets, if they merge, would be more than \$6 billion which would push them ahead of both Chemical and the Morgan Guaranty.

### Specific Reasons for Act

They have specific reasons for merging. Hanover has a large and profitable trust department and a number of big corporate customers that Manufacturers would welcome. Manufacturers with 119 branches against Hanover's 113 is strong in the fast growing busi-

ness of serving small depositors and borrowers.

Hanover is one of the few New York banks still in the business of primarily serving big customers. In the last few years there has been a change in this business. The biggest corporations, although their money needs have grown with the nation's postwar boom, have turned in recent years away from keeping any idle funds on deposit in banks. Instead they put them into government securities where the yield has been better.

Banks catering primarily to corporations have suffered—but at the same time banks expanding dealings with individual savers and borrowers have flourished. This makes a natural climate for mergers.

## Rocky to Confer About \$40,000 More for Probe

ALBANY, N.Y. (AP) — Gov. Rockefeller will confer next week with members of the State Investigation Commission on a commission request for an additional \$40,000 to continue a probe of New York City's government.

The additional funds would carry the probe through the fiscal year ending March 31, the governor's office said Wednesday. The Republican governor has approved a \$100,000 increase, to \$600,000, in the commission's 1961-

62 budget, which requires legislative approval.

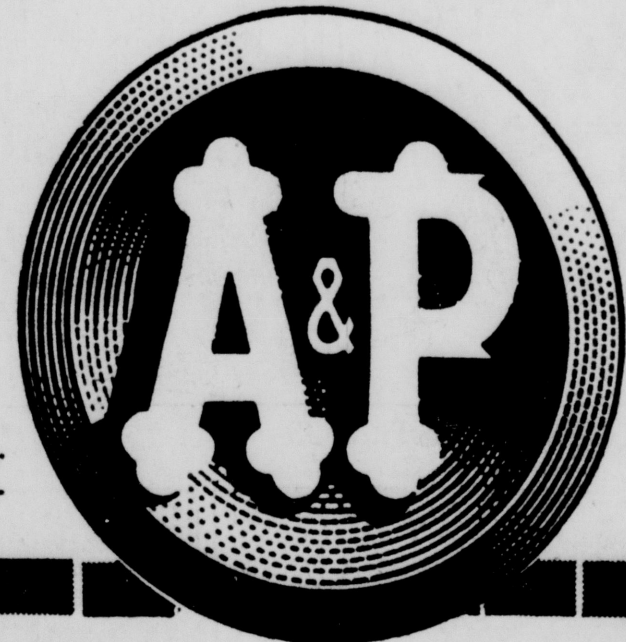

The additional funds next year also would be for the probe of alleged corruption in various agencies of Democratic-controlled New York City. A special unit of the bipartisan commission is conducting the investigation.

### Scouting Pioneer Dies

NEW YORK (AP) — Samuel Edelberg, a native of Latvia who became a pioneer in the Boy Scout movement in Northern New York, collapsed and died Wednesday after addressing a Rotary Club luncheon in Brooklyn. He was 78. Edelberg, a furrier at Saranac Lake, founded the Adirondack Council of Boy Scouts in that village in 1927. He came to the United States in 1904.

## OFFICE CAT

By Junius Trade Mark Reg.

A kindhearted English minister one day observed an old woman laboriously pushing a perambulator up a steep hill. He offered her assistance and when they reached the top of the hill said, in answer to her thanks:

Minister--Oh, it's nothing at all. I was delighted to do it. But as a reward, may I kiss the baby?

Old Woman--Baby? Lor' bless you sir, it ain't no baby. It's the old man's beer.

A bridegroom is a wolf whose whistle got stuck.

The Smithsons were away for

## Why We Say--

MESS HALL 1-19

IT'S NOT A MESS. The Army calls its canteen mess halls, not because they are kept untidy, but rather, because the word is taken from the Italian, "messa," for meals or the Latin, "missum," to set a table.

their summer vacation and gave Jane, their maid, a month's wages before leaving. On their return four weeks later, Jane demanded higher wages, or she would quit. Mrs. Smithson (horrified)--Gracious, Jane! you've only just had a month's vacation, with full pay. You should consider yourself very fortunate. Jane--That's just it. You paid me all that money for doing nothing, so it isn't fair to expect me to do all this work now for the same wages.

Two rabbits got on a jet plane in New York and when the plane reached California, two rabbits got off. They were brothers.

When little Tommy insisted on whispering to her in church, his mother finally told him firmly to be more quiet. Tommy considered the situation for a moment, then inquired: But what have I got a whisper for, if I can't whisper?

## WINTER EVENING

The twinkling stars are shining bright The pale new moon enfolds the earth with light But chilling winds now fill the air Reminding us that winter sure is here.

The steeple of the church and houses down below Have put a mantle on of newly fallen snow. At the village pond with merry chatter With lanterns gay, the young folks gather With youthful grace and gaiety as their guide They swiftly skate along with sheer delight. And down the hill, with happy glee Some youngsters come upon their sleigh.

Like a fairyland lays the countryside With its glistening snow And the stars so bright With the light of the moon And its silvery sheen A prettier picture I have never seen. MRS. HERMANN SCHULER Lake Katrine, N. Y.

# Pope Confers Red Hats on Ritter, 3

By FRANK BRUTTO

VATICAN CITY (AP) — Pope John XXIII today conferred the cardinal's red hat on Archbishop Joseph E. Ritter of St. Louis, Mo., and three other new princes of the Roman Catholic Church.

The public consistory in St. Peter's Basilica, high point of four days of ceremony that swelled the College of Cardinals to 85 members, was attended by 29 previous cardinals, hundreds of bishops, archbishops and priests, and about 10,000 spectators.

## Cardinal Ritter First

Cardinal Ritter was the first to get his hat. As he knelt before

the papal throne and two attendants held the broad-brimmed hat—or galero—over his head, Pope John intoned:

"For the praise of almighty God and the honor of the holy apostolic see, receive the red hat, the special badge of a cardinal's rank. By this you are to understand that you must show yourself fearless, even to the shedding of blood, in making our holy faith respected, in securing peace of Christian people, and by promoting the welfare of the Roman church. In the name of the Father and of the Son and of the Holy Ghost. Amen."

## Other New Cardinals

The same one-minute ceremony was performed in turn for the other new cardinals: Jose Humberto Quintero, archbishop of Caracas and Venezuela's first cardinal; Luis Concha Cordoba, archbishop of Bogota, Colombia, and Archbishop Giuseppe Ferretto, an Italian member of the Vatican Curia who is an expert on problems of the church in Latin America.

The same red hat, or galero, was used for all four cardinals. Later in the day papal messengers were to deliver individual hats to each of the four prelates. The red-tasseled galero normally is never worn, but hangs in the cardinal's church and at his death is placed on his coffin while he lies in state.

## Dooley's Death Saddens Saigon, Surprises Many

SAIGON, Viet Nam (AP)—Surprise and sadness were the reaction in Saigon tonight to the death of Dr. Thomas Dooley, who first became deeply interested in Asia as a Navy doctor helping evacuate refugees from Communist North Viet Nam.

"We knew he was ill but somehow felt he would recover and be back with us again," said a friend.

**SCOUT TRAINING SESSION** — Attending a finance training program for board members of the Ulster County Girl Scout Council are (l-r) Mrs. Marian Frasher, finance advisor from the regional branch office of Girl Scouts of the

U.S.A.; Mrs. Eugene Abramsky, district advisor of Ulster County; John Schomer, board member; Miss Virginia Spencer, regional office council advisor and Mrs. Morton Kamen, treasurer. (Freeman photo)

## Regional Office Advisors Attend Scout Meeting

Mrs. Marian Frasher, finance advisor from the regional branch office of the Girl Scouts of the U. S. A., and Miss Virginia Spencer, council advisor from the regional office were guest speakers at a meeting of the board of directors of the Ulster County Council of Girl Scouts, Inc., this week.

Their main objective while

here was to train the board members on better financial planning and budgeting. Mrs. Frasher spoke to the board on the fundamentals of financing a Girl Scout Council and explained the responsibility of the board, as the management body, in policy planning and adopting the recommendations of the various committees.

Prior to the board meeting,

Mrs. Frasher and Miss Spencer were dinner guests of the finance committee at the Hotel Kingston. They trained the members of the committee to better enable them to compile a budget that in the final analysis would give better service to the girls.

They reviewed the council's services to individual neighborhoods and pointed out that central financing was the legal way

to run a council efficiently. neighborhoods should not have individual bank accounts but should express their needs to the council as the council is an incorporated body and has the legal right to allot monies.

The board and finance committee members attending were

Mrs. David Ennis, Mrs. Edward Green, Mrs. John Olivet, Mrs. Morton Kamen, Mrs. Arthur Chipp, Mrs. Charles Greiner, Mrs. Calvin Wygant Sr., Mrs. Horace Brown, Mrs. Peter Knudsen, Mrs. Herman Miller, Vincent Freese, Mrs. Arlene Gertner, Mrs. Randolph Siegel, Mrs. Eu-

gene Abramsky and Mrs. Kenneth Martin. The Ulster County Council of Girl Scouts is a member of the Kingston Area Community Chest.

A deer usually sheds its antlers every year.

## WALLKILL NEWS

## Women's Club Meets

WALLKILL — The Wallkill Women's Club held its regular monthly meeting Friday afternoon at the 2 p. m. in the Valley National Bank Building.

At a short business meeting, Mrs. Howard Smith presided with Mrs. Addison Crowell as secretary. Mrs. Jesse McHugh, program chairman introduced Mrs. Jean T. Garrigan, home service representative from the Central Hudson Gas and Electric Co. who gave a demonstration of cooking on an electric range. Recipes for the articles made and cook books were distributed.

Mrs. James McClung and her helpers, the Mmes. Russell Hammesfahr, LeVerne Hastings, Joseph Holmes and Peter Sowa served the refreshments.

## New Officers Elected

At the annual meeting of the Wallkill Reformed Church, the following officers were elected:

President, Mrs. Wesley Withers; first vice president, Mrs. Everett W. Poole; second vice president, Mrs. Thomas Bellarosa; third vice president, Miss Alice Sloan; fourth vice president, Mrs. Herman Mahlandt; secretary, Mrs. Herbert DuBois; and treasurer, Mrs. Arthur Fox.

Mrs. Joseph W. Morris, outgoing president, expressed her thanks for the group's assistance and cooperation in the past two years.

The Women's Bible Study Group officers for the coming year are president, Miss Janice Meredith; vice president, Miss Alice Sloan; secretary, Mrs. Walter Harris; and treasurer, Mrs. Roel Hoogbeem.

Officers for the coming year of the Wallkill Reformed Church choir were presented by the nominating committee at a special meeting held Sunday morn-

ing as follows: President, Mrs. J. A. Ronk; vice president, Mrs. C. E. Penney; and secretary-treasurer, Mrs. Claude L. Decker. All nominations were accepted unanimously; and Mrs. J. A. Howell, retiring president thanked the group for their cooperation this past year.

## Community Events

The penny social held Monday evening by the Ladies' Auxiliary, Rose-Sheley Unit 1034, American Legion, was a highly successful affair with net proceeds of \$64. The committee and the president, Mrs. George Flockhart have expressed their appreciation to the community for their support, attendance and donations for the affair.

Mrs. Flockhart also asks that residents save their coupons for the Auxiliary Unit. Coupons may be given to any member or the coupon chairman, Mrs. Mabel Alquist.

Miss Dottie Doscher, daughter of Mr. and Mrs. DeWitt Doscher, celebrated her eighth birthday Saturday with a party at her home. Those attending were Nancy Ruggiero, Karen Ostrander, Jackie Kopf, Teresa Napolitano, Suzanne Mack, Jeanne Masten, Marilyn Malloy and Carolyn Newell, her cousin from Marlboro.

The Town of Shawangunk Democratic Club is making plans for a masquerade dance Feb. 25, at the 1776 House, Dwaarkill. Tickets will be distributed soon through the ticket committee. Larry Mower, Teddy Totman and Peggy Crans, Mrs. Anne Brennan is general chairman of the affair and announces that awards will be given for the best costume. Music will be by the Colonials.

William Van Wyck, son of Mr. and Mrs. Elmer Van Wyck of Orchard Street, Wallkill, has been promoted to captain in the

THEY'LL DO IT EVERY TIME (Registered U. S. Patent Office)

By JIMMY HATLO

U. S. Army Medical Corps. He enlisted in the Army in 1948 and is at present stationed in Panama. He resides there with his wife and year-old son.

Ivanhoe Lodge, Knights of Pythias will hold its semi-annual fish and chips dinner Tuesday, Feb. 7, beginning 5 p. m., and continuing until all are served. It will be held at the Wallkill Reformed Church Hall. Tickets may be obtained from any lodge member.

## Reformed Church Notes

Due to a leave of absence, given to the Rev. Walter N. Van Popering of the Wallkill Reformed Church, the pulpit will be occupied Sunday 11 a. m. by the Rev. Leon-

ard Sibley, field secretary of the board of foreign missions of the Reformed Churches of America. The choir will present the music under the direction of Mrs. Louise Didsbury.

Sunday school will convene at the regular time of 10 a. m. for pupils under the superintendency of Fred C. Terwilliger.

Thursday junior choir will be held at 3 p. m. in the church, and at 7:30 p. m. regular senior choir rehearsal will be held in the church.

At the annual Congregational Meeting held on Sunday after Church, the Rev. Wilhelm Haysom of the New Hurley Reformed Church, conducted the session.

Charles E. Penney was elected

to the office of deacon to replace J. A. McClung, retiring; and William Mower to the office of elder replacing Herman Mahlandt, whose term also expired. C. E. Caswell, senior member of the Consistory expressed the minister's thanks for the cooperation and assistance given to him by these two men while serving office, and to that of the entire consistory and congregation for their support.

It was also announced that during the minister's absence, anyone needing pastoral service should contact the elder, Herman Mahlandt.

Installation and ordination service will be held Feb. 12, following the return of the Rev. Mr. Van Popering.

## Bohan Appointed To National A. L. Guest Committee

Thomas Bohan of Ulster Park, commander of the Third New York District, American Legion, has been appointed as a member of the national distinguished guests committee of the Legion.

A letter from W. R. Burke, national commander, follows: "Upon the recommendation of your department officers and with the approval of the national executive committee, I am pleased to tender you an appointment as a general member of the national distinguished guests committee of the American Legion. Your term on the committee will run until the close of the 1961 fall meeting of the national executive committee."

"It gives us much pleasure to offer this appointment to you as a form of recognition of the value of your services to the American Legion. It is our hope that in the event the chairman of the committee to which you are appointed or your department calls upon you for assistance, you will help in any way you can."

"It is my hope that you will accept the responsibility of assisting your post, county, district and department officers in making certain that every post in your department exceeds its 1960 total membership for 1961 by our 42nd anniversary, March 15-17, 1961. This must be our membership objective this year. I am counting on you to help make it a reality."

## Use Liquid Cleanser

The gal with oily skin should make certain she removes her make-up with a liquid cleanser as well as soap and water. Blemishes thrive on oil and this is the best way to remove all traces of it before going to bed.

## Glancing Over TV Bill of Fare

By CYNTHIA LOWRY AP TV-Radio Writer

NEW YORK (AP) — Nobody seems to ever write stories like "The Prisoner of Zenda" any more, full of dashing, nerveless heroes, beautiful princesses and lovely uniforms. But Summer Locke Elliott's TV adaptation of the popular old mythical kingdom romance was a thoroughly delightful and entertaining 90 minutes on CBS Wednesday night.

The adaptor and the performers invested the Anthony Hope tale of skulduggery in Ruritania with just the proper atmosphere—high adventure and romance played with just a suggestion of satire, all of which made the sword play, the poison wine and the sinister plotting great fun.

Christopher Plummer was properly noble and brave as Rudolf Rassendyll, the king's English double and adequately weak and irresponsible as his majesty. Farley Granger and Philip Bosco were a pair of lovely villains, while Inger Stevens was all that someone named Princess Flavia should be. I guess we all had a turtur tear in our eyes when the English Rudolf turned back the country and his royal beloved to his royal double and sadly went home, with only a rose and his memories.

The soap operas, the game shows and the reruns of old situation comedies will be brushed ruthlessly aside Friday as the presidential inauguration literally takes over the TV tube during the daylight hours.

The three major networks will start reporting the big event at 11 a. m. Eastern Standard Time and continue on through the swearing-in ceremony and parade. That means it will be around 4 p. m. before things get back to the

usual goings-on. Then, at 11:15 p. m., all three will swing into their inaugural ball reports.

CBS announced plans to convert its popular half-hour Western, "Gunsmoke," for years at the top of the popularity ratings, into an hour-long show next season. The idea, according to the network, is to give the program "greater scope."

Recommended tonight: CBS Reports, 10-11 p. m.—A report on the congressional rules committee.

**SUFFERING AFRICA**—Hardly more than bones, a Baluba tribeswoman and her child sprawl in the dust of a road near Bakwanga, Congo, too exhausted to continue the journey for help. They and other natives of Kasai Province are starving in the wake of inter-tribal fighting between the Balubas and the Lulus. Ironically, the appearance of a woman, right, balancing a full basket of food on her head. Fortunately, food and medical aid were available for the emaciated pair at a nearby refugee center.

### Teachers Plan Visitation on Jan. 27

## Local Firms Will Assist Chamber In Business-Education Program

This is the first of a series of new releases prepared by the Education Committee of the Kingston Area Chamber of Commerce in connection with Business-Education Day, January 27. This is the day the teachers and staffs of the Kingston High School, the Junior High School, and other schools, will visit 25 local industries and businesses.

Each of the releases will contain factual information about several of the firms cooperating in this major community relations project sponsored by the Chamber of Commerce.

#### Barclay Knitwear Co.

In 1928, Michael Pauker founded Barclay Knitwear Company, Inc., in New York City to manufacture and distribute men's and boys' sweaters, knitted shirts and sportswear. At that time the entire organization was comprised of Mr. Pauker and two employees. Today, they have approximately 500 employees at various locations in New York City, Port Ewen, Kingston, Waterville, N. Y., and regional sales offices throughout the country.

Barclay Knitwear annual sales are in the millions of dollars. The company's secretary, Robert E. Davis, revealed that from an initial net worth of \$10,000, in 1928, Barclay now has an AAA1 Dun & Bradstreet rating. In an industry where competition is fierce and mortality extremely high, Barclay proudly claims a leading rank in the knitwear industry.

In 1934, Barclay moved its manufacturing operations to Kingston, under the name of Kingston Knitting Mills, Inc. The stock room and shipping department followed in 1938. This important industry has been in Kingston for over 25 years, using

facilities that now occupy an entire block on Cornell Street. Two additions were built, one in 1941 and another in 1948. In 1956, additional manufacturing facilities were established in Waterville under the name of Waterville Knitting Mills, Inc. In 1959, Barclay moved its warehousing, shipping and accounting operations to a fine modern new building in Port Ewen. Kingston Knitting Mills remained at Cornell Street and expanded and modernized its operation, so that it presently occupies the entire Cornell Street property. These expansions were necessitated by the increasing demand for Barclay products.

Barclay manufactures juvenile, boys' and men's sweaters, knit shirts and sportswear. A Barclay label is the buyer's guarantee of prime quality in material, dye, cut and manufacture. High quality raw materials including cotton, worsted, lambs wool and orlon are knitted.

Sales of Barclay products are directed from executive and sales offices in New York City and branch sales offices in Pittsburgh, San Francisco, Los Angeles and Seattle. The company maintains its own sales force on the road, who sell direct to department and chain stores, and independent retailers.

Barclay Knitwear Company, Inc., is extremely optimistic about the future. The growing preference of the public for casual wear, at both work and play, contributes to an increasing demand for the products of this "Young in Spirit" company. Barclay makes a very substantial contribution to the economy of our area.

Montgomery Ward is a nationwide organization. Wards operate over five hundred and sixty retail stores, more than five hundred

catalog stores, and ten mail order houses, supported by large warehouses and distribution center partnership between A. Monters.

Wards started as a simple gomery Ward and George R. Thorne. Today the six and one-half million shares of capital stock are held by nearly one hundred thousand shareholders.

In 1872 Wards catalog was a circular listing only one hundred and sixty-three items. Today the general catalog contains one thousand pages and over one hundred thousand items. Sales in 1872 were a few thousand dollars. Today Wards is one of a select group of billion-dollar companies in America. In 1872, there were only twenty-five employees. Today, the company regularly employs about 35,000 people, and nearly 80,000 during peak periods. Over nineteen hundred have more than twenty-five years' service.

Wards opened its first retail store in Maryville, Kansas, in 1926. The stores are planned to meet the needs of the communities they serve. They vary in size from the large store, like the one in Kingston, carrying limited lines. The store manager is responsible for the complete operation of his store. The local store is at 25 North Front Street.

The Montgomery Ward Creed, as provided by the local manager, Sully Fleming, reads as follows: "We desire to conduct our affairs that all who deal with us will feel satisfied with their trade; will be pleased with our methods and retain a feeling of friendliness for us; will trade with us repeatedly and will be pleased to express their satisfaction to others."

#### Kingston Freeman

The Kingston Daily Freeman is an afternoon newspaper published by The Freeman Publishing Company, the only daily newspaper in the City of Kingston. This firm was established in 1871 and is the outgrowth of the Weekly Freeman, established in 1860.

An average issue consists of 25 pages with daily editions varying from 14 to 48 pages. During 1960, some 890 tons of newspaper were used in publishing The Freeman. About 100 pounds of ink are used daily on two new Goss presses, which are capable of printing 48 pages at a speed of 22,000 copies per hour. Four color reproductions are among the latest services in the newspaper field. This is an intricate job, which calls for expert and meticulous supervision by the pressman.

The Freeman Publishing Company is of great economic importance to the community in addition to being an excellent advertising and news medium. At present, it has 94 employees with an annual payroll of about \$550,000.

The coverage of the trading area by The Freeman is 97.2 per cent. Over 94 per cent of the entire circulation is in the hands of subscribers the same day of publication. This is accomplished through the use of trucks, buses and carrier boys. Trucks convey The Freeman every day to the Ellenville, New Paltz and Saugerties areas and buses carry them to other points in the circulation area.

The work of the advertising department is to assist advertisers in presenting their merchandise and services to the best possible advantage for the benefit of customers.

The Freeman has three main sources of news. First, the leased wire service of the Associated Press, which delivers some 40,000 words of the world-wide news daily. This is supplemented by NEA services of special features. Secondly, the local city reporter staff which gathers news of local importance. Finally, there are some 40 county correspondents upon whom The Freeman depends for new occurrences in the respective communities of Ulster County. All join to inform and enlighten the public about current events.

The Freeman has a circulation of 16,917 in Kingston and Ulster County, certified by the Audit Bureau of Circulation.

### 4 Graduate Centers To Be Established At Existing Schools

ALBANY, N.Y. (AP) — Four graduate centers proposed by the State University board of trustees would be established at existing schools, a university spokesman said today.

The graduate program calls for addition of new courses and possibly some new buildings but not construction of separate graduate schools, the spokesman said.

The proposal for the graduate facilities was contained in a \$600-million expansion plan announced Wednesday by the university.

The board also recommended five new community colleges Upstate and new four-year colleges in Westchester and Nassau counties.

The graduate centers would be established at the university's Long Island Center at Stony Brook, Harpur College at Binghamton, State College of Education at Albany and at Buffalo.

The Buffalo graduate center would be at the College of Education or at the University of Buffalo, which the State University might absorb.

The university explained the plans for the graduate centers after some reports, including that by The Associated Press, listed the centers among proposed units that would have to be constructed.

### Youth Faces Trial In 4-Cent Robbery

Accused of attacking and robbing a Vassar Hospital employee of four cents on November 2, Hiawatha Watkins, 20, of 192 Union Street, Poughkeepsie, expects to be tried before Dutchess County Judge John R. Schwartz next week.

Watkins was indicted on charges of first degree robbery, second degree assault and first degree grand larceny. Police said the youth allegedly assaulted and robbed Thomas Van Wagner, 57, of 69 North Bridge Street.

### Rescue Breathing Booklet Most Requested in 1960

ALBANY, N.Y. (AP) — "Rescue Breathing" was the State Health Department booklet most requested by New Yorkers in 1960.

The department said today it had distributed 730,403 copies last year.

The booklet describes mouth-to-mouth resuscitation. The department said it had distributed during the year a total of approximately 2,700,000 copies of department publications, which are available without charge.

## Chamber Plans Two Major Public Relation Events

Two major public relations programs sponsored cooperatively by the Kingston Area Chamber of Commerce and the Kingston Consolidated Schools are now underway.

One is Business-Education Day, referred to as B-E Day, which takes place on Friday, Jan. 27. On this day about 175 teachers will visit 25 area businesses and industries.

The second project is Education-Business Day, or E-B Day, the reverse of B-E Day. This is scheduled for the evening of Feb. 16 when Chamber of Commerce members and their guests will attend a special evening program at the high school. At the request of the Chamber's Education Committee, nine special group sessions will be arranged, each covering a specific portion of the operation of the school system. Those attending will enroll in the group meeting of special interest to them.

George A. Berk is chairman of the Education Committee of the Chamber of Commerce which helped plan the cooperative programs. Dan Allen is chairman of the special School Committee arranging for B-E Day and Hugo Schlatter is chairman of the Chamber's B-E Day sub-committee.

The B-E Day program on Jan. 27 will start with a combined session of all teachers and representatives of cooperating firms at 8:45 a. m. in Kingston High School Auditorium. After a short program the teachers will be transported to their assigned destination and later be luncheon guests of the sponsoring firms.

## Baptist Critical Of Spellman's Attack on Policy

NEW YORK (AP)—A prominent Baptist church official says it is "most unfortunate" that Francis Cardinal Spellman has attacked a basic position of the incoming Kennedy administration on federal aid to education.

Cardinal Spellman stirred a controversy with Protestants by asserting such federal aid would be unfair unless church-run schools received it along with public schools.

The Rev. W. Hubert Porter, associate general secretary of the American Baptist Convention, issued a statement here Wednesday.

"It is most unfortunate that a leading cardinal of the Roman Catholic Church would attack a position to which President-elect Kennedy pledged himself repeatedly before nationwide audiences during his successful campaign for the presidency—not to use public funds for parochial schools," the statement said.

## Dr. Dooley ...

by train, plane, oxcart and dug-out canoe.

## Had Honor Decorations

For his work with the refugees, Dooley won the Legion of Merit, and was the youngest officer in the history of the Medical Corps to receive it. He also was awarded the National Order of Vietnam, that nation's highest decoration.

Dooley turned over his first small hospital in 1957 to the Laotian government. Then it was back to this country to raise more funds. He lectured and appeared on TV.

In 1958, with Dr. Peter Comanduras, a Washington, D.C., physician, he founded MEDICO (Medical International Cooperation Organization), a nonprofit agency.

## Returns to Laos

Dooley had raised more money with another best-seller, "The Edge of Tomorrow," and returned to Laos to establish a hospital in the village of Moung Sing near the Chinese border.

At first there were only mats for beds, but Dooley considered this his own hospital. It soon was handling 100 patients a day.

## Back to Raise Funds

It was back again to the United States for more lectures and fund-raising.

In 1959 a \$10,000 annual award Dooley received from an insurance firm went to another MEDICO hospital in Kenya. But that same year he learned that a tumor on his chest was malignant. A New York operation was termed successful and he went back overseas.

Even though told by some doctors his cancer was arrested, he remarked to newsmen that his type of cancer was the fast-growing kind, but added:

"I figure that what I have crammed into my life makes me really 65."

He managed to get his own plane and flew back and forth directing the hospitals. An admittedly avid fund-raiser, he once wryly described himself as "begging, bumbling, borrowing and, from time to time, just stealing a bit" for his and other MEDICO hospitals.

Last November Dooley, in Hong Kong to discuss a new hospital program, collapsed from sheer exhaustion. Came the brace and a diagnosis of "bony destruction to the vertebrae."

After a funeral mass at St. Louis Cathedral, Dooley will be buried in Calvary Cemetery beside his father, Thomas A. Dooley Sr., and a brother, Earle, killed in Germany during World War II. Among survivors are his mother, Agnes, and two brothers, Malcolm, of Huntington, N.Y., and Edward, of Cleveland, Ohio.

## 250 IBM Employees

to participate in the new award plan. The first presentation of awards will be for inventions filed before December 31, 1960. They include such fields as solid-state physics, chemistry and computer circuitry.

An invention rated "outstanding" by a laboratory board earns an award of \$1,000. The invention is also eligible for a corporate award of \$5,000 or more at the end of the year.

In addition, the program offers a five-stage achievement plan that rewards inventors according to the number of their inventions.

## Must File Five

Five inventions must be filed to qualify for the first-stage award which pays \$1,000. A cumulative total of 13 filed inventions is required to win the next stage award which pays \$1,500. A total of 25 inventions filed is required to win the \$2,500 award at the third stage, and 40 filed inventions are required to win an additional \$3,000.

After qualifying for the \$3,000 award, an inventor can earn \$3,000 more for every additional 15 inventions filed. At this stage, and at earlier stages of the awards, various combinations of filed and published inventions may alternatively be used for qualification.

## Butter Prices

NEW YORK (AP)—USDA—Butter offerings excessive. Demand slow. Prices unchanged. Cheese steady. Prices unchanged.

## Financial and Commercial

NEW YORK (AP)—Ralls hauled an irregular stock market to the upside on balance early this afternoon in heavy trading. The Associated Press average of 60 stocks at noon was up .50 to 230.10 with industrials down .20, rails up 1.10 and utilities up .30.

Continued excitement over Baltimore and Ohio stock—object of merger plans by both the Chesapeake & Ohio and the New York Central—continued the big feature of trading.

B&O opened higher and other rail shares followed suit, posting moderate gains for the most part. The rest of the list was ragged.

The over-all market seemed to be consolidating some of its gains of Wednesday.

The Dow Jones industrial average at noon was off .95 at 633.15. Corporate bonds improved. U.S. governments showed no change. Dealings were quiet.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 63 Wall Street, New York City, branch office, 41 John Street, Matthew F. Hasbrouck, Jr., manager.

## No Refunds Asked

The State Securities Department in Des Moines reported that Biochemical stock has not been registered in Iowa and therefore it is illegal to sell it in this state. Securities officials said they had advised the corporation to offer refunds to stockholders who had already bought stock.

Harold E. Kistner, president of Northern Biochemical, said all stockholders have been asked if they want their money back and none has requested a refund. He said Mrs. Geiger bought her shares about last April or before.

Kistner said the corporation will meet this week's payroll for 135 employees and will continue in operation without interruption.

## Fire Driver's Leg Amputated

A 57-year-old Poughkeepsie paid fire driver underwent surgery at Vassar Hospital on Monday for the removal of a leg, but details concerning the amputation were not available.

Franklin Parker was relieved of his duties as a driver several weeks ago after his leg began troubling him, according to Fire Chief Irving Merrick, who said Parker's ailment had nothing to do with his work as a city fireman.

Parker was a fireman for 31 years. He entered the hospital on Dec. 26. His condition was described as satisfactory.

Oregon Territory was organized in 1849, and admitted to statehood in 1859.

CATCH WHIPPING HOSE—Firemen pounce on broken hose that coiled in snake-like fashion as water gushed from it during fire at St. James.

Street firm Wednesday afternoon. Two firefighters were injured as they fought the blaze. (Freeman photo).

## City Water ...

provement was \$554,000.

The first eight major projects resulting of the 1925 survey were completed between 1926 and 1929.

## Reservoir Projects

The raising of the dam at Cooper Lake was completed at a cost of \$143,186.23. The others as listed with cost are: Reservoir No. 2—Cooper Lake—24-inch conduit, \$267,946.16; Shady inlet construction, \$11,260.28; Binnewater (equalizing) Reservoir construction, \$161,834.29; New 20-inch line Binnewater valve chamber to Manor Avenue, \$50,000; hydraulic valves, filter plant, \$37,488.66; new wash-water elevated tank, filter plant, \$10,000; and installation of a 16-inch loop line over Clinton Avenue, North Front Street, Washington and Greenlark Avenues, and Cedar Street, \$108,112.39.

Completed between 1939 and 1949 were: West side standpipe, Glen Street (with WPA help) \$8,800. Completed also with WPA aid were the west side pumping station, \$36,000, and replacing four-inch main in the city, \$110,000. Others were: a leak survey of conduits Cooper Lake to city, \$350, and Florence Street tank and pumping station, \$106,000.

## City Has Meters Now

The 1954 project, as reported above, followed the Florence Street project, and in 1957 a leak survey of the distribution system was completed at a cost of \$7,100. This was followed by universal metering, the contract cost of which is listed at \$206,331.02, and other costs at \$30,000. It was noted that pipe on some of the earlier projects was installed at a cost of \$9 a foot, and the cost of such installations today is about \$25 a foot. No figures were available to show comparison of earlier and more recent costs for materials and labor on the various projects.

## \$130,000 of Bank

represents only a part of the embezzled funds. Mrs. Geiger paid for the stock in excess of \$130,000 with blocks at \$1.08 and \$1.16 a share.

## Bought Third of Shares

Elliott Roosevelt, son of the late president and economic consultant for Northern Biochemical, said Mrs. Geiger bought about one-third of the corporation's capital stock of 350,000 shares.

Records indicate that in the early months of the corporation, outstanding shares totaled only about 200,000 and Mrs. Geiger held 65 per cent. The firm also has two subsidiaries.

## Other Developments

There were three other developments in the affairs of the chemical company which was reported to be one of the biggest depositors in the Sheldon National Bank.

Roosevelt, speaking at a mid-night news conference after a lengthy meeting of the company directors, said he owns no stock in Northern Biochemical and will have to wait to see if "this will be a good investment."

Kistner said the corporation will meet this week's payroll for 135 employees and will continue in operation without interruption.

## No Refunds Asked

The State Securities Department in Des Moines reported that Biochemical stock has not been registered in Iowa and therefore it is illegal to sell it in this state. Securities officials said they had advised the corporation to offer refunds to stockholders who had already bought stock.

Harold E. Kistner, president of Northern Biochemical, said all stockholders have been asked if they want their money back and none has requested a refund. He said Mrs. Geiger bought her shares about last April or before.

Kistner said the corporation will meet this week's payroll for 135 employees and will continue in operation without interruption.

Franklin Parker was relieved of his duties as a driver several weeks ago after his leg began troubling him, according to Fire Chief Irving Merrick, who said Parker's ailment had nothing to do with his work as a city fireman.

Parker was a fireman for 31 years. He entered the hospital on Dec. 26. His condition was described as satisfactory.

## Oregon Territory

Oregon Territory was organized in 1849, and admitted to statehood in 1859.

## Holstein Parley

Set for Jan. 30

## At Concord Hotel

The Eastern New York and Ulster-Sullivan-Orange Holstein Clubs will play host to the 41st annual convention of the Holstein-Friesian Association, Inc., Monday and Tuesday, Jan. 30-31, at the Concord Hotel, Kiamesha Lake.

The convention sale will be held Wednesday, Feb. 1, in the Concord's Empire Ballroom, with a top selection of cattle to be offered to buyers.

The convention will feature many interesting activities for the ladies, including complimentary dance classes held under the expert eye of one of the Concord's dancing teachers and a cosmetic demonstration given by courtesy of Gauband of Paris.

One of the hotel's chefs will demonstrate the art of making hors d'oeuvres and the decorating of birthday cakes.

A highlight for the ladies will be a demonstration of interior decorating by Miss Harriet Clingman of F. Schumacher & Co., on Tuesday afternoon.

There will also be a variety show Sunday night, a musicale Monday night and a Broadway all-star entertainment show following the banquet Tuesday night.

## Bowles Pledges

## Formosa Defense

WASHINGTON (AP)—Under-secretary of State-designate Chester Bowles told inquiring senators that the United States is "going to defend Formosa at whatever the cost and whatever the risks."

Bowles also testified before the Senate Foreign Relations Committee he not only opposes recognition of Red China as things now stand, but also sees no possibility that the United States would meet the terms the Communists would demand for such recognition.

The committee began its hearing on his upcoming nomination in a packed committee room. Scores stood outside unable to get in.

Under questioning by Sen. John Sparkman, D-Ala., Bowles said Chinese Communist leader Mao Tse-tung has imposed the condition that Formosa, Nationalist Chinese stronghold, must be a part of Communist China.

In addition, Chinese Communist Premier Chou En-lai made clear in an interview with writer Edgar Snow that there can be no discussion with the United States until it accepts as a fact that Formosa is part of mainland China.

"Obviously we won't do that," Bowles said.

"I simply feel we are obviously not going to give up Formosa. We are going to defend Formosa at whatever the cost and whatever the risks."

## Philly Port Is Reopened After Alert on Blaze

PHILADELPHIA (AP) — The Coast Guard today re-opened the Port of Philadelphia which had been closed for seven hours as a precaution against fire after 7,000 gallons of a flammable chemical spilled into the Delaware River from a pipeline shattered by a ship.

### Still Some in Area

Chief Petty Officer William Taylor announced the port was re-opened at 4:30 a.m. after an inspection showed that most of the chemical, orthoxylenes, either evaporated, was absorbed by the water or went out with the tide.

He said, however, that Philadelphia fire officials reported there still was a concentration of the chemical in the areas of two piers here.

Smoking was prohibited in pier areas and vessels were asked to proceed with caution.

The SS Dorset, a 10,000-ton

freighter carrying lumber from Vancouver, B.C., to Philadelphia, smashed into the pier and cut the pipeline while trying to dock in a strong tide Wednesday night. The impact, which shattered a five-foot cement casing around the pipeline, left a two-foot hole in the bow of the ship. Mike Fakis, the ship's captain, and his crew of 35, walked off the ship without incident.

Coast Guard headquarters in Gloucester City, N.J., ordered all traffic halted in a 7½-mile stretch of the river between the Walt Whitman Bridge and the Pennsylvania Railroad's Delair Bridge.

### Carrier Is Guarded

Precautions were taken to guard the USS Kitty Hawk, a super aircraft carrier undergoing tests at the docks. The New York Shipbuilding Corp. in South Camden, N.J., and other waterfront industries doused acetylene torches and immediately ordered other fire prevention measures.

A fireboat poured thousands of gallons of water on the river surface to dilute the chemical which is used in the manufacture of paint and varnish. Firemen from Philadelphia, and Camden and Pennsauken, N.J., stood by.

The severed pipeline extends 1,500 feet from the pier to a group of tanks where the orthoxylenes is

### HOSPITAL PHARMACY GETS PLAQUE

In recognition of its outstanding public service in dispensing over a million prescriptions, the pharmacy at Benedictine Hospital has been given a plaque by E. R. Squibb & Sons which instituted the award to give special note to pharmacists and their profession. K. Christian-

son (center), Squibb division manager, presents the plaque to Sister Berenice, hospital administrator, and Edwin Bolz, assistant administrator, at left. Observing are Leo Bigler, hospital pharmacist, and Louis Smith, Kingston, Squibb representative.

stored for the Allied Chemical Corp.

## IN THE Service

Returns to Germany

PFC. HARRY ZEHNICK JR. returned to duty with the 3rd Howitzer Battalion, 35th Artillery near Frankfurt Germany after spending a 30-day leave at the home of his parents, Mr. and Mrs. Harry H. Zehnick Sr., 377 East Chester Street. He has 18 months to serve on a three-year enlistment. Zehnick attended Kingston High School.

## ASK THE DESIGNER

by gaile dugas

Dear Gaile: I wish someone would tell me how to organize my wardrobe. I never know what to keep and what to toss out. Or how often I should clear things out. I've had some pet dresses five years and longer. But other things seem to look odd after a season or two. Is there any set rule that would help me to decide just when to discard clothes?—Mrs. S. R. C.

Dear Mrs. S. R. C.: No, not really. But I talked your question over with New York designer Ben-Barrack and I think his answer will clear things up for you. He says:

"Never decide to toss out almost everything you own. For fashion evolves within a cycle of 7-10 years. At the end of that time, there is a complete change. Within that period, there are slight changes: the sleeveless dress, high or low waistlines or new fabric combinations."

"To keep your wardrobe up-to-date, add something new each season. That way, your wardrobe will change within the fashion cycle. And remember, new fashions develop

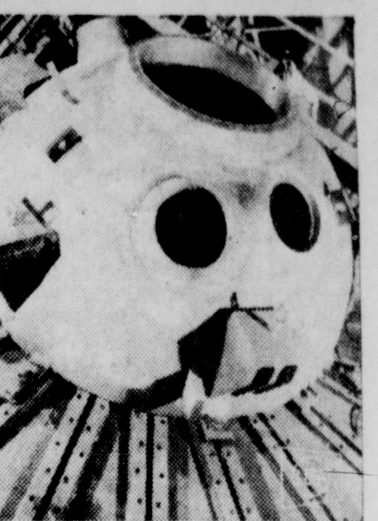

because women demand them. They tire of the old ones after awhile, no matter how becoming they may be."

Dear Gaile: I'm one of those people who wanders through a department store buying things on the spur of the moment. I've been told that this is called impulse buying and I'd like to cure myself of it. Can you tell me how?—M. J. V.

Dear M. J. V.: No, I can't, but I've turned your problem over to a designer who has some ideas for you. She believes in planned buying and in never spending a cent for something that isn't on your future clothes list. She is Lori Till, designer of separates for Casino Classics. She says:

"Decide at the beginning of each season on two colors that will theme your wardrobe. Keep in mind the fact that separates cover a multitude of functions. In my belief, if your colors are co-ordinated, then everything worn that season (skirts, blouses, jackets, hats, shoes and handbags) will harmonize."

"This way, your entire wardrobe is a magical go-together

**OLD NUCLEAR**—Wide-eyed, pig-nosed chap with hole in head weighs 23 tons. It's the bottom section of a nuclear reactor vessel under construction in Milwaukee, Wis. Holes are for pipes and such.

collection. And you're not wasting precious money on useless purchases that will only remain idle in your closet."

# MEN! Robert Hall announces!

Spending money and saving money is a serious business

"Robert Hall makes and sells for cash, more men's suits and coats than any other clothier in America."

Why?

Because... we save—you save.

- No credit charges
- No service charges
- No fancy fixtures
- No show windows
- Out of the high rent locations

In other words, it makes plain common-sense. Why pay for something you cannot wear!

Therefore, our reasons for saving you money are just as sound today, as when we first introduced these savings to the American public twenty years ago.

Just one more important fact... Our men's suits and coats are made in America by skillful tailors—your assurance of quality.

You will find this "MADE IN THE U.S.A." label only at Robert Hall on every man's suit and coat.

### Library Reports Many New Books

Among the new books at the Kingston City Library is Dairy of A Russian Schoolteacher, kept by Marina Nikolayevna during her first years of teaching experience. The diary illustrates the educational principles of the Soviet school system when a dedicated teacher and 40 twelve-year-old boys try to learn together what the community has decided they ought to know. The new books:

Fiction — The Esquire Reader, Gingrich; Versus Inspector Malgret, Simeon; The King From Ash-tabula, Snider.

Places and history — The Story of

#### Jacoby System Not Radical

BY OSWALD JACOBY  
Written for  
Newspaper Enterprise Assn.

While the Jacoby-Smith system is different from all other bidding systems, there is nothing radical about it. We believe in light opening bids, but the light opening bid is a feature of the highly successful British

Acot system and, strangely enough, also the earliest American bidding systems.

Light opening bids are going to get you trouble if you can't quit quickly and at a reasonable spot. Therefore, in Jacoby-Smith the opening spade bid guarantees at least a five card suit and if partner responds with two of a lower suit he shows at least 11 points.

With 11 high card points and two doubletons South's hand qualifies as an opening bid in standard American bidding and, of course, is a Jacoby-Smith bid.

North's two diamond response is normal as is South's two spade rebid.

But a Jacoby-Smith North will pass. The two spade call shows a minimum or very near minimum Jacoby-Smith opening and 12 or 13, plus 11 does not indicate a game. Standard American bidders would probably try one more bid with the North hand and would land in the soup; particularly if South got in the act and went on to game.

Incidentally, the North-South hands will make exactly two spades with reasonably good defense and dummy play. They won't make two no-trump under any circumstances.

### Asks Parking Change

Poughkeepsie's Traffic Commission has been asked by the Common Council to adopt a city-wide 90-day trial of alternate night parking of cars to aid snow plowing and snow removal and cleaning of streets during months when sweepers and flushers are at work.

## All-Star Cast on Hand

## Capital Awaits Kennedy's Day

WASHINGTON (AP)—The capital squared away today for John F. Kennedy's presidential inauguration—one of the biggest in history.

Every plane, train and bus fetched in politicians, celebrities, school children, brass bands and ordinary precinct-run democrats eager to whomp it up over regaining control of the White House.

All were here for a solemn occasion that lasts but a moment. Around 12:30 p.m. Friday, Kennedy takes the simple oath, and as he does the awesome responsibility for leading this country in the challenging days ahead quietly shifts to him.

Rarely has there been such an all-star cast. Kennedy is here. Harry Truman is here. Dwight Eisenhower is here. Herbert Hoover was expected late today.

For a short time Friday four men who have taken this high oath will be together at the Capitol—two Democrats, two Republicans—who by their very presence are an excellent illustration of democracy at work.

Only one chilly note threatens to mar the festivities. The weather man is sticking by his prediction that the thermometer will hover around freezing and that there will be a brisk wind. Those who are at the Capitol, and

those who line Pennsylvania Avenue for the parade that follows, are in for a frigid afternoon.

But today the emphasis is nearly all on celebrating.

Kennedy will drop by a reception for governors late this afternoon, take in a couple of private receptions, go to a special inauguration concert of the National Symphony and wind up the evening at a Democratic gala in the National Guard Armory.

Led by Frank Sinatra, an all-star cast has been lined up to entertain those who contribute \$100 apiece for the big party fund-raising affair. Performers to appear tonight are Harry Belafonte, Gene Kelly, Jimmy Durante, Nat King Cole, Leonard Bernstein, Ethel Merman, Louis Prima, Keely Smith, Mahalia Jackson and on and on, with a special mention for Ella Fitzgerald. She's coming all the way from Australia.

Peter Lawford, film star married to Kennedy's sister, estimates that at going television rates the entertainment would cost \$488,000. Instead, most of the artists are donating their services.

## Local Dog Trainers Win at Area Show

Two members of the Ulster County Dog Training Club won awards with their dogs in the Mid-Hudson Kennel Club's match show Sunday at Lincoln Center, Poughkeepsie.

Al Hoffman's springer spaniel Belle won highest scoring dog in the obedience trials with a score of 198 out of a possible 200. Mary McDonald's Doberman pinscher handled by Cliff Warren took first place in breed in the American Kennel Club sanctioned show.

Training classes are held at the Kingston Recreation Center, 97 Broadway, every Wednesday 8 p.m. Mrs. Katherine Seitz is instructor.

## Westkill Club Sold

Arthur Flick has sold the Westkill Tavern Club to Vincent Marino of New Jersey. The Club, which has been in the Flick family and under their supervision for two generations, is located in the heart of Greene County's fishing and hunting area.

**THROW-AWAY ROCKET**—The Army has developed a 4½-pound antitank rocket carried in a throw-away container that doubles as its launching tube. Telescopic aluminum inner section in the disposable container is extended before firing, as shown above. The unit is called XM-72.

Variety of Emotions Mark Departure  
Escape From Tension Seems To Be Ike's Paramount Mood

WASHINGTON (AP)—Two weeks ago President Eisenhower was visited in the White House by his old army friend, Gen. Omar N. Bradley, now a corporate executive.

"Brad," the President of the United States asked, "how do you like your job on the outside?"

The word "outside" was given a special kind of emphasis, a yearning, an envy, a vicarious relish, the way a man in jail a long time asks about the world beyond the walls.

**No Quick Decisions**  
"Mr. President," said Gen. Bradley, "it's wonderful. Oh, there are still decisions to make but I don't have to make them the day they're brought in. I can take several days or even weeks to make up my mind."

And the President said, marveling, "that must be wonderful!"  
The incident, aides and associates agree, is the best single mirror of Dwight D. Eisenhower's mood in the last days of his administration. He is about to close out a half century of public service and 20 years of awesome burden, and he can't wait. He has been counting the days.

He leaves with a variety of other emotions but the overriding one appears to be approach relief. He hangs to relax and escape tension. He longs for the luxury, denied him most of the past 20 years, of living without fear that a mistake could imperil a civilization or nation or army or single platoon of men.

**Has Pride in Record**  
He leaves with a conviction of having done his best, with pride in much of his record (fiscal policy, relative containment of the Soviets and no shooting war involving America) and a deep, abiding disappointment that in his eight years the world came no closer to real peace.

He leaves, too, with some sadness, with a feeling of inner sentimentality that he rarely shows in public.

He leaves with a private affection for the old house, to which he returned after two serious illnesses and a minor stroke, in which he and Mamie Eisenhower had the longest single stay in their 45 years of much traveled married life.

He leaves with a warm hope of privacy and a soaring expectation that he can now play golf without criticism. He leaves with two tiny ambitions, poignant in their smallness:

**Tired of Commotion**  
He would now like to be able to decide suddenly to go to a ball game without fuss, without galvanizing 50 people into action. He would like, too, to be able to wander through a super market without commotion. He is tired of commotion and curious about supermarkets.

What will he miss most? He will miss, we are told, the fringe benefits of command and the presidency. He now leaves the vast executive machinery of government.

a top personal staff of 20 and scores of subordinates. After Friday, he will have only two or three people on his staff to call on for help.

He goes from a choice of airplanes (prop, jet or helicopter), trains, naval ships and cars to his Gettysburg farm, where the Eisenhower family have one car (a 1956 Chrysler limousine), one station wagon and two jeeps.

He goes from the immense power and prestige of the White House to a farm in Pennsylvania where, despite continuing fame and fame, a man's ego will have to make its own private adjustment.

**Goodbyes to 1,000**  
Slowly, day by day, the era called the "Eisenhower years" has been ticked off in a series of farewells. He has said goodbye personally to more than 1,000 people, government executives and their families who came in to shake his hand for the last time.

He has accepted innumerable resignations and responded with expressions of gratitude, which inevitably will be framed and hung by the owners as their golden link with history.

Slowly, it ends. Wednesday was Dwight Eisenhower's last presidential press conference (his 1959). The day before was his last signing of a treaty (his 106th). The week before was his last cabinet meeting (his 227th). Ten days before that came the last of his big presidential decisions, to end diplomatic relations with Cuba.

Day by day, the physical White House has lost the personal touches of the outgoing first family and remains somewhat suspended impersonally until the new first family makes its tastes known.

**Only Clothes Remain**  
Of their personal possessions, all that remains of the Eisenhower era are their clothes. Tons of private papers and gifts and souvenirs have been moved by van to the museum and library in Abilene, Kan., or to their house at Gettysburg, the first home they ever owned.

From the presidential living quarters on the second floor of the White House, movers already have carried out their hi-fi set and electric organ, on which the first lady used to play. These were the only two large pieces of furniture that the Eisenhowers owned in the president's house. The rest belongs to the government.

## 6,000 on Hand For LBJ Fete

WASHINGTON (AP)—Vice President-elect Lyndon B. Johnson had the biggest reception of his political career Wednesday night—and he shook hands in double-time to keep up with it.

Thousands jammed the street outside and the corridors of the Statler-Hilton Hotel in a teeming crush to get to a big Texas wingding—the biggest thing so far in preinaugural partying.

## Kennedy Attends

House Speaker Sam Rayburn and the Texas State Society of Washington invited 6,000 guests at \$5 apiece to the affair.

President-elect John F. Kennedy got the party off to a good start with a 12-minute stint in the receiving line.

In the lineup were incoming Secretary of State Dean Rusk, Secretary of the Interior Stewart L. Udall and Secretary of Labor Arthur J. Goldberg, ex-President Harry Truman, his wife, Bess, and daughter, Margaret Truman Daniel.

Rusk was summarily ordered to move along by a policeman on receiving line duty who didn't recognize him. He got a shove as well, but took it all with a quiet smile.

**2½ Hours on Line**  
Johnson shook hands for almost 2½ hours, perspiring but game and smiling to the end.

The party spread over the first floor and featured 16 bars and 9 buffet tables serving Texas roast beef sandwiches.

"It's a crime," one woman said as she watched Johnson using a hand-over-hand technique to speed up the line of hand-shakers. Toward the end Johnson propelled the line forward in double time, using both hands and virtually pulling people past him. No one seemed to mind in the friendly atmosphere.

## Former Resident

## J. M. McCausland Retires Feb. 17 From School Job

James M. McCausland, formerly of this city, has announced his retirement as principal of Academy Street School, Amsterdam, effective Feb. 17.

McCausland was recently given a gift by the school P-T-A organization honoring him for 35 years of service in the Amsterdam school system.

During his 35 years in the Amsterdam School System, McCausland served as principal of Milton Avenue School, Vrooman Avenue School, Fifth Ward School, East Main Street School and for the last six years at Academy Street School.

At the last meeting of the Amsterdam Board of Education, when the resignation was accepted, members authorized a letter of commendation for McCausland in recognition of his outstanding service to the Amsterdam district.

McCausland's plans for retirement are indefinite at this time. Mrs. McCausland is the former Beatrice Saehoff, also a native of Kingston.

## Along Capitol Corridors

By ROBERT T. GRAY  
ALBANY, N. Y. (AP) — Blame Nixon.

This appears to be the emerging strategy of New York State Republican leaders who want no aura of defeat from the 1960 presidential election to hinder Gov. Rockefeller's bid for re-election.

Vice President Richard M. Nixon, the Republican candidate, lost the Empire State to Democrat John F. Kennedy by nearly 400,000 votes. In the previous presidential election the GOP won New York by 1.5 million votes.

**May Be Tough Job**

Despite the setback last November, the Republican state organization pictures itself as "a strong political force in a strong political position." But, in view of the statewide loss 2½ months ago, how can the GOP present this image convincingly to voters?

The answer devised by party strategists seems to be:

1. Divorce the state organization from Nixon's defeat by blaming Nixon for the loss of New York.

2. Emphasize the fact the state has a Republican governor, a Re-

publican-controlled legislature and two Republican U. S. Senators.

The "blame-Nixon" approach has manifested itself in various ways, although there have been no blunt statements to that effect.

Republican State Chairman L. Judson Morhouse said in a post-election statement that the vice president lost New York State because of voter reaction to issues beyond the control of the state organization.

Rockefeller said at a large gathering in Syracuse recently that Nixon was the pre-campaign favorite but his lead "melted" during the course of the campaign.

The governor, whose personable campaign techniques are among his top political assets, has questioned the type of campaign Nixon waged.

### Unusual Reversal

And Morhouse pointed out last week that Republican candidates for Congress and the Legislature ran ahead of Nixon in most counties. The chairman termed this "an unusual reversal of the normal patterns."

Against these reflections on Nixon, state leaders say the 1960 campaign was the best organized and most aggressive in the history of the party.

The state organization in this way rejects responsibility for the loss of New York State to the Democrats in presidential battling.

The emphasis over the next two years will be on Republican achievements and successes in the state, and the leaders refuse to read into the 1960 setback any unfavorable portents for the gubernatorial election next year.

"Levi's" or "jeans" first were manufactured in San Francisco in 1850.

# We are challenged as a people We are summoned as a nation

Together we face the urgent problems of worldwide unrest and precarious peace. Individually we are called to join our private efforts in public purpose during the decade of decision ahead. The guidelines are set in a timely new Report on National Goals.

**WE ARE CHALLENGED**, each of us, to make a single choice; live our freedoms or lose our liberties. We are challenged to this task by a world split in three upon a storm of continuing crisis and change. One-third is militant imperialist. One-third struggles to shed centuries of degradation. One-third stands guardedly free.

**We are challenged by the first:** Communism pursues the tyranny of man with zeal and ruthlessness, by force and guile. Powering its purpose is the mushrooming growth of Soviet and Red Chinese might. Both are hugely skilled in political subversion and propaganda. Both are dedicated to their ideology and our downfall. Both offer unrelenting and mounting competition in industry, science, commerce, education, arts, athletics, and above all in ideas.

We are challenged today by the iron discipline and dedicated zeal of militant world Communism.

**We are challenged by the second:** Millions of people are roused from ancient sleep. They waver between chaotic conflict and orderly development. Communism exploits their confusion. We seek to bring them into a world of individual freedom under law. We seek this not merely for our security. The world is grown too small for anything less than moral kinship.

**We are challenged by the third:** The problems of our free society demand exceptional attention today. Our freedoms exist in a twilight world of neither peace nor war but constant tension. Overhead hangs a nuclear question mark. Without first solving our own problems and strengthening our own freedoms we cannot meet any of our challenges. We cannot withstand tyranny, nor inspire mankind, nor gain safe disarmament. We cannot survive.

We are challenged today by the plight of impoverished millions who waver between chaos and progress.

## HOW MUST WE MEET OUR CHALLENGES?

A timely new Report titled "Goals for Americans" provides inspiration for our thoughts, our hopes, our actions. Underlying its proposals—detailed below—are these fundamentals:

**To meet our challenges** we need to prove that we deserve to survive; to realize that democracy is not a gift but a task and that our rights and responsibilities are inseparable.

**To meet our challenges** we need to strike a balance between purpose and comfort in our private lives; to pair the pursuit of happiness with the pursuit of excellence; to reject mediocrity and seek greatness in the exhilaration of meaningful achievement.

**To meet our challenges** we need continually to set ourselves new goals for new endeavors; the first being to know as individuals who we are, what we are, and where we are going; the second being a renewal of faith in the value of the individual, because ideas come only from individuals, and progress comes only from ideas.

**To meet our challenges** we need to view our public goals as our private goals. The summons of the times is a sharply personal one. It is addressed to the nation. *We are the nation.* We as individuals decide—not just our own future, but the nation's future.

We are challenged today by a world neither at peace nor at war but fraught with constant tension.

## WE ARE SUMMONED

We are summoned, each of us, by an eventful new report titled "Goals For Americans." It has been prepared by a non-partisan commission of distinguished Americans acting under Presidential directive. Both President Eisenhower and President Kennedy urge that you read it and think about it now.

The Report is a beginning, not a solution. It is constructive, yet necessarily controversial. You may agree with it. You may not. You will however recognize that there is much to be done—and much that you can do.

The report is available in either hard cover, paperback or digest form. Get a copy today. Read and consider it carefully. Discuss it. Circulate it. Within it you will find a summons to personal and national greatness based on these central themes:

**We are summoned to build a nation and a world in which all are free to fulfill their destiny. That is our central goal. To gain it, the Report sets these major objectives:**

### At home we must—

1. Improve education so that every child is educated to his full capacity.
2. Reduce the last barriers to full respect for every individual—especially that of race.
3. Reduce unemployment and achieve an economic growth rate that will assure the U.S. the maximum competitive strength.
4. Enlarge our knowledge through pursuit of the arts and sciences.
5. Bring high quality medical care within every American's reach.
6. Strengthen the workings of the democratic process at every level.

### Abroad we must—

1. Thwart communist aggression and subversion throughout the world. Extend the opportunities for free choice and self-determination to all mankind.
2. Seek safeguarded arms stabilization immediately, complete disarmament ultimately.
3. Confine outbreaks of violence anywhere in the world.
4. Strengthen the United Nations through increased support.

### And to extend freedom throughout the world community we must—

1. Demonstrate to the uncommitted nations that they can best attain their own goals by free world methods.
2. Increase free world trade.
3. Join our allies in increased total aid to the less developed peoples.
4. Above all, strengthen our own sense of dedication to democracy's traditions and ideals.

## HOW TO MAKE OUR NATIONAL GOALS YOUR PERSONAL GOALS

- Work to give everyone an equal chance—regardless of race, color or creed.
- Give time and your best thought to improving schools in your community. Give education your fullest financial support.
- Use part of your time to solve some of our problems. Welcome civic responsibility. Seek local and public office. Form a boys' club to combat delinquency. Pursue adult education. Serve a tour of duty with government. Stay informed. Stay alert.
- Hold yourself and others to the highest standards of honesty and excellence.
- Consider your country's needs as well as your own when deciding on a course of action—your choice of a career, your children's choice, your business decisions, family habits, your vote. Your actions affect everything from local government to foreign policy.
- Live your freedom. Believe and act upon the dignity, worth and power of the individual.

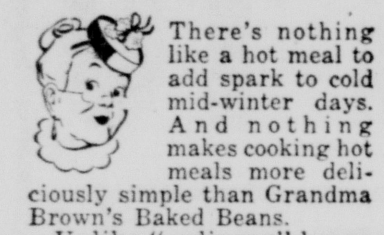

**SECURITY** — Flying fox, a member of the bat family, is all wrapped up in himself at the zoo in Cheshington, England. He likes nothing better than resting upside-down.

**Falconer Woman Killed**

WARREN, Pa. (AP) — Mrs. Fern McKee, 60, of Falconer, N. Y., was killed Wednesday when struck by an automobile that veered toward her car, disabled by a flat tire on a highway north of here.

Mrs. McKee, her daughter, Mrs. Robert Mickel of Jamestown, N. Y., and two of Mrs. McKee's children were on their way home from a visit to Kane, Pa.

**MID-WINTER MEALS**  
with Grandma Brown's  
**BAKED BEANS**

There's nothing like a hot meal to add spark to cold mid-winter days. And nothing makes cooking hot meals more deliciously simple than Grandma Brown's Baked Beans.

Unlike "ordinary" beans that are merely boiled and flooded with tomato sauce, these home-style beans are soaked, boiled, simmered and baked slowly.

Now you can take over. Flavor with brown sugar, molasses, bacon, or salt pork. Or try your hand at one of the tempting main courses listed below—hot, energy-packed dishes to draw praises from your busy family.

**BEANZA PIE**

Ingredients: 1 (1 lb. 6 oz.) can Grandma Brown's Home Baked Beans; 3 hamburger rolls; 1/2 cup tomato paste; 1/2 cup water; 6 slices Mozzarella or American cheese; 2 teaspoons crushed oregano; 3 tablespoons grated Parmesan cheese; 3 tablespoons salad oil.

Split rolls, spread each half with a heaping tablespoon of Grandma Brown's Beans. Top with a slice of cheese and cover with tomato paste which has been mixed with 1/2 cup water. Sprinkle oregano, Parmesan cheese and salad oil evenly over the top of each pie.

Place under broiler 4 inches from source of heat or in preheated 400° F. oven until cheese is melted and beans are hot. Serves 6.

Note: A pizza prepared mix can be used instead of tomato paste.

**OPEN SANDWICH**

Toast bread. Place a heaping tablespoonful of Grandma Brown's Baked Beans over the toast, and then place grated or sliced American cheese and bacon slices over the beans. Top with half slices of lemon and broil slowly until bacon is crisp and cheese melted. Garnish with pickle and serve at once.

**BAKED SPARERIBS & BEANS**

Ingredients: 2 (1 lb.) cans Grandma Brown's Home Baked Beans; 2 lbs. spareribs cut in 2-inch pieces; 1 tablespoon grated onion; salt and pepper; 2 tablespoons chili sauce; 1/2 teaspoon dry mustard.

Season with salt and pepper and place spareribs in baking pan. Bake in 350° F. oven for 30 to 40 minutes. Remove from oven, drain excess fat.

Combine Grandma Brown's Beans, chili sauce, grated onion and dry mustard. Layer beans and spareribs in baking dish. Return to oven for 20 to 30 minutes or until beans are hot and bubbly. Serves 4-5.

**Grandma BROWN'S Home Baked BEANS**

**Farmers Promised Pricing Formula Review on Milk**

ALBANY, N.Y. (AP) — Gov. Rockefeller assured New York farmers Wednesday night he would push with vigor a review of the milk-pricing formula in the New York-New Jersey milkshed.

He told the 129th annual meeting of the State Agricultural Society that he was organizing a committee of experts to conduct the review.

The Republican governor had suggested in his legislative message Jan. 4 that a revision in the fluid-milk price formula was in order.

Farmers and dairy organizations long have contended that the federal formula was antiquated and that it helped depress prices they receive.

A dairy farmer, who addressed the meeting earlier, advised fellow farmers: It's automation or extinction.

Jesse R. Stalker of Selkirk, Albany County, said he, his wife and four children "mortgaged our future" to build a 112-cow, fully-automated barn.

He said he took the step after changing his mind about selling the farm. Discouraged several years ago, he said he placed a for-sale advertisement, but "after looking over the replies ... I decided if it's this good for them, it's too good to sell."

Now, Stalker said, "we think we're on top."

With labor-saving devices, "we don't handle a pound of milk or grain."

**McKneally Named To Counsel Post For World's Fair**

ALBANY, N.Y. (AP) — Martin R. McKneally, former national commander of the American Legion and a Republican campaign speaker, was appointed today as counsel to the State Commission on the World's Fair.

He will be paid \$12,500 annually. The appointment was made by Lt. Gov. Malcolm Wilson, a Republican, who is chairman of the state commission. The commission is to plan state participation in the 1964 World's Fair.

McKneally, of Newburgh, completed a 14-month term as the Legion's commander last October. He currently is chairman of the Legion's Americanism committee. He has been a member of the state and national Republican committees' speakers bureaus in all major election campaigns since 1952.

**Record-Breaking Tenure Boice Re-elected by Ulster Savings for His 22nd Term**

The Ulster County Savings Institution has re-elected Pratt Boice, Lake Katrine banker and dairyman, to his 22nd term as president of the largest of all banks in Ulster County.

Boice was re-named during the annual meeting of the banking house trustees Tuesday.

The re-election of Boice marks the longest tenure of office ever recorded by the up-town banking house in its 110 years of existence. Ulster County Savings is reported to be the 27th oldest savings bank in the nation.

**Others Re-elected**

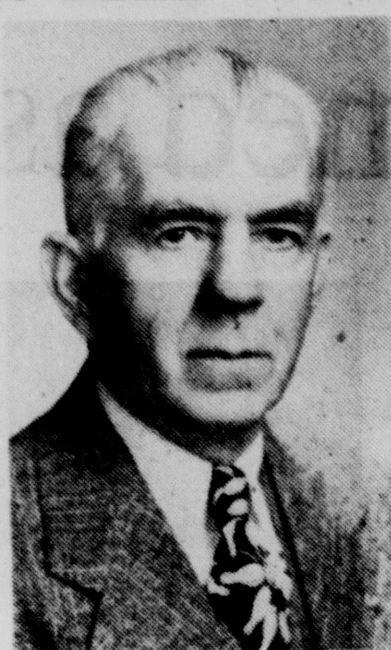

Other officers re-elected were: John H. Saxe, Arthur G. Carr and Herbert E. Thomas, vice presidents; Victor H. Roth, treasurer, his 17th term; Joseph A. Fassbender and Roberta A. Riel, assistant treasurers; George L. Berry, auditor; Irving J. Kotrady, teller; Blanche M. Burr, assistant teller and Roger H. Loughran, attorney.

Members of the board of trustees of the bank include: Chester A. Baltz Sr., Harry J. Beatty, Pratt Boice, Harold S. Brigham, Arthur G. Carr, Roscoe V. Elsworth, Roger H. Loughran, Howard C. St. John, John H. Saxe, Alfred Schmid, Herman C. Schwenk, James A. Simpson and Herbert E. Thomas.

Boice expressed reluctance at accepting re-election at this time, because, he explained, Mrs. Boice had recently said he does not spend enough time with her and the family. However, the board decided it felt the same way about his presence in office and they respectfully overruled Mrs. Boice's objection.

**Assets Top \$34 Million**

President Boice noted that when he first took office in 1940,

**PRATT BOICE**

the bank's deposits were less than \$8 million, that deposits are now nearly \$30 million, and total assets now owned by the depositors are well over \$34 million. He said that this exceptional rate of growth is shown in practically all departments of the bank, and particularly in a main function of Ulster County Savings Institution, the helping of people to own or improve their own homes, as reflected in the amount of mortgages now on file at nearly \$21 million.

Boice noted that more than 12,000 depositors now are being paid over \$1 million in interest dividends annually. He spoke of the fine harmony of organization which exists throughout the staff and all in the bank, and he asked that present achievements be considered not as a milestone, but rather as a springboard toward the continuing future growth of the bank.

**\$400,000 Theft Of Stocks Bared By Arrest of 4**

MIAMI, Fla. (AP)—A \$400,000 securities theft came to light in federal officials' disclosure that four men are in custody—at Miami and Geneva—for allegedly transporting the loot to Switzerland.

Authorities said the securities—7,000 shares of Pan-American Bank of Miami stock—were stolen last Dec. 2 from the Miami home of Anselmo L. Alliegro, Cuban Senate president of pre-Castro days.

A hearing before a U.S. commissioner was scheduled this afternoon for Alfred D. Laurence, 47, of Surfside, on a charge of transporting more than \$5,000 worth of stolen securities in foreign commerce.

U.S. District Attorney E. Coleman Madsen said extradition proceedings will be started for the return from Geneva of three men arrested there at his request on the same charges.

The trio held in Switzerland was identified as Henry Bertrand Lietman of Hempstead Farms, Spring Valley, N.Y., and Herman William Brann and Alfred Schiff of New York and Miami.

**High IQ Pupil Held for \$100,000 Fire at Church**

RENSSELAER, N.Y. (AP) — A 14-year-old boy, whose IQ school officials rate as higher than that of most high-school seniors, set a \$100,000 church fire and then turned in the alarm, police said today.

The fire Wednesday night wrecked the Episcopal Church of the Epiphany, an 85-year-old edifice at Third and Catherine Streets. The Rev. Harold W. King, rector, estimated the damage.

Police said the boy admitted breaking into the building and igniting some rubbish in a corner at the rear of the church.

Within minutes, flames burst through the frame building "like an explosion," a witness said.

Police said the boy gave no motive.

The boy told a photographer at the scene that he had turned in the alarm, police said. The photographer called this to a policeman's attention.

The youth was seen at several other fires here recently, police said.

While police described the boy as quiet and well-mannered, they said he told them he lives at the home of his parents only "on and off." While away, he stays at the home of a woman, police said. They did not identify the woman.

His parents have 11 other children, police said.

They said his eighth-grade teachers reported he was highly intelligent.

A fire a block from the church Jan. 1 killed a doctor, his wife and their daughter. However, police said they doubted the boy had had anything to do with it.

The boy, whose name was not revealed because of his age, was being held in Children's Court at Troy.

**Fireman Is Cited For 1959 Rescue In Niagara River**

PITTSBURGH (AP)—A fireman who rescued a woman being swept toward the brink of Niagara Falls has been cited for heroism and awarded \$500.

Edward C. Oswald, 54, deputy fire chief in Niagara Falls, was presented a bronze medal and the money Wednesday by the Carnegie Hero Fund Commission.

The commission said Oswald dived into the Niagara River, swam 60 feet toward Mrs. Myrae Ann Kratts, 29, fought off her struggles and towed her to safety.

Because of the swift current, Oswald had to tow Mrs. Kratts about 270 feet before they were out of danger, the commission said.

The rescue occurred Sept. 4, 1959.

## Details of Mrs. Kennedy's Inaugural Gown Revealed; Floor Length Sleeveless Sheath

By JEAN SPRAIN WILSON  
NEW YORK (AP)—Mrs. John F. Kennedy's gown for Friday night's Inaugural Ball is in sharp contrast to the usually fussy, full-skirted gowns worn by first ladies at inauguration balls.

It is a floor-length sheath with a simple, sleeveless and extremely blousy top.

The dress — which eventually may wind up among the memorabilia at the Smithsonian Institution in Washington — was made public today by the president-elect's press secretary, Pierre Salinger.

The very slim skirt is made of white silk peau d'ange (a sheer silk) veiled with white chiffon. The collarless, sleeveless bodice, richly embroidered in silk and brilliant, is fitted, but it is covered by a transparent, very full overblouse that puffs out like a cloud at the hipbone.

While traveling to and from the three (or four) locations of official inauguration celebrations in the capital Friday night, Mrs. Kennedy will button a floor-length cape around her gown. It is made of the same white silk peau d'ange and is completely veiled in silk triple chiffon.

The cape arches from shoulder to hem with soft waves to the back. It is fastened by twin embroidered buttons under a ring collar.

The new first lady, highly regarded for her understated high-fashion sense, is expected to wear 20-button white glove kid gloves with her ensemble and carry a matching white tailored clutch purse. Peeking from the hemline of her stride-limiting slim skirt will be white silk opera pumps, medium high.

The designer, Ethel Frankau, of Bergdorf Goodman's, left for Europe without waiting to see Mrs. Kennedy wear her creation at the ball.

## Sons of Norway Lodge Meets Here; Announces Programs

Hudson Valley Lodge 432, Sons of Norway, held an open meeting on Saturday, Jan. 14, at the Elks Hall, this city.

President Olav Sande conducted a short business meeting with reports of 1960 activities and plans for 1961 which include an annual smorgasbord dinner-dance to be held in May.

Installed as officers of the Lodge were Olav Sande, president; Richard Anderson, vice president; Margaret Anderson, secretary; Ann Olsen, assistant secretary; Vivian Risdal, treasurer; Regina Anderson, financial secretary; Josephine Sande, social director; and Friede Anderson, assistant social director.

Among the guests attending were Third District Vice President Nathan Levine and Mrs. Levine, Arbeideren Lodge; Mr. and Mrs. Alfred Larsen, Faerder Lodge; and Mr. and Mrs. S. S. Andersen, Faerder Lodge. Mrs. Andersen, third district secretary, was the installing officer.

The next regular meeting of the Lodge will be held on February 11. Membership is open to all Norwegians by birth or marriage. Those interested in joining may contact any officer of the Lodge for detailed information.

### Aging Stroller

MIAMI, Fla. (AP)—His 90th birthday was like almost every other day for Sam Elman. As is his practice six days a week, he took two roundtrip strolls from his home on Key Biscayne near here down the beach to a light-house 2.35 miles away.

MRS. WALTER G. SCHAEFER SR.  
(Photo Workshop)

## Eckert - Schaefer Wedding Is Announced; Couple Plan to Make Kingston Residence

Miss Dorothy May Eckert, daughter of Fred E. Eckert of Port Ewen and the late Mrs. Eckert, wed Walter Germain Schaefer Sr., of Stone Ridge, son of the late Mr. and Mrs. John M. Schaefer.

The wedding took place on Saturday, Jan. 14 at 11 a. m. in the Old Dutch Church, this city, with the Rev. John L. Nicolai of the Methodist Church of Esopus officiating. Gilbert Cicio was the organist and Alan Vogt sang "Because," "I Love Thee," and "The Lord's Prayer." It was a double ring ceremony.

The bride was given in marriage by her brother, Clarence Eckert. She wore a gown of white tulle with a fitted bodice, long tapered sleeves and a scooped neckline edged with a lace motif. The full skirt terminated in a chapel length circular train. A crown of cut crystals secured the French illusion veil. The bride carried a cascade of white orchids and stephanotis.

Mrs. Richard Heroy of New Paltz, the bride's cousin, was the matron of honor. She wore a gown of romance blue fashioned with a fitted bodice of satin and a waltz length skirt of sheer organza over matching tulle. She also wore a crown of sequins and seed pearls with a circular tulle veil. Mrs. Heroy carried a crescent shaped bouquet of cymbidium orchids.

A bridesmaid, Mildred B. Newkirk of Saugerties, wore a coral gown styled identically to that worn by the honor attendant. She carried cymbidium orchids in a crescent shaped bouquet. The flower girl, Gayle Remus, the bridegroom's granddaughter, wore a gown of romance blue styled similarly to that worn by the attendants. She carried a small bouquet of pink carnations centered with cymbidiums.

The church was decorated with gladioli, snapdragons and pompons for the occasion. The family pews were marked with white satin ribbon.

Walter G. Schaefer Jr., son of the bridegroom, served as best man. Ushers were John Schaefer of High Falls, the bridegroom's brother, and Milton C. Eckert of Port Ewen, the bride's brother.

Joseph Landi, the bride's nephew, served as ringbearer.

More than 60 guests were received at a reception given in Bethany Hall, Old Dutch Church, after which the couple left for Williamsburg, Va. The bride wore a three piece blue knit suit with matching accessories and a white orchid.

Mrs. Schaefer was graduated from Kingston High School and is employed by IBM. Her husband, who attended schools in New York City and Cottekill, is employed by Electrol Inc.

Mr. and Mrs. Schaefer Sr. will be at home at 110 St. James Street, this city.

## Home Extension Service News

**Bloomington Unit**

The Bloomington Unit will meet Tuesday, 10 a. m. at the Bloomington fire hall. The first lesson in making decorative pillows will be given by leader, Mrs. Frances McKeown. All members and friends interested in the trip to Florida in March are urged to be present at 1 p. m. for important information.

## Sisterhood Ball On February 18

Mrs. Herbert Kletske, president of Sisterhood of Temple Emanuel, announces that on February 18 the Sisterhood will sponsor its annual mid-winter dance formerly known as The Rose Ball. The title has been changed to "Let's Dance." Plans are being completed by the committee, Mrs. Herman Svirsky, chairman, Mrs. Milton Dubin, Mrs. Sam Levine and Mrs. Sidney Pauker, for a delightful evening with a few novelties and surprises.

Music will be provided by Johnny Michaels and his orchestra.

### WEDDING PLANS

**Question:** When a couple decide on a definite wedding date, is it proper for the bride's parents to invite the bridegroom's parents to their house to discuss the wedding plans with them?

**Answer:** The bride's parents tell the groom's parents how many guests they may ask to the ceremony and the reception and invite this number of persons from a list supplied by the latter. The bride's parents are, however, solely responsible for every detail of the wedding and reception. They pay all the expenses and need not discuss their plans with the groom's family who are their honored guests.

### Exchanging Christmas Cards In Perpetuity

**Question:** Is it necessary to send Christmas cards to everyone who sends us cards? We receive a great many cards each year and quite a few of these are from people who are mere acquaintances and whom we seldom see. I would like very much to cut down on our Christmas card list next year but my husband thinks that we must return card for card. I can't see this at all, but I don't think I will be able to convince him unless you say so.

**Answer:** It is not necessary to return card for card. If it were, it would be even impossible ever to stop exchanging Christmas cards with people one never sees anymore and with whom one has lost all interests in common.

### Invitations to the Wedding Attendants

**Question:** Isn't it proper to send the wedding attendants invitations to the wedding, especially when they are married? My husband was an usher recently and I was told I was expected at the wedding and would of course receive no formal invitation like the rest of the guests.

**Answer:** Invitations are usually sent to the wedding attendants because it is supposed that they are interested in seeing them and when they are married to assure the husband, or the wife, that he, or she, is expected.

The Emily Post Institute is sorry it cannot answer personal mail.

### Temple Emanuel

Services will be held at Temple Emanuel Friday 7:45 p. m. Rabbi Herbert I. Bloom Ph.D. will preach on the subject Jewishness and Judaism. Music will be under the direction of Cantor Julian Lohr.

Religious school will be held Sunday 9:30 a. m.

Hebrew classes will be held as usual Monday, Wednesday and Thursday, following regular school.

Sunday 7:30 p. m. NFTY meeting at temple.  
Tuesday, Jan. 24, the adult study group will meet at the home of Rabbi and Mrs. Bloom, 192 Clinton Avenue, at 8 p. m.

## Republican Women Will Install Officers Tonight; Mrs. Raymond LeFever Re-Elected

Installation of officers will take place at the annual meeting of Ulster County Women's Republican Club tonight at 8 in the Governor Clinton Hotel. Re-elected to head the organization is Mrs. Raymond LeFever.

Serving also will be Mrs. Walter Caunitz, first vice president; Mrs. John Schomer, second vice president; Miss Marianne Davis, third vice president and publicity chairman; Mrs. William Krum, fourth vice president; Mrs. Frank Campochiaro, secretary; Mrs. Fred Staudt, treasurer; and Miss Alice Scarfield, corresponding secretary.

Guest speaker of the occasion will be Miss Wilma C. Sivertsen, personnel manager for Pan-

American World Airways Inc., and noted Republican leader. Also attending will be John B. Sterley, city chairman, and Bernhardt S. Kramer, who was recently appointed district representative for Congressman J. Ernest Wharton.

### Something Fishy

RICHMOND, Va. (AP)—Yes, there was something fishy about the balloting in Henrico County. When the heavy vote in the presidential election caused the regular ballot boxes to be filled to overflowing County Purchasing Agent A. E. Berlington bought 20 fishing tackle boxes to take the overflow.

MRS. ELSIE INGRAM

### Choir Director Is Appointed to Post Bloomington Church

Mrs. Elsie Ingram has been appointed choir director of the Bloomingdale Dutch Reformed Church, Bloomington. This is a separate position from that of church organist and is a newly created office on the church staff.

Mrs. Ingram's most recent activity has been directing the Kerk Workshop's program Christmas, Carols and Customs in December. She has also served for many years as daily vacation Bible school teacher.

Active in community affairs, Mrs. Ingram is serving her second term as president of the Rosendale Library Association and is a leader in the Bloomingdale Unit of the Home Extension Service.

### Hubby, Wife Trade Jobs, Learn Neither Had Snap

In Bromsgrove, England, Mary and Walter Ward, parents of four young children, found it difficult to live on Walter's tractor driver's pay.

Mary could earn considerably more teaching school—but who would run the house and look after the children? Walter said he would and so the couple swapped jobs.

Mary now earns the living and Walter keeps house. Both seem satisfied with the new arrangement, Walter says he doesn't mind admitting that his wife can earn more than he can. And Mary says without shame that Walter, a former army mess sergeant, is a better cook than she is.

Since the children of the pair also seem happy with the arrangement and don't mind hav-

ing a papa for a mama and a mama for a papa the setup may go on indefinitely.

But even if it doesn't the Wards are having a chance to learn things most husbands and wives never quite fully understand.

The Wards have accidentally hit upon the only way a husband and wife can really gain an understanding of the other's responsibilities—and that is by trading jobs.

So even if they should decide to swap back to the more conventional arrangement of husband as breadwinner and wife as homemaker they will have learned a valuable lesson—that neither one of them has a snap. That is something many married couples never learn.

### Prospective Bride Of Robert Hanson

BEVERLY ANN MOOERS  
(Johnstone photo)

Mr. and Mrs. Robert Mooers of 12 Peach Lane, Saugerties, have announced the engagement of their daughter, Beverly Ann, to Robert Hanson, son of Mr. and Mrs. Erling Hanson of Saxton.

Miss Mooers was graduated from Saugerties High School with the class of 1958 and is now employed as a secretary by the Beneficial Finance Company in Saugerties. Her fiancé, an alumnus of Saugerties High School, class of 1956, was also graduated from Rider College in Trenton, N. J.

A spring wedding is planned.

### Trial of Youth Resumed Today At Poughkeepsie

Trial of a Red Hook youth on charges involving the alleged theft of a station wagon and tools belonging to a Town of Red Hook man, resumed today before Dutchess County Judge John R. Schwartz at Poughkeepsie.

James Robert Fallon, 23, previously pleaded innocent to an indictment which charged him with grand larceny, unlawful use of a motor vehicle and petty larceny.

Max Launhardt, of Norton Road, Red Hook owner of the station wagon and tools, was the first prosecution witness yesterday. He testified to ownership of the car and tools.

### Engaged to Wed Former Kingston Man; February Wedding

JEAN K. EMRICH  
(Fedor photo)

Mr. and Mrs. Emerson W. Emrich of Norwalk, Conn., have announced the engagement of their daughter, Jean, to Peter Erle Battelle of New York City and formerly of Kingston.

Miss Emrich is a graduate of Middlebury College, Middlebury, Vt. She is now teaching elementary school in Acton, Mass. Her fiancé, an alumnus of Blair Academy, is a graduate of Middlebury College and is now a second lieutenant in the U. S. Army stationed at Aberdeen Proving Ground, Md.

A February wedding is planned.

## Choral Arts Society of Boston University Will Give Concert at Clinton Methodist Here

Alfred C. Lannom will conduct the Choral Arts Society of Boston University in a concert at Clinton Avenue Methodist Church on the evening of Janu-

ALFRED C. LANNOM

ary 27 at 8 p. m. The program is sponsored by the chancel choir of the church.

Mr. Lannom, chairman of Applied Music and Performance at Boston University's School of Fine and Applied Arts, is recognized as one of America's most able conductors. His sincere and inspired approach to music

evokes warm responsiveness from all devoted musicians. He is respected by musicians throughout the United States for his conducting, his demonstrations and his speaking.

In addition to his academic duties, Mr. Lannom also conducts the Lexington Choral Society of Lexington, Mass., which gives major choral-orchestral concerts twice each year. Prior to his coming to New England, he served as supervising conductor for the 15 adult choruses of the city of Los Angeles. In this capacity he was many times conductor of musical programs for national broadcasts.

The program to be presented in Kingston will include a major work, sacred and secular selections, the motet, the madrigal, folk songs, and cantatas. Most offerings will be sung a cappella. The public is cordially invited to attend the concert. There will be no charge but an offering will be accepted.

### Young Eye Is Discerning

DES MOINES, Iowa (AP) — A five-year-old Des Moines girl commented the other night at the normal dinner hour at her home: "If it weren't for the fireplace and the martinis and the cigarettes and the books, we'd eat a lot sponer around here."

Heat cooked carrots with butter and a little mint jelly; serve with lamb.

### WILTWYCK CELEBRATE CENTENARY

Wiltwyck Hose Company No. 1 held its 100th anniversary banquet Wednesday night at Hoppey's Restaurant, Wall Street. The volunteer fire company, organized in the fall of 1860, is one of the oldest firefighting units in the city. Principals at the dinner were (l-r) seated, Orville Kimbark, foreman; James Locke, presi-

dent; John Nelson, first assistant foreman; standing, Arthur Gumaer, second assistant foreman; Rodney DuBois, secretary; Emil Taiclet, vice president, and Lucullus Dunne, treasurer. Dunne has served the company as an officer for 52 years and has been a member for 53 years. (Freeman photo).

## Inaugural Briefs

WASHINGTON (AP) — Vice President Richard M. Nixon and his wife, Pat, will take off for a West Indies vacation Friday shortly after Lyndon B. Johnson is sworn in as vice president.

Nixon is reported planning to return to law practice in California but he may delay a decision as to which law firm he will join until his return from two or three weeks rest in the Bahamas. The Nixons plan to keep their two daughters in school here until June.

Forecast of snow for tonight brought predictions by inaugural officials that the parade Friday will not be disrupted by weather. And district officials prepared 200 snow plows and 150 dump trucks for action just in case. An extra 200 pieces of snow removal equipment were brought in from nearby Ft. Belvoir, Va.

Inaugural housing officials reported they have found sleeping space for everybody who asked so

far. However, they added that unexpected visitors now may be referred to motels 40 miles away or rooms in private Washington homes. All Washington hotels are full.

The district's 120,000 school children will have the day off to watch the inaugural. They will be given a booklet to take with them explaining what it's all about. The nine-page booklet has biographies of the incoming president, vice president and cabinet members along with their duties and other information about the U.S. government.

Eight years ago, Jacqueline Bouvier held a camera as she stood on the curb across the street from the White House awaiting the start of the parade after the inauguration of President Eisenhower. She was the inquiring camera girl for the Washington Times-Herald. Friday, as the new First Lady, she will occupy the reviewing stand chair used in 1953 by Mrs. Eisenhower.

## Inaugural Calender In Brief

WASHINGTON (AP)—Here is a rundown on some of the major inaugural activities:

**TODAY**  
3 p.m. — Governors' reception, Sheraton-Park Hotel.  
8:15 p.m. — Inaugural concert, Constitution Hall.  
8:45 p.m. — Democratic gala, featuring Hollywood and New York stars, National Guard Armory. (nontelevised).

**FRIDAY**  
11:30 a.m. — President-elect and Mrs. Kennedy arrive at White House to ride down Pennsylvania Ave. to the Capitol with President and Mrs. Eisenhower (televised by NBC, CBS and ABC networks).  
Noon — Official inaugural ceremony, the Capitol (televised by NBC, CBS and ABC).  
12:30 p.m. — President Kennedy

attends invitation luncheon at the Capitol (televised by NBC, CBS and ABC).

1:30 p.m. — Start of inaugural parade down Pennsylvania Avenue to the White House (televised by NBC, CBS and ABC).

9 p.m. — Inaugural Ball, to be held simultaneously at four hotels and the National Guard Armory (televised by CBS, 10:30 p.m. and 11:15 p.m., and NBC, 11:15 p.m.).

## E-J Fund Will Acquire Stock Of Glen Alden

NEW YORK (AP) — Endicott-Johnson Corp. and Glen Alden Corp. said today arrangements have been made to enable the shoe firm's pension fund to acquire all Endicott-Johnson common stock held by Glen Alden through the Albert A. List Foundation, Inc.

The transaction was announced in a statement issued by Frank A. Johnson, president of the shoe firm, and Albert A. List, president of Glen Alden, a widely diversified industrial firm.

Glen Alden's holdings involved about 20,000 shares acquired from Endicott-Johnson stockholders under a tender offer made by Glen Alden to accept all stock offered at \$30.50 a share net. This offer expired last Friday.

The List Foundation holdings came to 60,000 shares, which were acquired by it in December through an exchange of stock with the J. M. Kaplan Fund Inc. The exchange involved 140,000 shares of Glen Alden in return for 60,000 shares of E-J.

The acquisition cost to the E-J pension fund for shares in today's agreement will be \$31.50 a share, which will be based on per share cost and expenses to Glen Alden of the stock it acquired.

The cost is exactly the same as E-J's closing price on the New York Stock Exchange Wednesday. It was unchanged Wednesday. The stock sold for \$27.50 just before Glen Alden's offer was made public over the New Year's weekend, and subsequently rose as high as \$38.30 before subsiding.

The statement said the Glen Alden and List Foundation stock was offered to the E-J pension fund—but to no other group—last Friday.

As part of the arrangement, the Endicott-Johnson pension trust agreement is to be amended so that directors of the corporation may direct trustees of the fund to acquire the stock.

**Postmaster in Hospital**  
Postmaster Oscar V. Newkirk is a patient at the Ulster County Tuberculosis Hospital where he is being treated for a respiratory condition. During the time he is on leave of absence Assistant Postmaster Robert E. Meeker will carry on the duties at the Kingston post office.

## Security to Be Rigid for JFK's Inaugural Rite

WASHINGTON (AP) — Security precautions as rigid as any ever imposed in this security-conscious capital will be directed at thwarting any potential assassin in Friday's inaugural crowds.

About one million persons are expected. The total security force will top 5,000.

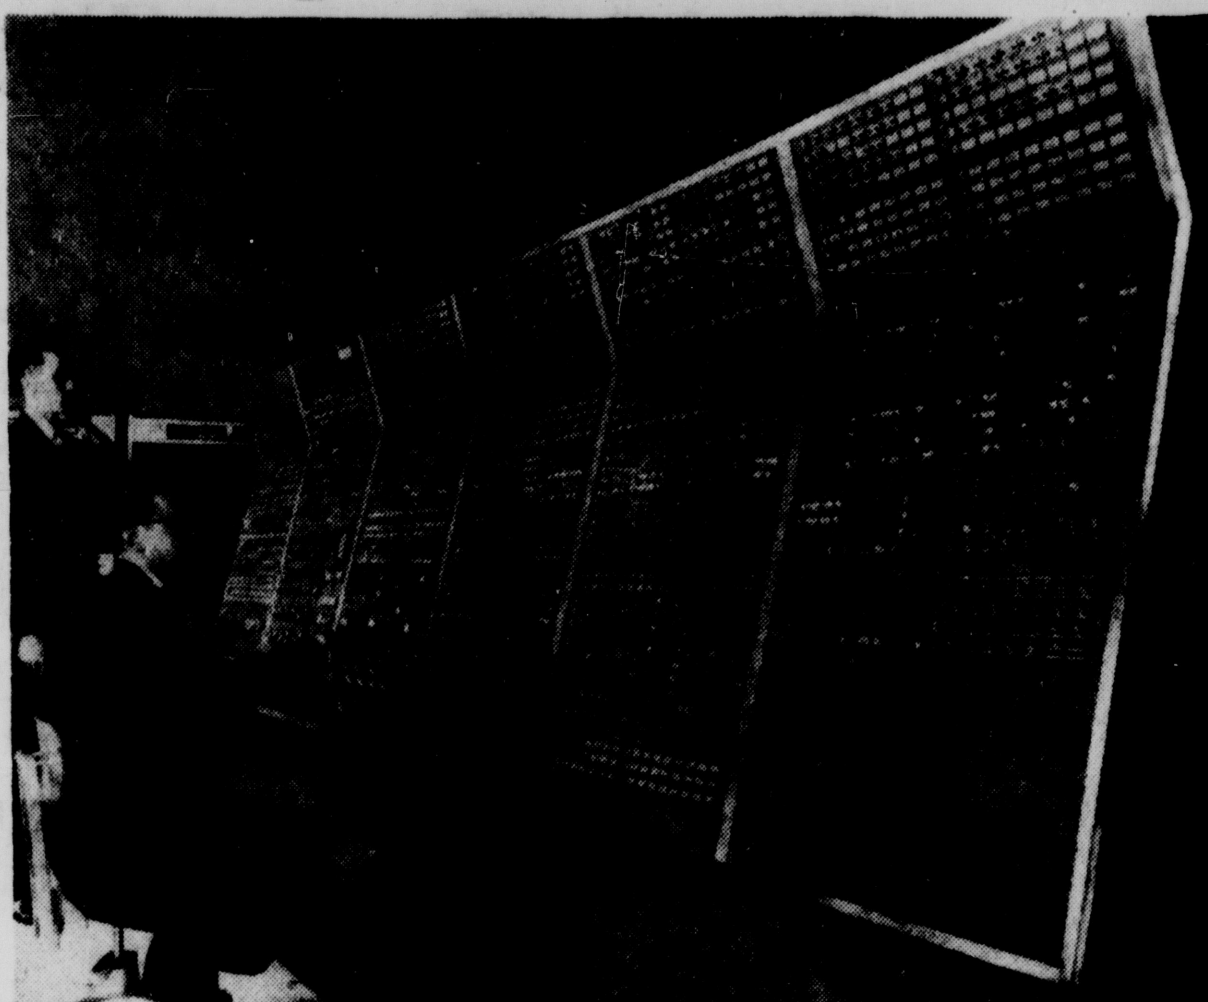

Secret Service agents will stand on every rooftop, peer down every manhole, and scan every human cluster along the inaugural route between the Capitol and the White House.

Other agents will be hidden beneath the special platforms on which the incoming president will stand—at the capitol where John F. Kennedy will take the oath and at the White House where he will watch the inaugural parade.

Preparations for inaugural security began under Secret Service coordination soon after last November's election. While fewer than 200 Secret Service agents will be involved, they will get help from several thousand Washington police, hundreds of servicemen and a team of plainclothesmen from Washington and other cities.

The Secret Service is also counting on spectators to help protect Kennedy.

"If anyone in the crowd should make a threatening move," said Chief Inspector Michael Torina, "you can be sure someone nearby would have the courage and alertness to act."

IBM TECHNICAL PERSONNEL are shown at the operating console of the IBM SAC Control System computer at the Paramus, N. J., test facility of the International Electric Corporation, the prime contractor. The SAC Control System computer will provide the Air Force with the electronic capability to process high priority data for swift command decisions.

### Ultra High-Speed System for SAC

## Kingston IBM Delivers Strongest Computer

Installation of the first solid-state computer, designed and manufactured by IBM for the Strategic Air Command Control System (SACCS), has been completed at the Paramus, N. J., test facility of the International Electric Corporation.

This ultra high-speed, high reliability computer is the most powerful one that IBM has delivered to date. This was announced by Richard J. Whalen, general manager of the IBM Federal Systems Division Command Control Center here at the time of the computer's shipment recently to the Paramus, N. J., site test facility.

He added that it will be used to process high priority data on the SAC operation to permit rapid, accurate command decisions that will be required in case of enemy attack.

#### Important Milestone

With this shipment, engineering and production personnel of the IBM FSD Command Control Center marked another important milestone in their continuing efforts to apply the latest technologies to the country's de-

fenses. Their roles in this major contribution to the technology of solid-state command control systems was a vital factor in the production and shipment of the computer. Kingston's role as a center for the development of command control data processing systems for military and government use began in 1956 with the first Air Force SAGE (Semi-Automatic Ground Environment) computer. Experience gained by the local plant in developing the SAGE computer made possible the design of this advanced SACCS computer.

The computer is a solid-state machine, using transistors throughout. It incorporates component features and advanced data storage facilities developed and manufactured at Kingston to meet the reliability demands of a continuous flow of changing data and statistics involved in maintaining constant appraisal of SAC's striking capability.

#### Tested for Long Performance

High maintainability in this computer was achieved with logic design incorporating built-in self-checking capabilities. Every component leaving Kingston was thoroughly type-tested under a variety of conditions to

assure a long reliable performance.

As overall SAC requirements increase in the future to meet the needs arising from the complexity of advanced weapons, the computer can also expand its capabilities with the convenient addition of further core, drum and tape data storage units.

The contract to design and produce the computer for the SAC Control System was awarded to IBM in October, 1958, by the International Electric Corporation, the prime contractor for the SACCS System. IBM will continue to maintain the computer at the Paramus, N. J., site test facility of IEC.

This IBM computer will play a major role in the development of a world-wide SAC Control Systems to increase the effectiveness of the nation's deterrent force, capable of delivering a blow to the internal military and productive forces of any aggressor nation which poses a potential threat to the United States.

#### Curiosity Save \$\$

CHESHIRE, Conn. (AP) — Motorist after motorist drove over a white envelope in the middle of Main Street. Two men in one car got curious, however, and stopped to pick up the envelope. Inside was \$300. They turned it over to police. The money was returned to Donald Cozzolino, a service station operator, who had placed the envelope on the roof of his car, forgot it and drove to the bank.

## Waiting to See How He'll 'Get Things Moving'

# Kennedy Taking Over Presidency With Less Friction Than in 1952

(Editors Note: Reiman Morin, twice a Pulitzer prize winner and long observer of the political scene, has sniffed the air of the changing capital and gives his impressions in the following interpretive story.)

By REIMAN MORIN

WASHINGTON (AP) — The atmosphere in Washington today is like that breathless moment in a theater when the curtain begins to rise on a great new drama.

People do not know exactly what to expect, but they expect something, something new and very different. During his presidential campaign, John F. Kennedy promised to "get things moving." Whether the movement will be forward, sideways or a roller coaster of ups and downs, remains to be seen.

Nevertheless, a sense of excitement, of some kind of moving, already tingles in the capital. It is quite unlike the atmosphere in January, 1953, on the eve of Dwight D. Eisenhower's inauguration.

#### No Bitterness Hangover

There appears to be, for example, little or no hangover of campaign bitterness. The Republicans, noting Kennedy's razor-thin margin of victory, are chagrined but

by no means downhearted. Some of them, while taking a wait-and-see position, grudgingly concede that Kennedy seems to be off to a good start.

The "transfer of power" period seems to have gone off unusually well.

#### Not a Happy Transition

In 1952 the transition between Eisenhower and Harry S. Truman was not a happy one.

Traditionally, an incoming president enjoys a honeymoon with Congress, a period when the legislators are disposed to be as generous with him as possible. Sooner or later, of course, it ends.

Eight years ago at this time, the Washington wisecrack was, "When does the honeymoon begin?"

#### Smooth Sailing So Far

Kennedy's nominations for his Cabinet and other top offices have had smooth sailing so far.

But in 1953, one of Eisenhower's key nominations—Charles E. Wilson to be secretary of defense—was heading for a collision with the Senate Armed Forces Committee before an agreement was reached. It pivoted on the question of Wilson's stock holdings in General Motors and whether he would dispose of them.

#### Has Advantages

Kennedy has some advantages that Eisenhower did not enjoy.

He has had 14 years in Congress and an even longer acquaintance with politics as such. Eisenhower, the soldier-turned-statesman, had none.

Eisenhower had a shooting war on his hands, with Americans dying in Korea. Kennedy confronts critical situations in Cuba and Laos, but not outright war.

In 1953, Americans assumed that the U.S. was the strongest military power in the world. Four years were to elapse before the first Sputnik went into orbit. Today, that assumption is open to challenge. So Kennedy probably can demand and get far greater sacrifices from the American people than would have been possible for Eisenhower.

Eight years ago, this correspondent wrote:

"The mood on Capitol Hill was like the weather—dark, rainy and foreboding. It contrasted banefully with the sunshine and high spirits of Inauguration Day."

Today, the prevailing feeling is that bright new horizons are about to open.

#### Strike Force Dwindles

BRUSSELS (AP) — Only six per cent of Belgium's labor force was still on strike today against the government's austerity program. The eastern Liege area remained the stronghold of the month-long Socialist strike.

## U.N. Bids Congo Offer Lumumba Red Cross Help

ELISABETHVILLE, the Congo (AP) — The U.N. command today said Patrice Lumumba's transfer to a Katanga jail was an internal Congo matter, but it appealed to local authorities to place the deposed premier under Red Cross protection.

Lumumba had been reported beaten up when he was taken off a plane at Elisabethville airport.

#### Immunization Clinic

A clinic for immunizations against whooping cough, diphtheria, tetanus and smallpox will be conducted by the Ulster County Health Department at 15 Main Street, Saturday, Jan. 28 from 9 to 11 a. m. Immunizations for whooping cough, diphtheria and tetanus should be started at three months of age; and smallpox vaccination be given some time during the first year of life. These clinics serve those who are referred by their physician or those who are otherwise unable to secure these immunizations.

#### Real Gone Cat

TALOGA, Okla. (AP) — The Christian Church has booted a cat from its ranks. The stray cat was allowed to reside at the church until it became too enthusiastic and broke up a recent Sunday service by leaping onto the pulpit.

## Visitors Seeking Fourth Straight DUSO League Win

By ED PALLADINO  
Freeman Sports Staff

Middletown High's free wheeling Middies, in the midst of a hot streak which has given them three straight DUSO League victories, invade the Kate Walton Field House tomorrow night for a crucial meeting with a deflated Kingston High quintet.

The locals will be trying to rebound after their loss to Newburgh last Friday and they will have to do it against the tallest and at present, the hottest team in the conference.

After opening losses to Monticello and Newburgh, both on the road, the Middies have scored impressive victories over Liberty, Port Jervis and Poughkeepsie. They are now resting just behind Kingston and Newburgh and need a win on Friday to vault them into the pennant picture.

Dick Warner, coaching the varsity for the first time, has built a high scoring aggregation around senior Dom Roselli, the Middies' top candidate for All-DUSO honors. Little Dom stands a shade under 5-10 but he's a ball hawk and a good scorer.

#### Promising Sophomore

Most eyes will probably be on 6-3 sophomore Bill Gray, who plays the center slot. Gray is one of the most promising performers in the circuit and he has improved each time out. He tallied 20 points against Steve Albrecht of Poughkeepsie last week, a notable accomplishment.

Another 6-3 beanpole—George Horn—is also in the starting lineup. He couldn't even make the squad last season and sat the bench for the first three games this year. However, since being given a starting role, he's been a double figure scorer.

Ron Smith, the football ace, and Ron Cohen completes the lineup. Smith is fast and rebounds well. He's a junior. Cohen is a senior and stands 5-10. He and Roselli form a good backcourt combination.

Top reserves are Jim Christiano and John Rodick. They figure to see plenty of action.

#### One Regular Back

Roselli is the only returning regular from last year. Warner had several of the others on his jayvee club. The success of the Middies, who were picked as an also ran before the season started, can be traced to the same spirit which the football eleven displayed. Some of it has rubbed off.

Coach Warner feels the Poughkeepsie victory was the big boost for his club. The team's rooters had all but written off the title chances after the opening losses, but things are looking up now. However, Kingston is standing in the way and Middletown cagers have had rough times beating a John Gilligan coached club.

Kingston has won the last six meetings against the Middies, most of them by decisive scores. The locals will be shooting for a seventh straight tomorrow and in the bargain, hope to get back in a winning stride.

Team results:  
Lubetkin-Regan-Kennedy 1, Jones Dairy Two 2; Schovel Team Service 3, Donnie Van's 0; Greco Brothers 3, Wilber Fuel Oil 0; Dwyer Brothers 2, Schoenag's Hotel 1; Jones Dairy One 3, DeMico Motors 0.

ROSEMARY PILLSWORTH led the Friendship League bowlers, hitting 552 on lines of 152, 201 and 199. Charlotte Lapine posted 549, Hilda Murphy 498, Sis Balash 459, Dot Rawding 484, Cora Emerick 210-453, Christine Wilson 456, Mary Wyatt 426, Tess Moss 427, Marie Bechtold 418, Terry Beckert 200-500, Evelyn Gross 508, Elizabeth Bruck 220, Mathilda Bruck 459, Helen Bordenstein 408, Winnie Overfield 413, Jo Smith 230-528, Elsie Dykes 452, Joan Smith 485, Betty Monashefsky 445, Edith Baranovitz 432, Dot Donnaruma 477, Lillian Martin 408, Evelyn Dolson 475; team results: Alpine 0, Elstons 3; Sealtest 2, Jones Dairy 1; Chic's Rendezvous 1, Schneider's 2; Gov. Clinton Hotel 2, Jones Dairiettes 1.

DON KOEPPEN backed up a 172 opener with 206-203 for 581 in the Hi Lo league. Chuck Adler fired 203-529, Fred Zimmerman 210-510, Tom A. Haggarty Hopes To Win Seniors Golf Tournament  
BELLEAIR, Fla. (AP)—A left-hander from Detroit and a former champion from Tampa went up against big odds today in quarterfinals matches of the American Seniors Golf Tournament.

George Haggarty squeaked into the round of eight with a 1-up victory over George Hardy of Evansville, Ill., Wednesday to keep alive his hopes of becoming the first left-handed champion of the annual event.

George Edmondson, 1949 winner, also got into the quarterfinals with a 1-up decision over Malcolm Thorp of Orland, Pa. Others still in the running for top honors in the 27th annual event include M. S. Lindgrove, Morristown, N. J.; Bruce A. Coffin, Marblehead Neck, Mass.; Jack Russell, Clearwater; Richard H. Guelich Jr., Kenmore, N. Y.; Dick Owen, Dunedin; and W. E. Norvell, Signal Mountain, Tenn.

## NY-NJ Leaguers Meet at Aiello's

New York-New Jersey Basketball League teams will hold their annual dinner and business meeting Sunday at 2 p. m. at Aiello's Restaurant on the Kingston by-pass.

Fred J. Davi, owner of the Kingston franchise, will be the host.

Representatives are expected from Kingston, Newburgh, Poughkeepsie, Nyack, Spring Valley, Beacon and from New Jersey.

Annual franchise fees must be posted Sunday and by laws renewed for the 1961 season. The league has voted to play three rounds this year. Charles J. Tiano of Kingston is league president.

## Toronto Scores Three Goals to Tie N. Y. Rangers

By THE ASSOCIATED PRESS

The New York Rangers, who haven't lost in their last five games, missed another big opportunity to close in on fourth-place Detroit Wednesday night in the National Hockey League when Toronto rammed home three goals in the final period to gain a 4-4 tie with the Rangers.

Red Kelly counted two goals in the last 3½ minutes for the Maple Leafs, the tying goal coming with 25 seconds left in the game at Toronto which erupted into a free for all in the first period.

In the only other game Wednesday, the champion Montreal Canadiens defeated the Black Hawks at Chicago, 4-0, as the Canadiens' goalie Charlie Hodge got his fourth shutout of the season. It was the third straight loss for Chicago, barely holding third place over idle Detroit by two points.

Peck Scores 13  
Vince Peck led the winners with 13 points and Bruck potted 12. Al Short hit 12 and Jim Massa 10 for the Delicatessen which is now 4 and 2 in the standings. Corner Rest has a 4 and 3 record.

Playing without the services of high scoring Werner Wustrau, the Accord quintet was no match for the Maines powerhouse. Al Byrne, Ontario Central School basketball coach, poured 37 points through the hoop for the winners. Bill DuBois added to the score with 23. Bob Maines hit 21 and Don Murphy 14. Fred Wustrau meshed 18 and Charlie Kushner 16 for Accord which trailed as much as 50-24 at the half.

THE YOUNG AND THE OLD — Light, heavyweight champ Archie Moore, left, and heavyweight champion Floyd Patterson pose with the Edward J. Neil plaque awarded Patterson as fighter of the year in New York. Patterson, 26, will defend title against Ingemar Johansson in Miami March 13. Moore, 47, will defend his crown against Eric Schoepner in New York March 20. (AP Wirephoto)

## National LL Re-Elects James Carlson Prexy

National Little League has re-elected James L. Carlson president for the 1961 season. Carlson, who is employed by the New York Telephone Company, has been active in National League affairs for many years.

Other officers named at the January election meeting were: John Spada, vice president; William Whitney, secretary; and Raymond Lindhurst, treasurer.

The league is occupied with budgetary matters at the moment and will meet again on the third Sunday of each month at 2 p. m. at the VFW Home on Delaware Avenue.

## Van Brocklin Pledges No Radical Offense Changes

## Burgess, Stith, Chilton Battle For Top Honors

By THE ASSOCIATED PRESS

Only four-tenths of a point separate Frank Burgess of Gonzaga, Tom Stith of St. Bonaventure and Tom Chilton of East Tennessee State in the battle for the national scoring title among major college basketball players.

Statistics from the National Collegiate Service Bureau today show Burgess the half-season leader with a 30.67 average. Stith second with 30.64 and Chilton on their heels with 30.3.

Burgess, in 15 games through Jan. 17, scored 460 points. Stith, runnerup last year to scoring champ Oscar Robertson of Cincinnati, has hit for 429 in 14 starts. Chilton has accumulated 363 in 12 games.

Jerry Lucas of Ohio State remains the field goal percentage leader with .639 per cent to .638 for Seton Hall's Hank Gunter. Chilton moved past the Ohio State All-American and took the rebound lead with a .302 recovery percentage to .290 for Lucas. Al Butler of Niagara leads the free throw shooters with .919 percentage on 34 out of 37 attempts.

Van Brocklin, 34, is through as an active player, "with no regrets," he said. He starred for nine years with the Rams, quit, abandoned retirement plans to join Philadelphia and quit again rather than be a playing assistant coach.

Vikings' owners were aglow over the acquisition of Van Brocklin. They needed a man of national stature to lend his reputation to their inaugural year in the competitive jungle of the NFL. They also needed the savvy of a NFL vet to help them pick the 36 players from the league pool who will form the core of the Vikings' roster.

Van Brocklin, of course, is untested as a coach. Yet General Manager Bert Rose expressed confidence that he has the ability to make it.

The Vikings declined to reveal salary terms. It was assumed, however, that Van Brocklin stands to make somewhere around \$75,000 in the three years, the exact figure depending on attendance, year-to-year improvement and other factors.

Chic's Keglers Set Two Records  
Chic's Rendezvous keglers went on a strike spree last night to set a pair of team records—1034 and 2797—in the International league on alleys 19 and 20 at the Bowlerama.

All five bowlers went over the 500 mark, as the Rendezvous squad posted 946-917 and 1034. Previous record holders were not listed.

The scores:

# Tar Heals Whip N.C. State 97 to 66, Take 4th Straight

## Scholastic Sport Scene

By ED PALLADINO  
Freeman Sports Staff

### HIGH SCHOOL WRESTLING

High school wrestling is one of the fastest growing sports. In 1955 about 1,970 high schools sponsored the sport. In 1956-57 approximately 3,000 schools included it as an interscholastic or intramural sport and the total is even more today, according to a National Federation press bulletin.

This phenomenal development may be partly due to television — but the cause goes deeper. The sport is adapted to boys of all weights and sizes, is a good conditioner for all sports, is a good developer of muscles, is comparatively safe and wrestling can be sponsored without great expense. That spectator interest can be developed is proved by the fact that in a few areas wrestling outruns basketball.

Several state high school association sponsored meets are being expanded to accommodate the greater interest. In Wisconsin, four sectional meets were held several years ago. The number was doubled soon after that.

Expansions in the sport have been made in several states, including New York. In the immediate area, Kingston, Saugerties, Suffern, Beacon, Wappingers Falls, Goshen, Pine Plains are just a few of the schools which now have a regular schedule. In fact, Suffern has one of the best wrestling squads in the state. It's a fast growing sport and one that's here to stay.

### A LITTLE BIT OF THIS

Fritz Jordan, state baseball chairman, has obtained Tony Ravish, Eastern area scout for the San Francisco Giants, to conduct a baseball clinic at the New York State Public High School Athletic Association meeting in Syracuse next week. . . . The National Alliance Football Rules committee, under which most scholastic games are played, will require that dental guards be worn by the schoolboys, starting in 1962. . . . One of the top basketball games of the season will be played tomorrow at Linton High in Schenectady when the home side tangles with rugged Mont Pleasant. Linton has won 37 in a row over three seasons while Pleasant has a 9-1 mark this year, the lone loss being to Kingston. . . . More than 160 turned out for the Gridiron M club's first annual dinner held at Middletown High School's 1960 varsity squad last week. Eric Tipton, former Duke All-America football and major league outfielder with Cincinnati, was the guest speaker. Special guests were members of the 1910 team. . . . Brother Murphy of Cardinal Farley Military Academy has devised a snappy pattern for the Cadet cagers, who snap a varicolored ball around with the aplomb of pros while going through intricate pre-game patterns. Alas, they cannot do as well once the game begins.

### AND SOME OF THAT

Haverstraw and Suffern of the Rockland County League have evered grid relations with Middletown and the Middles have only six games on tap for next season. . . . Port Jervis has booked Goshen of the Orange County League for a gridiron tussle. . . . Steve Albrecht, the DUSO League's football player of the year, was awarded an honorable mention berth on the Sporting News High School All-America team. . . . Jim Sims, the Kingstonian making track headlines at Cornell, finished second in a recent race against Dartmouth and was also on the winning relay team which captured the two mile race. He will be running with the Big Red frosh at the Millrose Games on Feb. 3. . . . Unusual department — three complimentary letters from Saugerties High athletic director Bill Straub, Our Lady of Lourdes athletic director Ed Donohue and from Charles B. Neff, vice principal of Suffern High. . . . Only unbeaten clubs in Section Nine are Monroe-Woodbury with nine straight wins and Livingston Manor with seven in a row. These teams are also carrying streaks from last season with the Manor string now at 27 after that one point squeaker at Rondout Valley.

# St. Louis Trips Celtics 125-114 In 3rd Straight

BOSTON (AP) — While the coaches wrestled over a microphone, brash rookie Len Wilkens helped the feared St. Louis forecourt stun Boston's champions for the third straight time.

Egg throwing preceded a plea by Celtics Coach Red Auerbach over the public address microphone just before the half Wednesday night. Rival pilot Paul Seymour literally pulled the plug on Red.

Afterward both were sorry a few fans had spoiled the game with an occasional egg.

Auerbach was the more sorry. His NBA champs lost 125-114.

The only cheering thought Auerbach had was that Philadelphia dropped the doubleheader opener 129-118 to Syracuse even though Wilt Chamberlain tossed in 48 points. Thus the Celts maintained a three game Eastern Division lead.

Detroit whipped Cincinnati, minus Oscar Robertson, for the eighth time 144-128 in other league action.

## Ivy League Sets Novel Schedule To Start in '64

PHILADELPHIA (AP) — The Ivy League, will depart from tradition beginning in 1964 when its football schedule will be played on a home-and-home basis, with the exception of Dartmouth-Yale.

In making the announcement Wednesday, Jerry Ford, Penn athletic director and chairman of the Ivy League schedule revision committee, said the policy committee of the league has encouraged adoption of the arrangement since it was followed in other sports. The policy committee is made up of eight school presidents.

One result of the action, for example, is that Penn and archival Cornell will meet at Ithaca, N.Y., for the first time since 1893, the third week of the 1964 season and every other season thereafter. Previously Cornell always had closed out the season at Penn. Cornell requested the home and away arrangement with Penn.

## Demaret Hits Hole-in-One In Crosby's Golf Warm-up

By JACK STEVENSON  
Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP)—Bing Crosby's \$50,000 golf extravaganza opened today over three courses by this seaside Monterey Peninsula with the forecast calling for fair weather.

That promised low scores expected to beat Billy Casper's 277 of 1958, the record for a 72-hole Crosby event.

Veteran Jimmy Demaret showed Crosby how the game should be played Wednesday at Cypress Point. He toured the par 72 layout in 66 strokes including a hole-in-one on the 155-yard 7th.

Just like in the movies, Jackie Burke and Jug McSpaden were passing by and the former asked, "How are you hitting them, old man?"

Demaret replied, "Pretty good, watch this one," and hit his tee shot with a No. 5 iron into the hole.

Byron Nelson and Burke each carded four-under-par 68 at Cypress while Jim Ferree matched Demaret's 66. Bob Goalby, winner of the Los Angeles Open, wound up with a two-under-par 70 at Pebble Beach.

Crosby's format combines two tournaments in one, pro-amateur and individual pro competition. The pros are paired with amateur golfers from the fields of entertainment, sports, business and the professions.

Pros shoot for a top prize of \$5,300 plus what they win in the pro-amateur competition where the pro on the winning team collects \$3,000.

Each team will play each of the three courses — Cypress Point, Monterey Peninsula and Pebble Beach—the first three days. The leaders, 60 professionals and 40 pro-amateur teams, play their final 18 holes Sunday at Pebble Beach in the nationally televised windup.

Arnold Palmer, golfer-of-the-year for 1960, shot par 72 over Pebble Beach Wednesday while

Frank Stranahan carded a 68 in the same foursome.

Defending champion Ken Venturi has been on hand all week shooting practice rounds. Venturi won last year's event with a 286, shooting the final round in a gale.

## Inge, Patterson Ink Pen to Sign Fight Contracts

NEW YORK (AP) — Heavyweight champion Floyd Patterson and Ingemar Johansson of Sweden met today in a New York hotel to sign formal contracts for their third world title fight March 13 at Miami Beach, Fla.

Johansson won the title by knocking out Patterson in the third round June 26, 1959, in New York. Last June 20, Patterson became the first heavyweight to regain the crown by knocking out the Swede in the fifth round in New York.

# Uhl Paces DUSO Loop In Scoring

Kingston's Joe Uhl is setting a sizzling pace in the DUSO league scoring race. The senior ace has tallied 142 points in five starts for a mark of 28.4 a game. Second place Steve Schummer is 20 points behind Uhl with 122 points in five games.

The top scorers:

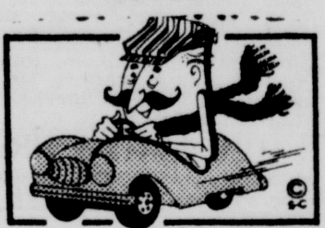

Player, team G F P T Avg.  
Uhl, Kingston . . . 52 38 142 28.4  
Schummer, Mont. . . 49 24 122 24.2  
Gordon, Pok. . . 41 26 108 20.3  
Goldberg, Lib. . . 32 41 105 17.3  
Rosh, Lib. . . 34 29 97 16.1  
Gray, Midd. . . 38 13 89 17.8  
Coleman, PJ . . . 34 16 84 16.9  
Rosh, Midd. . . 36 9 81 16.2  
Albrecht, Pok. . . 29 18 76 15.2  
Angeline, NFA . . 28 20 76 15.2

The figures for the top ten scorers take in five games, except for Joel Goldberg and Herman Rosh, who have played six circuit contests.

## Hershey Bears, Bisons Defeat AHL Opponents

By THE ASSOCIATED PRESS

Four clubs were bunched today within two points of each other as the merry scramble for second place continued in the American Hockey League.

The Hershey Bears, trailing by three goals in the early going, came back to defeat the Springfield Indians 4-3, Wednesday night and move into a tie with Cleveland for second place. Cleveland and Hershey both have 42 points.

Meanwhile, the Buffalo Bisons overcame a 2-0 deficit and defeated the Rochester Americans 5-2 to pull within a point of Cleveland. Hershey, Buffalo is next with 40 points. They were the only teams to see action Wednesday night.

## Dick Howser Has Chance to Make Athletics Post

By JOE REICHLER  
Associated Press Sports Writer

NEW YORK (AP) — Dick Howser is Kansas City property still on the Shreveport roster but his chances of making the grade with the Athletics this spring are as bright as those of any other Kansas City rookie—perhaps brighter.

Aside from his recommendations, Howser is a shortstop which is something the A's sorely lack. Both their 1960 shortstops — Ken Hamlin and Bob Johnson—were drafted by the two new American League clubs.

Les Peden, who managed Howser at Shreveport last year, thinks the 23-year-old Florida State graduate can't miss. "He's aggressive, hustles all of the time and is a holler guy," said Peden. "He has good speed, fine arm and makes the double play. I can't recommend any way to improve his hitting."

Howser joined the Shreveport club in mid-season, after hitting .349 at Sioux City, and triggered the Sports to a blazing finish that left them just half a game behind Atlanta in the battle for the Southern Association pennant.

After joining the Sports, Howser, a 5-9, 135-pounder, batted .338 in 88 games, striking out only 16 times in 331 at bats.

Another fine prospect, still on the Shreveport roster, is Dan Pfister, 24, a pitcher, who bagged 13 of 18 decisions, after his discharge from the Army late in June.

Eight of the 17 recruits are Shreveport graduates. The most interesting of these is outfielder Leo Posada, 23, a Cuban who drilled 18 home runs, drove home 122 runs to lead the league, and hit .314. Another worthy first baseman Jim McManus, who socked 32 home runs and batted .304.

NEXT: Philadelphia Phillies.

## Marlene Streit Is Favored in Doherty Tourney

FORT LAUDERDALE, Fla. (AP) — Marlene Streit went into match play in the Doherty Cup Championship today after a performance that duplicated early stages of her successful 1960 quest.

The defending champion, medalist last year, won the same distinction Wednesday with a 2-under-women's par 36-38-74 on the 6,066-yard Coral Ridge Country Club course.

The Toronto housewife was matched with Alice Dye of Indianapolis for the first match round in a field of 32 qualifiers. Mrs. Dye had an 82 in medal play.

Pairings of other top qualifiers (medal scores in parentheses): Phyllis Preuss, Pompano Beach (76) vs. Barbara Williams, Richmond, Calif. (82); Marge Burns, Greensboro, N.C. (76) vs. Connie Mallia, Sharon, Mass. (83); Ann Casey, Johnston, Mason City, Iowa (77) vs. Joan Toski, Burke, West Orange, N.J. (84); Doris Phillips, Bellevue, Ill. (77) vs. Mary McCutcheon, Jasper, Ala. (84).
